

JAP EMPEROR'S CONDITION SAID NOT DANGEROUS

EARLY MORNING BULLETIN REPORTS THE MONARCH IS SLEEPING.

WILSON IS CONCERNED

PRESIDENT CONVEYS MESSAGE OF SYMPATHY TO JAPAN.

JAPANESE ARE BUYING SHIPS

No Development in Correspondence Between Washington and Tokio. War Talk Discouraged.

London, May 22.—Several British steamships, ranging from 3,500 to 4,000 tons, have been sold to Japanese buyers in the last few days. These include the Narango, Seneca, Senale and Vada.

Tokio, May 22.—The following statement was made tonight by Count Watanabe, minister of the household, regarding the condition of Emperor Yoshihito:

"His majesty is asleep. Conditions have not changed since yesterday and are not serious. The bulletin issued by the attending physicians apprised the people of the real condition of the imperial patient."

"His majesty has been in good health since ascending to the throne, despite the report that he suffered from weakness of the lungs, and he has actively attended to affairs of state."

The emperor caught a slight cold on May 11, but it was announced it was unimportant and that his majesty would soon resume his activities."

Tonight the nation was shocked by the issue of this official bulletin from the imperial court physicians. The emperor, who has been suffering from a slight cold, developed inflammation of the lungs today. He does not consider his condition justifies anxiety but his temperature is high."

The emperor of Japan succeeded his father in July, 1912. He is in his thirty-fourth year and has three sons, the eldest of whom is Crown Prince Hirohito, just 13 years old.

The emperor has previously suffered from lung ailments. During an attack in 1906 his condition was very serious.

Wilson Deeply Concerned. Washington, May 22.—When news of the sudden illness of the emperor of Japan reached Washington today President Wilson and Secretary Bryan expressed deep concern.

Charge Bally-Blanchard of the American embassy at Tokio, was asked immediately to convey a message of sympathy to the Japanese government and President Wilson sent a personal message to the emperor.

It is regarded here as possible that the emperor's illness may have the effect of delaying negotiations in progress regarding the California alien land law.

There were no developments today in the negotiations, either at the state department or the Japanese embassy, the attitude being one of waiting for the next word from Tokio.

It was learned that up to the present stage no formal suggestion has come from Japan that the American ambassador should be recalled.

3 KILLED WHEN GUN EXPLODES

Branch Stock on Cannon at Fort Moultrie Wrecked by the Army Men.

Charleston, May 22.—Private Barker Christian and Dalton, of the coast artillery, were killed tonight and Capt. Guy B. Hanes perhaps mortally wounded, when the branch stock of a 10-inch gun blew up at Fort Moultrie, across the bay from Charleston.

When other soldiers were wounded and it is feared that some of them may die.

ILL GOTTEN FORTUNE DRIVES MAN MAD

Chicago, May 22.—Government officials today received word of the death in London of Louis A. Guerdin, who won the public eye of several large fortunes, which he squandered and which drove him mad.

Starting 27 years ago as a clerk for the Louisiana State Lottery company, Guerdin organized a rival concern which netted him \$750,000.

He was sent to a hospital for the insane after driving through New Orleans in a motorcar and attempting to make street speeches.

PRÆTORIANS TO GO EIGHT STORIES

BUILDING COMMITTEE FINALLY DECIDES ON THE STRUCTURE IN WACO.

TO CLEAN THE LOT AT ONCE

Judge T. L. McCullough Has Been Earnest Helper for Home Town in the Project.

At Dallas yesterday the building committee of the Praetorians decided to commence work on their building in Waco at once and to make it an eight-story structure.

This is the final action that fixes the extent of the investment in Waco. When the Praetorians first acquired their property at the corner of Sixth and Franklin streets, the purpose was to erect a four-story building. The officials of the order, with the members of the building committee, came to Waco to look the situation in the face. They saw the activity here in

commercial lines, were informed of the extent of the wholesale interests, the freight advantages of Waco and the impetus in general lines that has been given by the recent development here and it was decided that a four-story building would not accommodate the demands that will be made for the space.

The result of the visit was a recommendation that a higher structure be built, and this recommendation has been carried out.

Yesterday, E. W. Marshall, president of the Chamber of Commerce, received a telegram from Dallas signed by C. E. Gardner, W. A. McLaughlin, T. L. McCullough, L. N. Stanley and L. M. Dabney, composing the committee, saying:

"The building committee of the Praetorians met today and definitely decided to erect in Waco an eight-story building, including the basement. The building will be a modern, fire proof office building. Bids will be asked for immediately for the purchase and removal of the buildings on the lot at the corner of Sixth and Franklin."

This means that immediate construction is to commence and that work is to be rushed.

Judge T. L. McCullough has been one of the earnest workers on this project for Waco, and his efforts with his associates in the Praetorians has been of benefit to Waco in making the structure a larger one than it was at first intended.

Texas is Menored. St. Louis, May 22.—Henry W. Schwab of Milwaukee, was today elected president of the National Association of Retail Grocers' associations. Other officers elected were: Treasurer, Geo. W. Ruhr, New York; Secretary, John A. Green, Cleveland; trustee, W. A. Ashillea, Austin, Texas. Louisville was chosen as the next meeting place.

Militants Attack Nabobs. London, May 22.—Militant outrages, it is said, are now being committed in the residences of the aristocracy in the West End. At several of the recent social functions in the section pictures and tapestries have been cut. Housewives are alarmed and are employing detectives to protect their homes.

Auto Bandit Gets Life. Chicago, May 22.—Robert Webb, the automobile bandit, charged with the murder of Detective Peter Hart, was found guilty on his second trial today and sentenced to imprisonment for life.

Accident in Oklahoma May Result in Deaths—Engineer Buried in Debris.

Fort Smith, Ark., May 22.—A half dozen or more persons were badly injured, several fatally, it is said, when eastbound Midland Valley passenger train No. 2, en route from Tulsa Okla., to Fort Smith, was wrecked a quarter of a mile west of Bokoshe, Okla., 27 miles west of Fort Smith.

Engineer Harper, who suffered a broken leg and arm, is the most seriously injured.

Joseph Ward, local manufacturer, was severely injured.

John Knox, a Fort Smith traveling man, is also among the injured.

The engine was demolished and the engineer was buried two hours under the debris. He was badly scalded. The engine and three coaches were derailed.

The fireman escaped with not a scratch.

ADMITS HE LIED IN DYNAMITE PLOT

BREEN FURTHER DECLARES HE TOLD TRUTH ON WITNESS STAND.

DIDN'T TRY TO INVOLVE WOOD

Denies Conversations Alleged to Have Taken Place Between Him and Attorneys.

Boston, May 22.—Ernest W. Pittman supplied the dynamite that "was planted" in Lawrence during the textile strike, according to evidence introduced by the state today.

The suicide of Pittman the morning he was to have appeared as a witness before the grand jury investigating the alleged conspiracy to discredit the strikers, created a sensation at the time.

WILSON IS CRITICISED

REPUBLICAN SENATORS DISLIKE WAY PRESIDENT INVADING FIGHT IN MARYLAND.

Washington, May 22.—President Wilson was sharply criticized by Republican senators in executive session tonight for his reported interference in the senatorial fight in Maryland, where Wm. L. Marbury is a candidate to succeed Senator John Walter Smith for the long term.

Both are Democrats and the Republicans made capital of the fact that a Democratic president apparently had seen fit to get into a fight between members of his own party in a state other than his own.

The criticisms were voiced during consideration of the nomination of Sherlock Swann as postmaster at Baltimore.

Swann is a declared supporter of Marbury, but Senator Smith, in a speech, asked his colleagues to vote for his confirmation. In spite of this, the viva voce vote was so close that the vice president declared himself in doubt.

On a rising vote Swann was confirmed.

The criticisms of the president tonight were the first made of him by senators in executive session since he entered the White House.

The session lasted a half hour, many other postmasters and Edward K. Campbell, as chief justice of the court of claims, and Walter W. Warwick, as assistant controller of the currency, were confirmed.

On a rising vote Swann was confirmed.

The criticisms of the president tonight were the first made of him by senators in executive session since he entered the White House.

WILL ARGUE ON CURRENCY REFORM

SENATE AGREES TO HAVE COMMITTEE HOLD HEARINGS ON SUBJECT.

REPUBLICANS OPPOSE CHANGES

President Wilson is interested in the wish of G. O. P. Senators to be consulted.

Washington, May 22.—The senate agreed today to a resolution authorizing the banking and currency committee to hold hearings on proposed currency legislation after several Republicans had voiced active opposition to the passage at this session of any measure making sweeping changes in the nation's financial system.

Senator Gallinger expressed the hope that no illly matured and hastily constructed currency bill would be brought forward to occupy the summer months. Senator Bristow said the tariff would have all the attention of congress, and several others indicated plainly their hostilities to such legislation at this time.

Senator Townsend made the point that currency reform is being urged at this time to "divert attention from the tariff," and Senator Newlands offered a plan for reform which differs from the one proposed by the national monetary commission and those bearing the apparent stamp of prominent Democrats on the house and senate banking committees.

Owen Speaks Up. Chairman Owen of the senate committee refused to submit to a "cross examination" as to the conference he may have had with President Wilson on currency, and declined to say whether a bill might be pushed at this session. Senator Bacon reaffirmed his belief that such a measure should be passed, and was of the opinion that it might be expected to appear.

Senator Newlands advanced the idea that there should be reserve associations in every state in the Union instead of the 15 proposed in the monetary commission, or the 17 or 20 understood to be favored by Democrats on congress banking committee.

These associations, Mr. Newlands argued, should be state wide only in extent, with a banking board to provide the central control.

Senator Nelson, a member of the committee, said he was ready to go ahead with an investigation of currency subjects and with legislation.

Senator Lippitt wanted to know what the committee expected to do when it began holding hearings and pointed to the testimony taken by the monetary commission, its report and the library on finances it has collected.

Senator Owen said he expected the committee to hear expressions of opinion and to make a permanent record that would be of use to senators in framing a currency reform bill.

These associations are not intended, President Wilson heard with interest today that Republican senators were anxious to be consulted in the preliminary conferences looking toward currency reform.

He inquired if such an impression prevailed at the capitol, and was told by some of the newspaper correspondents that their semi-weekly conference that the wish had been expressed by a Republican senator.

Mr. Wilson made no comment, but it was regarded as significant that Secretary McAdoo of the treasury department has been conferring with Senators Burton of Ohio and Weeks of Massachusetts, both Republicans, on currency questions. The president himself talked currency with A. Platt Andrew, assistant secretary of the treasury under the Taft administration.

Mr. Andrew also has been in frequent conference with Senator Owen.

Money Going Some. Indiana, Pa., May 22.—Fears of an abnormal size are being produced by Rhode Island Red hens of this section. A hen belonging to M. K. Queown of White Township yesterday laid an egg which is eight and three-quarters inches in circumference at the end and six and one-half inches around the center. Mrs. Hannah Stuchue of Plumville has a hen which has been producing eggs seven and one-quarter inches one way and six inches around the center, almost daily, since March 1.

Hobson Resigns in a HUFF

Quits as President of the Southern Society of Washington—Remains a Member.

Washington, May 22.—Representative Richmond P. Hobson tonight resigned as president of the Southern Society of Washington, because of the action of members who voted down a proposal to enlarge the society's scope and help remove sectionalism.

The resignation was accepted and Claude N. Bennett, chairman of the executive committee was chosen in his place.

In his letter of resignation, Mr. Hobson said he remained a member of the society and would work to promote its interests.

Among the new members elected tonight were Senator and Mrs. Hoke Smith of Georgia; Senator James K. Vardaman of Mississippi, and Colonel and Mrs. John G. Capers of South Carolina.

Among the vice presidents of the society are Speaker Champ Clark and Senators Randall of Louisiana and Fletcher of Florida.

Local Temperatures. Daily temperatures furnished by Dr. I. Block, voluntary weather observer, for the twenty-four hours ending Thursday at 7 p. m.: Maximum 50; minimum 45. Barometer 30.61. Humidity 55. Rainfall .65.

Government Forecast. Washington, May 22.—East Texas—Generally fair Friday and Saturday. West Texas—Fair Friday and Saturday.

Dr. Block thinks the cold weather will last until Saturday afternoon or Sunday. The wind yesterday was from the north and that, with the reading of the instruments, indicates continued cooler. He is not sure the rain is over.

Many Hurt in Train Wreck

Accident in Oklahoma May Result in Deaths—Engineer Buried in Debris.

NO AMENDMENT TO INCOME TAX

SENATE FINANCE COMMITTEE AND THE DEMOCRAT CAUCUS AGREE ON POINT.

INSURANCE MEN KICK

MUTUAL COMPANIES OUT FOR PROFIT PROTESTING.

RAW IVORY CAUSES ARGUMENT

Cotton Exporters Say They Will Lose Big Business in the Tusk Line.

Washington, May 22.—No amendment to the income tax section of the Underwood tariff bill is likely to be proposed by the senate finance committee or Democratic caucus, according to leaders considering that part of the bill.

Senators Williams, Shively and Gore have the income tax in hand. Though their committee room is piled with such protests and suggestions from many sources, the measure is believed to have been well handled and the objections made to it in its original form are thought to have been sufficiently met in amendments before the bill passed the house.

Among the loudest protests coming now are those from mutual insurance companies conducted for profit, but the house amended the original bill as relating to insurance companies and insurance policies, and the senators on the finance committee believe it sound. Complaints from railroads and other holding companies that the law will tax them twice on dividends paid are reported to have been held unsound by the members of the committee.

Penrose Fails in List. Senator Penrose failed today to get up his resolution providing for publication of the list of tariff questions to manufacturers, proposed by Senator La Follette, the senate going into executive session before the tariff was reached.

Early in the day the finance committee majority framed an amendment to the resolution proposing a longer list of questions, in which some of Senator La Follette's queries were included.

The questions will relate to production of raw material and transportation costs here and abroad; proportion of tariff duties which cover production; cost differences here and abroad; and the proportion which amounts to a manufacturer's profit and other tariff problems.

Senator Simmons said there would be about twenty-five questions in all, but he will withhold the list until he is certain the Republican leaders intend to bring the matter up again.

Vice President Marshall called on the finance committee chairman today and discussed with him the tariff and its prospects in the senate. The vice president said he did not discuss rates or schedules, and Chairman Simmons said the conference was merely informal and had to do with the handling of the bill when it reached the senate floor.

De la Barra Going Away. Mexico City, May 22.—Francisco de la Barra, minister of foreign affairs, has been granted a leave of absence. He announced that he intends to go abroad. He probably will visit the United States and later proceed to Europe. It is understood the substitute secretary, Carlos Pereyra, will act as minister.

Senor de la Barra's object in leaving Mexico at the present time is to separate himself from politics, in the belief that his withdrawal from the political struggle will best serve the interests of his country.

He will arrange affairs in his department so that he can leave as soon as possible.

Loan Bill Hung Up. Mexico City, May 22.—General Mondragon, in reply to an interpolation in the chamber of deputies, refuted the charges brought by some of the members that the minister of finance had not valued himself of the best offer for the \$100,000,000 loan.

The session was adjourned today without final action on the loan bill.

Drowns From Coughing. Jacksonville, Fla., May 22.—E. O. Painter, a prominent fertilizer manufacturer and fruit grower, who is said to have been a millionaire, fell into the St. Johns river and was drowned today, when he was attacked by a violent coughing spell on a ferry boat. He is said to have carried insurance amounting to \$500,000.

Dashed to Death. Chicago, May 22.—Losing his footing while placing a stone on the eighth floor of an office building, James Hamilton, a workman, this afternoon pitched headlong over the edge and was dashed to death. The body struck the sidewalk within a few feet of passerby.

Tells How Her Boss Got Too Gay

Pittsburg, May 22.—Mrs. Arthur H. Wessels, who was Alice Lang, a stenographer in the office of Superintendent of Public Schools S. L. Heeter, today on the witness stand before the committee of citizens named to probe rumors reflecting on Heeter, told her story of the educator's alleged misconduct.

She said the superintendent had begun his attentions by patting her on the shoulder and playfully kicking her feet beneath her desk and later he had forcibly kissed her.

She said she did not resign at once because her salary was needed at home.

A week after she had been kissed, she revolted against working at night and the superintendent discharged her.

Superintendent Heeter said his conduct was above reproach, though he admitted he was subjected to cross-examination, during which she became confused as to dates.

U. S. COY ON MEXICO

REACHES NO DECISION AS TO RECOGNITION OF HUERTA GOVERNMENT.

Washington, May 22.—President Wilson made it clear today that the United States government had reached no decision as to recognizing the Huerta government in Mexico. He indicated that when recognition is extended it will be as a result of a general adjustment of conditions in Mexico.

It had been reported that with the negotiations of a loan by Mexico, prospects for recognition would be improved.

White House officials decline to say whether the rehabilitation of Mexican financial affairs would hasten recognition.

The impression gained at the White House was that the Washington government would await the outcome of the presidential elections in Mexico.

De la Barra Going Away. Mexico City, May 22.—Francisco de la Barra, minister of foreign affairs, has been granted a leave of absence. He announced that he intends to go abroad. He probably will visit the United States and later proceed to Europe. It is understood the substitute secretary, Carlos Pereyra, will act as minister.

Senor de la Barra's object in leaving Mexico at the present time is to separate himself from politics, in the belief that his withdrawal from the political struggle will best serve the interests of his country.

A week after she had been kissed, she revolted against working at night and the superintendent discharged her.

Superintendent Heeter said his conduct was above reproach, though he admitted he was subjected to cross-examination, during which she became confused as to dates.

Arabs Defeat Italian Army

Benghazi, Tripoli, May 22.—That the Italian troops under General Cadorna have suffered a reverse because known today in dispatches announcing that they were forced to retire after the battle with the Arabs on May 16, at Sidi Garba, near Derna.

The Italians advanced in three columns against the Arab position, where they met with stubborn resistance, finally being compelled to retreat to Derna. The check is ascribed by the Italian commander to the Arabs' superior numbers and to the fatigue of the Italian troops and the difficult ground.

Casualties suffered by the Arabs were said to have numbered 500. The Italians lost a large number of men and officers wounded.

Tells How Her Boss Got Too Gay

Pittsburg, May 22.—Mrs. Arthur H. Wessels, who was Alice Lang, a stenographer in the office of Superintendent of Public Schools S. L. Heeter, today on the witness stand before the committee of citizens named to probe rumors reflecting on Heeter, told her story of the educator's alleged misconduct.

She said the superintendent had begun his attentions by patting her on the shoulder and playfully kicking her feet beneath her desk and later he had forcibly kissed her.

ITCHING STOPS WHEN POSLAM IS APPLIED

Do not endure that awful itching one day longer. Immediate relief comes with the first application of Poslam, the perfect skin remedy.

Aggravated skin is soothed and comforted; restful sleep may be enjoyed. The complete eradication of the disease follows. The progress of the cure is rapid and improvement noted daily. Worst cases of eczema—that many-formed malady—acne, psoriasis, tetter, barbers' itch, scaly scalp, piles, etc., yield readily to Poslam after treatment by all other means has failed. POSLAM SOAP makes the skin velvety; beautifies complexion; purifies the scalp; brings health to hair. All druggists sell Poslam (price 50 cents), and Poslam Soap (price 25 cents). For free samples, write to the Emergency Laboratories, 32 West 25th street, New York City.

Frank Burkhalter Is Given a Watch Fob

Frank Burkhalter was presented with a watch fob with gold pendant last night by the members of the class in journalism at Baylor University.

Mr. Burkhalter is principal reporter for the Waco Semi-Weekly Tribune, and handles publicity matter for Baylor University. During the present school year at Baylor he has been delivering lectures on newspaper work to the class studying journalism, and the young fellows have become much interested in him and he in them. They have had many pleasant hours together, and he has given them some valuable suggestions. Last night he was called on to hear his praises spoken by Miss Dorothy Scarborough, who is in charge of the journalism work. She told Mr. Burkhalter how much the boys thought of him, and said they wanted him to carry with him a token of their friendship. With that she handed him the watch fob. It was engraved, "To Frank Burkhalter, from Baylor Clubs, Class of 1912."

Travels 3000 Miles To See Kinspeople

Charles J. Barnard, all the way from Vancouver, B. C., en route to his old home in England, arrived in the city yesterday, having traveled about 3,000 miles out of his way to visit his brother, James H. Barnard of the Rotan Grocery company, his sister, Mrs. Fred Holding, of 1121 South Fifth street, and his cousin, Edward C. Barnard of Cuero, who came to Waco to meet him.

Mr. Barnard is returning to England permanently. This family has been in America many years, James H. Barnard having lived in Waco for about thirty years, most of that time engaged with the Rotan Grocery company.

Arrouses the Liver and Purifies the Blood. The Old Standard general strengthening tonic, GROVES' TASTELESS CHILL TONIC, arouses the liver to action, drives malaria out of the blood and builds up the system. For adults and children. 50c.

Ice making and refrigeration simplified. See the demonstration at 703 Austin avenue.

WACO, TEXAS

PRESBYTERIANS NEAR ADJOURNING

SOUTHERN AND UNITED ASSEMBLIES HAVE ALREADY FINISHED THEIR WORK.

CHICAGO NEXT MEETING PLACE

Northern Assembly Compliments Dr. Stone — "Organic Union" Key Note of Discussion.

Atlanta, Ga., May 22.—With the closing of tonight's general session the Pan-Presbyterian Pentecost was formally closed. Owing to bad weather and the fact that many commissioners attending two of the assemblies which were adjourned tonight, had departed from the city, the attendance tonight was unusually small.

Rev. R. E. Vinson of Austin, Texas, and Rev. J. E. Shaw of Chicago, delivered addresses on education and Christian leadership and church obligations to its constituency.

Atlanta, Ga., May 22.—Prospects were regarded tonight as bright for the successful closing of the Pan-Presbyterian Pentecost tomorrow. While a mass of unfinished business appeared upon the "docket" of the Northern Assembly for disposition tomorrow, members of that body expressed the belief that there would be no attempt to prolong the sessions. Sessions of the Southern and United Assemblies were ended today, as were those of the Associated Reformed synod, which has been attending the general meetings.

Organic union of all the groups of the Presbyterian "family" was the keynote of the sessions of the Northern Assembly. Much of the afternoon session was devoted to presentation of messages of greeting from various churches, Presbyterian and other denominations. These messages unanimously expressed the hope of the ultimate union of all evangelical Christian churches.

Another matter of interest was the refusal of the assembly to amend the constitution so that women may be deacons, the overture to this effect having come from the Willamette (Oregon) Presbytery.

Before adjournment the United Assembly adopted resolutions expressive of appreciation for the manner in which the members have been entertained. Thanks were also extended to Moderator Russell for his able work as presiding officer.

NO AMENDMENT TO INCOME TAX

Continued from Page 1

Ivory, Italian cotton traders would get the business.

Amendments of the bill in regard to importation of feathers was also considered by Senator Johnson's subcommittee. Importers asked that importation of feathers of game and pest birds be allowed.

They suggested also that the prohibition be postponed until the president should proclaim that England, Germany and France likewise had forbidden importation of those feathers. Representatives of the association for the protection of birds, opposed both amendments. Edward Howe Forbush, state ornithologist of Massachusetts, declared the importation of game and pest birds would mean the letting in probably of all birds of plumage, with the exception of the humming bird.

Other bird lovers pointed to the unsuccessful attempt to eradicate pelagic sealing by international agreement, as a warning against an attempt to protect birds by international agreement.

Silk and Wool Schedules. Senator Stone's subcommittee had before it representatives of silk and woolen manufacturers, who protested against those schedules.

The subcommittee expects to finish the silk and woolen schedules next week.

The metal schedule is all ready for report to the full committee, and it is said in many of the items reductions from the Underwood rates have been made.

Senator Williams' subcommittee is still considering the anti-dumping clause, which provides for an extra duty not to exceed 15 per cent on imports sold here at less than the foreign price.

The criticism of the provision is that it omits the free list articles from this penalty duty, and the committee is inclining to the opinion that the clause should be amended to include it.

Sand-Fed Chickens Causing Great Trouble in New York

New York, May 22.—Extra guards have been posted about the West Washington market, where 30,000 live chickens, alleged to have been sand fed to make them weigh heavier, are piled foot high in their crates under a boycott of the Association of Dealers. Rumors last night of plots to poison the chickens were the cause of the exceeding care.

In Jersey City, where the arrival of trains from the south and west had brought the number of boycotted

chickens up to more than thirty carloads, or 120,000, there also were reports of poison plots. Reports that thousands of the sand fed chickens were either starving or were dying of disease yesterday resulted in investigation by the New York and New Jersey city health officials. So far they have taken no action.

There were no sales of the chickens yesterday, the wholesalers maintaining they would buy no more "weighted" fowls.

SUFFERING IN ARCTIC

GERMAN EXPEDITION ENCOUNTERS MANY HARDSHIPS IN FAR NORTH.

Doctor's Feet Frozen and Had to Be Amputated—Live on Mouldy Bread.

Berlin, May 22.—A description of the terrible suffering undergone by members of the German Arctic expedition commanded by Lieutenant Schroeder Stranz, which met disaster in Spitzbergen, is given in the diary of the Arctic, Herr Rave, one of those rescued. He telegraphed extracts to Berlin today from Advent Bay, giving details of the movement of the expedition after its members had abandoned their vessel, the Herzog Ernst, September 21, 1912.

The extracts in some places are incomplete and almost incoherent. They say:

"The proposals to abandon the ship came from Captain Ritschel at the beginning of September. The vessel then had provisions for four months besides a large supply of condensed foods and she was otherwise well equipped. The party started for Advent Bay and reached a hut on Wide Bay on October 4. Dr. Rudiger, the oceanographer, was suffering from a half frozen foot, two of his toes being in bad condition. The hut contained a month's provision.

Nothing to Drink.

"Dr. Rudiger and I were without tools, sleeping bags or tents. I melted ice and made lights and fashioned some sleeping bags from salted skins which I found in the hut. Dr. Rudiger's foot became worse and there was no more bandage material. The provisions ran out and we left the hut November 23, hoping to find a better place. We suffered severely, having nothing to drink but we finally reached a hut at Mossel Bay where we found some hard and moldy bread.

"We remained there three days during a storm and then started again for the ship, guiding ourselves by the stars. We arrived at the ship on December 1. Dr. Rudiger meanwhile had suffered greatly, two more of his toes and four fingers having been frozen, while his foot became so bad that it had to be amputated.

One and a half of the expedition returned unexpectedly to the ship December 24, reporting the loss of Eberhardt. They had no news of Dr. Detmers or Dr. Moeser, the botanist. They said Captain Ritschel had gone on alone to Advent Bay.

Steve died February 24, and the Norwegian relief expedition, commanded by Captain Starud, appeared April 21.

The expedition started last summer under the patronage of the Duke of Alenbourg with the object of finding the northeast passage.

TRAINMEN HAVE FEAST.

Convention at Prices Also Approves Financial Condition.

San Francisco, May 22.—The entire session today of the biennial convention of the Brotherhood of Railway Trainmen was devoted to the feasting of representatives and approval of the financial condition of the organization.

The report of the general secretary and treasurer, A. E. King, showed that more than \$5,000,000 had been expended by the brotherhood in the last two years. In death and disability claims alone during the years 1911-12, nearly \$5,000,000 was expended. According to the officials of the organization, it costs \$200,000 every time a convention is held.

Letters were ordered sent today to Governor Major of Missouri and Governor Cox of Ohio, conveying thanks of the brotherhood for their approval of bills of benefit to trainmen in those states.

You Can Make Pure Lager BEER

In Your Own Home—with Johann Hofmeister Genuine Lager Beer Extract

You can now brew your own beer—best you ever tasted—easily, cheaply, right in your own home. With Johann Hofmeister Beer Extract anyone can make the same high quality beer that has been made in Germany for generations.

Real Malt and Hop Beer at 11 Cents a Gallon. Remember, you can make 5 gallons of beer.

Not including beer—but real German style beer, made of select barley malt and the best hops, of fine, natural water—topped with a rich, creamy foam. Beer with snap and sparkle—clear and pure as can be—with life and health in every drop.

Johann Hofmeister Lager Beer Extract is guaranteed under the U. S. Food and Drug Act, Serial No. 8,217. No home needed anywhere to make your own beer with this pure extract. Get a can of it today, follow the simple instructions—why bother with any other beer? You can now brew your own beer—best you ever tasted—easily, cheaply, right in your own home.

Sold by all Druggists, or sent direct, prepaid, upon receipt of price (either size), by Johann Hofmeister, 120 McMeister Bldg., Chicago, Ill.

RETURN SLAYER TO FT. WORTH

Negro Youth Who Killed Policeman in Panther City is Reassigned to His Fate.

Fort Worth, May 22.—Tom Lee, slayer of Patrolman Ogletree and the negro, Walter Moore, and who wounded three other men, was brought to Fort Worth this morning for his trial on two murder charges in the seventeenth district court tomorrow.

With a blanket thrown over his shoulders and extending below his knees, the negro appeared to be dressed as a woman. He was brought to Fort Worth from the Denton county jail with utmost secrecy and it was not until he was safely locked in a cell at the Tarrant county jail that his presence here became known.

Wade County Physician West believes that infection has set in in the self-inflicted wound in the negro's chin. Lee is able to talk and says he feels much better than at any time since the killing of a week ago.

"I am ready to take whatever they want to do to me," he said. "I guess I might as well be willing. There can't be any help for me now."

Lee's attorneys appointed by Judge Swayne visited him soon after he reached the jail, but their visit was brief.

The negro is in a cell in the women's ward and spends most of the time lying on a cot, although he is able to walk. He was resting quietly today.

Be your own ice man. See the machine operating at 703 Austin avenue.

Continue Smith Case; Burr Now Recovering

A. R. C. Smith, charged on the police blotter with "running motorcycle too close to sidewalk," and interfering with folks on sidewalk," arrested Wednesday for running down Postoffice Inspector Burr at Fourth and Franklin streets, had his case continued yesterday morning in the corporation court.

Inspector Burr, who was knocked down and run over by the motorcycle as he was crossing the street Wednesday, is rapidly recovering and will soon be at his office.

EMPEROR'S CONDITION IS NOT VERY SERIOUS

Continued From Page 1.

alizations laws should be amended so as to admit Japanese to citizenship in the United States.

Records of the state department fail to show a such request ever has been made by any other country.

Officials here insist that the status of citizenship may be conferred by the state upon any individual or class it pleases, and that it is something that may not be demanded as a right.

Further, it was pointed out that the United States has entered into no naturalization treaties designed to benefit Americans resident in other countries.

San Francisco, May 22.—According to a cablegram to the Japanese New World, received from Tokyo tonight, Foreign Minister Baron Makino said today to Messrs. Adachi and Tomita, representatives of the Dooshi-Kai, (Prince Katsura's party) who interviewed him relative to the alien bill situation:

"I have received the reply of the United States government, but it will not be made public at present. The question whether or not to appeal to the courts is now being considered by both governments. The question of a treaty of naturalization also is being considered.

"The situation is delicate and its prompt solution is urgent. Therefore, I have instructed Ambassador Chinda to expedite negotiations for a peaceful adjustment of the problem."

War Talk Discounted. Tokyo, May 22.—War talk cabled here from Europe regarding the controversy between the United States and Japan is not understood in official and news circles here. The atmosphere is calm and great reserve is shown.

Some of the newspapers, however, have begun to speak out more freely. The leading daily, the Osaka Mainichi, finds amusement in what it calls the American fear of Japanese aggression.

It says: "All Japan wants for the Japanese is equal treatment with white men. Japan's progress has reached the point where she will no longer consent to discrimination being shown against her subjects."

The general hope is expressed here that the reply sent from Washington is not America's final word, especially as the United States government by its intervention in California inspired the belief here that it would adopt strong measures in behalf of the Japanese.

It is believed in Japan that the difficulty will eventually be settled diplomatically, but the question of how Japan is to proceed next is a puzzle.

Japan is a stranger to the technicalities of American laws and does not see her way clear to take the initiative in a law suit, while national patriotism prevents a formal request that naturalization be granted, which would mean the virtual expatriation of Japanese subjects.

Public opinion, however, seems to favor a demand for naturalization as the most feasible means of satisfying Japanese prestige.

The opinion in official circles is that the nation has been led to expect some action from Washington, and it nothing should be done from that quarter, then the Japanese public,

which has remained calm and dignified, is likely to become greatly irritated.

"Foreigners say the Japanese are superstitious and proud," said an official today. "This may be true. We don't care for the material losses incurred. The present issue strikes us on our most vulnerable point, namely, our national honor, and any attack on that is like plunging a dagger into our vitals."

"Of course, it is idle to talk of war, but I think, in justice to the Japanese, it should be pointed out that the quiet expectancy of the people is more important than the 'irresponsible war talk' indulged in by the Japs last month."

"If the Americans understand this they will understand why the failure of a response to the Japanese appeal is likely to result in some estrangement of the traditional friendship between the United States and Japan."

Trees Not "Unhealthy."

A queer superstition still lingers in New England towns which Arbor Day ought to contribute to abating, namely, that it is unhealthy to have trees planted near a house. It is one of the depressing sights of our countryside to see foremen houses, with their walls, doors and windows unshaded by either tree, shrub or vine, baking in the fierce summer heat. It would have cost nothing to leave them some of the original forest, or at least some of the tangle of wild shrubs and saplings by the roadside. To insure a pure and fragrant atmosphere around his dwelling, man must accept from nature those tall green chimneys called trees.

Bulgarians and Greeks Fighting.

London, May 22.—Dispatches from Saloniki and Athens tonight report another serious conflict between the Bulgarians and Greeks. Recent fighting led to the establishment of a neutral zone near Saloniki, but on May 20 a strong Bulgarian force with artillery raided the zone and were hotly opposed by the Greeks.

Laundry Girls in Luck.

Little Rock, May 22.—Proprietors of all the laundries in Little Rock and Argenta, six in number, today agreed to grant all women employees a minimum wage of \$4 a week instead of the \$3 at present. They also agreed to a nine-hour workday. The hours will be gradually reduced until an eight-hour day is established.

IF THIS IS YOUR BIRTHDAY.

It will be to your advantage to give conscientious attention to the affairs of others, left in your care, through accident or design. You are cautioned against too much self confidence in starting disagreements or innovations. Their results will be against you finally.

Those born today will be venturesome and unreasonably. Often they will be successful by luck rather than management. Their failures will come from too great confidence in their own opinions which will be formed from considering one side only.

"BOY BROKER" EXPOSED.

Involved to extent of \$10,000 Before He Is Found Out.

Chicago, May 22.—Further testimony bearing on the financial activities of the "boy broker," Butler R. Storke, was adduced today when H. H. Barnum, attorney for Emil Wagner, a broker, testified in the suit of Mrs. Laura C. Rogers, grandmother of Storke, to recover \$25,000 from eight defendants.

Storke, according to the witness, called up Wagner on several occasions and arranged for stock transactions. Wagner believed the young man was acting for Russell Brewster and company, by whom Storke said he was employed. Storke incurred liabilities of \$10,000 before it was discovered he was acting for himself alone.

Humane Society Meets.

Austin, May 22.—The Texas State Humane Society met here today, elected all officers and selected a list of names from which Governor Colquitt will be requested to consider in the appointment of directors for the Texas bureau of child and animal protection. Ex-Governor J. D. Bayers presided. He is president of the organization.

Railway Clerks Meet.

Cincinnati, May 22.—After a brief session today, at which committee reports were read and discussed, the convention of the National Association of Railway Clerks adjourned until tomorrow, when the election of officers will take place. There are many candidates in the field and the election promises to be a spirited one.

BOTH PHONES 1002.

KATE FRIEND, Editor.

THE SOCIAL CALENDAR FOR THIS FRIDAY

Miss Charlotte Ligon, 1310 Franklin, entertains the Review club; hours 5 to 7.

Mrs. W. P. Beaumont is bridge hostess at Huaco club; 10 o'clock.

The Fifth Street Christian church gives birthday party to Mrs. Mary Burrus, 3404 North Seventeenth.

The weekly dinner dance takes place at the Huaco club.

The Number Two society meets in First Baptist church.

The Austin Avenue Missionary society holds regular meeting in church parlors.

The Columbus Baptist Aid holds regular meeting.

City Federation Executive board meets at the library; 4 o'clock.

MR. AND MRS. JOE SANGER ARRIVE FROM WEDDING TRIP

On Thursday Mr. and Mrs. Joe Sanger were welcomed home from their extensive wedding journey from Dallas through California and intervening points. They are with Mrs. Lillian Sanger, Thirteenth and Franklin.

THE COUNTRY CLUB DANCE WAS VERY ENJOYABLE

The assembly of members with their friends for the regular weekly dance at the Country club proved quite an enjoyable occasion. Young folks in plenty, chaparral in proportion, good music and a cool breeze made dancing the chief and only pleasure. This continued until the evening was well spent.

MRS. JOEL WESTBROOK ENTERTAINS CARD CLUB

The Young Married Ladies' Euchre club played with Mrs. Joel Westbrook at its last game. Three tables only were used, and the only invited guest was Mrs. Edgar Talley of Oklahoma. The prizes, a piece of pottery and a pair of embroidered guest towels, fell to Mrs. Albert Cowan and to Mrs. Ben Gray Kendall. The next game comes out at the Huaco club with Mrs. Mattie D. Willis hostess.

MISS CHARLOTTE LIGON TO ENTERTAIN HER CLUB

Owing to indifferent health Miss Charlotte Ligon, who had been active in club life, has been in retirement this season. She was a charter member of the Review club and prominent in all its work until the present year. Her interest has lingered, and now takes material form in being hostess for the club in social session this afternoon. This pleasant hour marks the close of the Review club current year.

THE DOMESTIC SCIENCE WITH MRS. M. S. KARMENY

Another of the pleasant afternoon sessions of the Domestic Science came this Wednesday with Mrs. M. S. Karmeny of North Thirtieth street hostess. There was nothing out of the ordinary session except the presence of a guest or two. The refreshment feature received compliment. Mrs. B. B. McReynolds invited the club to meet next with her. Summer adjournment is under discussion, but not yet put to the formal vote.

MR. AND MRS. R. L. HENRY SEND CARDS OF INVITATION

The post of Thursday brought from Washington City:

Mr. and Mrs. Robert Lee Henry request the pleasure of your company at the marriage of their daughter Lella May and

Mr. Harold Perry Parmelee, ensign United States Navy.

On the evening of Saturday, the

from eight until ten o'clock.

Eighteen hundred and twenty-five

Nineteenth street.

City of Washington.

This is an event of more than usual interest in this city, the childhood home of the bride-to-be, and still the home of the parents prominent in social circles of the state.

REV. AND MRS. BURROUGHS ARE AT THE ORPHANAGE

In the general reception which Mrs. R. H. Hill is arranging for the Orphanage the many town callers will be greeted by the new manager, Rev. H. M. Burroughs, and Mrs. Burroughs. They are comparatively recent comers to this city, yet their presence is sufficient indication to evince efficient management for the Orphanage. Rev. and Mrs. Burroughs are Mississippians by birth, but Texans by adoption, and "Wacoans" by promotion.

Rev. Burroughs entered the ministry at the age of twenty, was married at twenty-five, and has since continued to hold this relation in the church until elected manager of the home. He has held some of the most responsible places in the church in Mississippi and Texas, and was the choice of many of his friends for bishop at the time Bishop Ward was selected. The Orphanage is indeed fortunate in having Rev. and Mrs. Burroughs at its head, and Waco is the gainer in having them as citizens. A number of home women, representing all phases of Waco life, are being invited by Mrs. Hill to form the reception party for the gathering now proposed for the Orphanage.

THE MARY WEST CHAPTER HAS MADE ESSAY DECISION

The members of the Mary West chapter are very much gratified that so many students entered into their essay competition. They are also pleased that such painstaking work has been done. Again, are they pleased that the Academy of the Sacred Heart as well as the High School should have been so interested. In all there were seven contestants, both boys and girls. Through a misunderstanding little Miss Maureen Pearce, eleven years old, submitted an essay. This was excellent from one of her years, but the competition was for High School students only; therefore Miss Pearce was commiserated and urged to repeat her effort when she enters the High School. Lathas Downs also submitted a composition worth mention. He, however, was the prize competitor last season, so was not given a second award. The other names, all of whom deserve honorable mention, were Lloyd E. Barry, Ben F. Kelly, Rula Adams. The subjects assigned were Father Ryan and Jefferson Davis, the best essay upon each to receive five dollars in gold. The committees from the chapter to read and

grade the essays were Mrs. Araminta Branson, chairman, with the Mesdames Susan Thornton Price and Nanale Boggs, with Mrs. Edith Leasell, president of the chapter, ex-officio member. These read singly the entries and decided which were the most meritorious. Then the committee met together to compare. They were unanimous in their award.

Announcement To Be Made.

On Monday morning at the general assembly hour in the High school the formal announcement to the students will be made. That is, that James McLaren receives the five dollar gold piece for the subject Jefferson Davis, and Miss Orleans Glass the five dollar gold piece for Father Ryan.

THE KENSINGTON CLUB HONORS TWO BRIDES-TO-BE

With the Mesdames Morehead the immediate hostesses, the Kensington Embroidery club honored two of the near brides with a linen shower. These honorees were the Mesdames Bonnie Miles and Minnie Elliott. The former is planning her wedding in tones of blue and white; the latter in pink and white. To this tri-color the hostesses gave patronage in their room decorations. The honor chairs were draped, one in pink and the other in blue. Cordons ran from these to the hanging wedding bell. The natural flowers in these tints were seen in plenty. Following the first greeting, Mrs. Charles Evans presented the two votive guest books in blue and in pink, for registry. The assembly was about the rooms until the notes of the wedding march called all into the one space to indulge a merry contest on acrobatic telegrams to the coming brides. The wittiest were composed by Mrs. J. J. Greer and Miss Margie Appell. Their awards were pink and blue linen laundry bags, which were at once presented to the Mesdames Elliott and Miles. Upon the remark of Mrs. Taylor that it would never do for these bags to remain empty, she invited all to see the linen pieces on the clothes line. Here there were the two lines, one pink and the other blue, upon which hung the gifts which made the chief feature of the afternoon, the linen shower for Misses Miles and Elliott. The refreshments brought in the angel food, or the cake of love, with other dainties. The Kensington members who patronized this friendship courtesy to Mesdames Elliott and Miles are Mesdames Carmen Morehead, Clara Evans, Ercell Morehead, Bess Miles, Minnie Elliott; Mesdames J. Erwin Taylor, Antone Ulrich, Richey Abernathy, Herman Sligh, Joseph White and Walter Hall.

COUNCIL OF JEWISH WOMEN HAVE LAST OPEN SEASON

The last of the open seasons for the Council of Jewish Women before summer adjournment was held under highly favorable circumstances. The attendance was very large and close attention given every number of the excellent program. Mrs. Abe Frank, president of the local chapter, presided with grace and dignity. The music was all good. The chief interest centered in the practical and helpful address of Rabbi Cohen, who was invited from Galveston to take place in this program. Rabbi Cohen is one of the most versatile men from the linguistic standpoint in all Texas. His residence in Galveston brings him into contact with every nationality, and his ability to greet these immigrants in their native language has brought him close into their confidence. No man in Texas knows better the sociological conditions. He is very much interested

GOLD DUST

brightens
the home

Nothing is so attractive as a cleanly home; nothing contributes so much to cleanliness as Gold Dust. No matter what it touches—china, pots and pans, floors, woodwork, clothes, etc.—it cleans thoroughly, leaves everything spotlessly clean, bright and attractive.

Don't use up all your time and strength trying to keep things clean; use Gold Dust everywhere you can—in all your household cleaning—and let it do the work. It works so quickly and thoroughly that really it makes cleaning a pleasure instead of a task. It makes home "sweet" home.

You can buy a large package of Gold Dust for 5 cents.

"Let the GOLD DUST TWINS do your work"

in the opportunities for women's work in the uplift of humanity. It was along this line that he spoke to the council. He gave them practical ideas for their work, by no means all religious. For instance, he pleaded for the women of the Waco council to interest the little Jewish waifs in the story hours at the public library. He brought other ideas forward where the women can be helpful and inspiring without the thought of religious teaching. His plea dealt with making letter men and women along the line of intellect and general morals. The women were much impressed and speak already as being full of new ideas and resolutions to carry out these. Here in Waco the demand for the real charity, protection of girls, care for the indigent sick, is not nearly so urgent as in other places. This leaves the Waco women free to do more of the refining work. However, they realize what the need is, so their contributions go freely to the national council, which promotes the work among sick and needy. Rabbi Warshaw followed with his address, Dr. Cohen's impromptu talk, where he pleaded his sympathy and co-operation in whatever the council here undertakes. Following the formal program adjournment was had to the basement of the Temple, where Mrs. Herman Mayer, chairman of the social committee, with her assistants, was ready for the social feature. Rabbi Cohen was personally met, and assured that his visit had not been in vain. Altogether the council is adjourned in the full assurance that, the very few weeks of its existence, looks out unto larger and more useful things for this community. The year book committee is yet to meet, and some further details will be perfected through committee work, but the council proper is adjourned for the summer.

Society Notes.

Miss Lucile Bruton has returned from the sanitarium to her sister, Mrs. J. W. Orand, on Columbus street. Her condition is improved and she only awaits sufficient strength to take the trip to San Angelo, where she will spend the summer.

Miss Beatrice Beaumont is the only woman to receive her degree from the Greek department of Baylor university this year. This is quite a distinction for the woman graduate.

Mr. and Mrs. Frank Trau are in the Garland home on North Fourth for a few weeks.

Mrs. Jack Sanger of Bagnard street has been detained at home for several weeks owing to a case of typhoid fever with her little son, Adrian Sanger. In the meantime many inquiries and tokens of remembrance have reached Mrs. Sanger, for which she is duly appreciative.

Mrs. Lon Woollett of North Nineteenth is hostess to her Friday card club this week.

The subject for discussion at the meeting of the Catholic Study club with Mrs. Joe Fee this afternoon will be the Feast of Corpus Christi and the life and works of Saint Gregory the Seventh.

Mrs. Nannie Curtis is leaving very soon for a round of summer chautauqua engagements, the first of which is in Illinois.

In the list of wedding anniversaries we all know that the fiftieth year is the golden wedding and that of the seventy-fifth the diamond.

How true it is that it is not what is in a house but how it is kept which makes the attractive appearance.

The children of Saint Paul's Sunday school will enjoy their annual picnic outing on Saturday of this week.

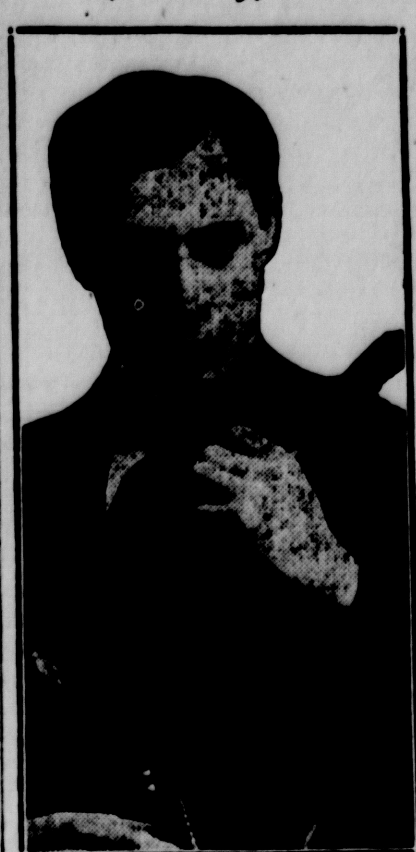

Tonight at Austin there is to be a grand "Variety Circus." A queen is selected, and among her maids are two of Waco's popular student girls, the Mesdames Anne Risher and Beuna Clinton.

The women cannot be urged too much to keep and to furnish an accurate guest list. This is due the guest, also due the editor who is considered responsible for omissions. It is a mistaken idea that guest lists are no longer published. They are. But, by all means, every precaution should be taken to have them complete.

It is the mistaken idea that, in inviting a guest for a club occasion the invitation carries the obligation to provide transportation for that guest, if such can be done conveniently, well and good; or, if the guest can provide way for himself, still better. But there is no obligation upon either.

Is not this a good time to look the shelves over to see if there are any books to be returned? It will very soon be in order to greet the visitors who come for the

Daniel Melea, Violinist of Twenty, a Genius

New York, May 21.—Daniel Melea, the boy violinist, for he is now under 20 years of age, has been taken into charge by Rich Jews of New York, including Otto H. Kahn of the great banking firm of Kahn, Loeb & Co.; Mrs. Samuel Untermyer, wife of the Pujo money trust committee counsel, and others, who believe he will develop into a great musician. He is an orphan of the pogroms, when the Jews of Russia were cut down like cattle. After the pogrom of 1905 in Poland the mother and son were hunting for the bodies of the father and sister, who had disappeared.

The father was never heard of again, but about a week after their disappearance the mutilated body of the sister was found in a deserted cemetery, where it had been heedlessly cast by her slayers.

As they were leaving the cemetery with the bullet-torn remnants of the child a strong force of Cossacks suddenly surrounded them, still frenzied by scenes of massacre and bent on further slaughter. Not knowing what else to do in the face of such deadly peril, young Melea took his cherished violin from the bag which he always carried and began to play with the inspiration of a great crisis.

The yelling Cossacks immediately subsided into silence and a hush of rapt attention fell upon all. Then the leader dismissed his men and told the young Orpheus and his mother to go in peace; the hand of the Lord was on the boy and no harm should come to him or his.

commencement exercises of Baylor university.

Miss Mamie Arbuckle from Eagle Lake and Miss Agnes Arbuckle from Mexico, will reach home late within the coming week, to remain through the vacation months.

Is it not the courteous act to introduce yourself to the new librarian, and welcome her to her new home? Such will make her know that Waco's reputation for cordiality is merited.

Would we not be nearly to the land of Utopia if every one would form the habit of repeating nothing until it had been proved true?

Just a few more of fashion's contortions and we will be unrecognizable as the case during the craze of the woman on the bicycle. A woman in her wheel attire was stopped with the query, "Please, be you a man going golfing or a woman going biking?" Woman's graceful form is long ago lost under freakish fashion of past seasons.

Mrs. W. W. Lastinger, the new historian, is preparing quite an interesting program for the next meeting of the Mary West chapter.

The women, one and all, take kindly to the idea of more lights in the parks. Is it not a sweet flower sentiment to say that the valley lilies are the tea cups from which the fairies drink at tea?

Mrs. G. A. Bostwick of Terrace Row has refuted the time-honored belief that poppies will not bloom unless planted in the fall. Mrs. Bostwick now has some gorgeous blossoms which burst this week from bushes whose seeds were sown only last March.

The students are taking more interest this year than heretofore in the several awards for essays. Mothers should encourage their children in this; the value lies in the information gained in the competition more than in the possible reception of a prize.

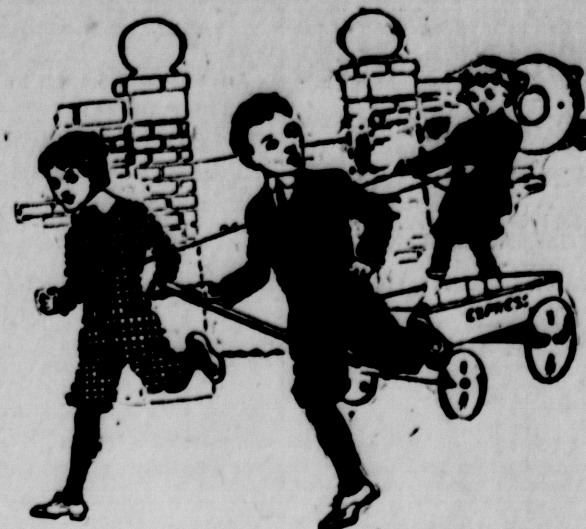

As one of the class of 1913, Miss Pauline McLendon is remembering her friends with cards of invitation to the High school graduating exercises.

A woman writer in California ventures the belief that there are many foolish women in the world—almost as many as there are foolish men. But the difference is this, says this writer—the men do not know about themselves.

The Mesdames Sidney Olive and Calhoun, of Beaumont, are now in Dallas with Mrs. Eugene Crowder. Their short visit here was for the placing of the monument to the late S. C. Olive.

During his short visit to this city Rabbi Cohen was the guest of Mr. and Mrs. Louey Migel, Twelfth and Washington.

Society Personals.

Mrs. Probst of Oklahoma, who has spent the past few days with her aunt, Mrs. William Meade, of Terrace Row, is leaving with Saturday.

After two weeks with her mother, Mrs. W. N. Orand, Fifteenth and Jefferson, Mrs. Guy Rogers is returning home to Houston with Saturday.

The Mesdames A. B. Warner and B. Alexander, of North Thirtieth, are now due from their sojourn at Mineral Wells.

Mrs. Gregg of Brownsville is the expected guest of Mrs. J. C. Kelly, Eleventh and Jefferson.

Mrs. Titus Westbrook of Meadowbrook is at home from Marlin.

Mrs. F. G. Guitard of South Seventh is now due from her visit to Shiner.

Mrs. Nelson Smith is with Mrs. Martin in Temple for a few days.

Among today's departures will be that of Mrs. R. G. Wendland of the Hotel Metropole, who goes to spend a few days with Mrs. Huling Robertson in Temple.

The Mesdames Dan Wise and Sam Freund are among those recently returned from attending the Shriners convention in Dallas.

Mrs. Arch Gamel of Provident Heights is at home from Tyler, where she paid a short visit to her sister, Mrs. Cone Johnson.

NOTICE.

Since returning to Waco I have opened my law offices on the 16th floor of the Amicable building. J. E. Yantis.

Story Hour Saturday Cotton Palace Park

The story hour for the children will be at Cotton Palace park at 4 o'clock Saturday afternoon.

The stories have been told weekly at the public library and there has been a large attendance each week. Now that the weather is becoming warmer, it is comfortable in the open air, and Miss Pharr will take the little folks out under the trees at the pretty playground at the Cotton Palace and tell them the story. She will tell them something on the order of a nature story, which will be educational as well as interesting. All the children in the city are invited to attend the story telling.

CLUBMEN AS "CUBISTS"

Bohemians of San Francisco Taking to New Art.

San Francisco, May 22.—Members of the Bohemian club who cannot paint, and who are proud of it, will hold an exposition June 4 of "Cubist" art. The success in the East of the post-impressionists, encouraged Bohemians who had never drawn anything but a salary to try their hands.

For the past fortnight fifty of the very latest "Cubists" have been hard at it with floor paint and varnish. "Justice," by Supreme Court Justice Melville, will show what was stumbling over the reveses statue. He believes it to be the most confusing picture ever painted.

TWAS EVER THUS.

They thought their child a cherub when
The first one came, but that's
A dream they'll never dream again.
The other five are brats.

—Chicago Record-Herald.
They thought their flat a heaven—one
They'd never care to quit,
But now they have eleven hun-
Dred ways of cursing it.

—Springfield Union.
He thought that he would surely like
His brand new ma-in-law;
Alas! the poor man changed his mind
When she began to jaw.

—Allentown Democrat.
He thought he'd like some exercise
When riding in the morn,
But when he'd reached the dining
room
The breakfast was all gone.

—Yonkers Statesman.
He thought he'd like a girl named Pats,
Until they twin were wed,
But since he's seen her don her rags,
He wishes he were dead.

—Nashville Banner.
She thought their love affair ideal
Until, one night, her dad
Referred to Percy dear as "veal"—
Which she detested. Sad.

Prince Albert is reminded that it is possible to be both a tennis player and a courteous gentleman. The lieutenant governor of Nova Scotia arranged a State reception for him and the prince went to the tennis court. It was a mannerly stunt.

Another goodly brother who "bumps his head on the pew in front and assents 'Amen' with an unctuous grunt" is found to have juggled his stewardship of church funds. Let us sigh and charitably pass on.

Holland's Magazine will give sanitary drinking fountains to all schools in the successful cities in its second cleanest town contest. Dr. Carrick will not install these fountains in the basement near the furnace.

The daughters of the late Leopold of Belgium will receive two million dollars of the fourteen millions they clamored for out of the king's Congo property. Money is money in Europe, not tainted money.

Mr. Roosevelt's reiteration that the G. O. P. must come to the Bull Moose is expected daily. Renovation is on at Armageddon and the caretaker whistles as he sweeps the forum.

Has the city judge ever seen a motorcycle or a motor car making havoc with the safety of the public in the business streets? If not, he is cordially invited to take a personal view.

At the rate I. W. W. trouble makers are being sent to prison it may eventuate that they will soon find something to work besides the world.

Is it out of the question that another Washington banker be arranged for to attend to Representative Gissom until Japan acts on Mr. Bryan's note?

The Honorable Josephus was up in the air five minutes Wednesday and may now be expected to arrange a list of new terms in aviation.

Japanese officials "are pleased at the turn of events" in the alien land law agitation. We may sleep more soundly tonight.

Internal troubles lead us to conclude that the torpedo boat Vesuvius was appropriately named.

A Republican politician was killed in Missouri. It is risky to live in a doubtful State.

We wonder why "dear Brother" Comstock is invited to no private dances.

If you are reluctant to swat the fly, drive him off.

A LITTLE POWER LEFT.

An Austin dispatch in these columns yesterday began:

The railroads of Texas received a setback this morning when the court of civil appeals held constitutional the act of the second special session of the legislature of 1909, which empowered the railroad commission to order the construction of union depots.

The same court lately decided the commission's "thirty-minute rule" could not apply to interstate passenger trains. This would seem to be the commission's day. Nevertheless, a more fitting introduction for this report of a notable decision would be: "It appears from a decision of the appellate court that the Railroad Commission of Texas has a little power left." It is as well to put first things first, and certainly this is an important finding for the commission and for the traveling public of this State.

It is greatly to be desired that the supreme court will refuse writ of error. This "Hillboro case," pending judicial determination, has held up the building of several depots ordered by the commission. No fault is to be found with the finding that the commission should be empowered to order union depots only to correct abuses, and that abuse must be defined by law.

The public may be grateful for this decision.

Why not keep a traffic officer at Fifth and Austin from 8 a. m. to 10 p. m., Chief Barron? Break up these family parties that stop their cars to converse at the most traveled and most dangerous corner in the city. Your regulation is alright as far as it goes, but it ought to go about fifty per cent farther.

REUNION AND RESTRAINT.

Coming from this side Mason and Dixon's Line, criticism of the selection of the "orator of the day," as we still call him, for the Northern-Southern reunion at Gettysburg would be of passing interest only, since the orator selected is a Southerner. Coming from the other side the line, particularly from Boston where the North's fire of war burned brightest with the fuel of abolition, such criticism is of direct interest to the South and demands thought; especially since it is made in the fair spirit of "reunion" and (in the instance we cite) comes from a newspaper of the highest type, versed in history, literature and current events to a degree hardly equaled by any other American daily—we refer to The Transcript.

The objective is the selection of Representative J. Thomas Heflin of Alabama, to deliver the annual Memorial Day address at Gettysburg this year. With the selection of a Southerner for this high honor, "a reunited country will have no fault to find." The Transcript considers; but it says squarely that it is surely the South's due, no less than due the occasion, that the man thus honored shall be a representative American—"representative not only of the section from which he hails, but of the nation whose union he is invited on that sacred field of battle to extol."

Mr. Heflin, charges the Boston writer, is not such a man, and "his selection as the Gettysburg orator warrants an emphatic protest. It is unfair to the South, whose best character and sentiments he misrepresents, and unfitting the time and place."

But we fancy the case The Transcript would make out against Mr. Heflin will hardly appeal to the greater part of the South as the basis for an "emphatic protest" of his selection to orate at Gettysburg on the Nation Reunited. Indeed, some of those utterances of Heflin's The Transcript points to are of a sort that usually are laughed at delightedly and seldom taken seriously by a Southern Democracy disposed to "go the limit" at the expense of the Northern Republicanism; though some of the reminiscences adduced in criticism of the orator are very much less than humorous and not at all praiseworthy. The Transcript believes the public has not forgotten the speech of Heflin at Booker Washington's home a few years ago. "There they sat," orated Heflin; "Roosevelt and Booker, and K. C. Colquhoun or one of his kind had thrown a bomb under the table no great harm would have been done the country." Nor his comment on a lynching in Georgia, of which Heflin is quoted as saying that it was "but sending off a few more Republicans singing 'Nearer My God to Thee';" nor his altercation with a Negro in a Washington street car; nor his efforts in Congress to pass a Jim Crow car law for the District of Columbia.

Passing up Mr. Heflin's comment on the lynching, his fuss with the Negro and his Jim Crow activity, as being that sort of doings the South in our opinion, will not—and the North should not—consider sufficient to damn Mr. Heflin as a "representative

Southerner" since these cannot possibly be connected with the spirit of the present South as to a "Reunited Nation," one way or the other, we yet feel that the speech on the Booker Washington incident is of the unrestrained, extremist variety that Mr. Heflin will do well to guard against echoing when he shall speak to the Gettysburg reunion. And, of course, this will be no occasion for injecting political differences, by humorous comment or denunciation; quite the reverse. We have noted that the Alabama congressman does not lack fire in his public addresses on any theme. If his fire shall be suited to the campfire, the feast fire, of reunion, the more warm the better. A man feeling such unquenchable sectional animosity as did the late Senator Heyburn might not, of course, be chosen to orate on such an occasion; but Heflin is not of that sort by any means. The Transcript thinks he is:

"It ought not to be difficult," it concludes, "to find in the South today a man whose oration at Gettysburg would befit the spirit of the occasion and bespeak the ideals of a reunited country; but the Negro hater and gun-toter from Alabama is not that man, for the flowers of his rhetoric would wilt under the blight of his record. His selection for this honor may well be a subject of protest South as well as North of Mason and Dixon's Line."

If the sterling worth, intellectually, of this critic only were to be considered, we would be rather impelled to wonder if it might not be well to edit Mr. Heflin's manuscript; but the fact that Mr. Heflin's views on the Negro question are not The Transcript's views may prompt this protest, seems to make the more reasonable course that of leaving the nature of this important address to the Alabama's own education and sense of fitness. The former is far from mediocre; the latter, we judge, will be equal to the occasion.

The "press humorists" trust delighted in by Mr. Lewis of The Post is hardly as exclusive as, and not comparably reprehensible with, the sometimes "paraphrased union" of The Statesman, but it is quite as amateurish in its selection of personal stock to be boosted. Thus Mr. McPhee of Springfield, Mr. Merritt of Nashville, Miss Telcher of Detroit, Mr. Kiser of Chicago, and one or two other mirthmakers show up daily in Mr. Lewis's personal column, fully named and accurately placed. They are worthy the rare honor, of course. May we hazard a guess why Mr. Franklin P. Adams, the brightest of the guild, is thrust into the "Talking About Houston" category merely as "New York Evening Mail"?

NOT OF CHOICE.

Writing to the New York Sun, a Mr. W. S. Rainford appears to take the view that welfare commissions and public service commissions are the creatures of choice on the part of the citizens, rather than a necessity brought about by the corruption of the public service and lessening of the benefit the citizens derive from the spending of their tax money and ordering of the public institutions through a public-be-damning, ring-controlled city government. He has found—he writes in the course of a most interesting protest—that welfare commissions "and such like" are but an application of a superficial plaster to a deep and running sore. They do not reach its infected and infecting source. Their tendency, in Mr. Rainford's deprecation, is "to heal the wound of the daughter of my people slightly," as the old Book has it. They afford the lazy man or the man who wants to avoid doing his duty to his city or country an excuse for shirking.

"In the name of all common sense," he protests, "let us stop creating commissions, stop endowing groups of excited and irresponsible people with power they have not the wit or training to use aright. Such powers must finally be entrusted to only appointed and responsible officials. Let us aim at orderly government for our great city and do away with the vigilance committee. Even the best vigilance committee often hangs the wrong man."

Surely; but generally it hangs the right one. And welfare commissions and public service commissions generally get rid of the right man—or the "wrong" man (to avoid misunderstandings). An excited and irresponsible commission is as detrimental as the cool and crooked ring government the commission is created to shear pull and power from. Mr. Rainford's prescribed "aim" is the sum of all good in government, of course; but too often the vigilance committee is indispensable to achieving it. With a welfare or public service commission controlling the appointment of public servants and public treasury dependents, the lay man or the man who wants to avoid doing his duty as

a citizen finds his excuse in a sense of security, to which, by the way, he is not entitled.

The origin of the Des Moines plan of commission government, the creation of public welfare commissions in the largest cities of the Union, Boston's new "blacklist" of voters, and the reasons underlying these, are a few of the thousand illustrations of the present need of the amputation of politics from the more necessary phases of city government. If the voter will not go to the polls—at least, not more than 60 per cent of him—whatever he may get in the shape of city officialdom is good enough for him; and this is the reason why those who do go to the polls, and vote for competent and honest officials but are outvoted by the ring's crowd, clamor for public welfare and public service commissions—especially after every exposure of graft in the police department.

Whenever the politicians scowl at Wilson the people smile on him.

WHY BEEF IS HIGH.

Presumably through the medium that will best serve those who are most interested in his figures, the householders, Mr. Edward Marshall writes that the high cost of beef is due to natural causes and unless remedial measures are quickly applied, the present cost will soon be reckoned low compared with the higher cost which seems, to him, to be inevitable.

In his discussion of "The High Cost of Beef," in the Housewife's League Magazine, Mr. Marshall admits that speculative activity has, at times, had some influence in temporarily determining the price of meat to the consumer, but goes on to deny emphatically that this is an enduring or even an important factor and supports his denial by apparently irrefutable argument on the facts.

One of the reasons he gives for the appreciating cost of beef is the disappearance of the range; another is the ravages of cattle diseases, especially bovine tuberculosis and the Texas fever. The figures for the number of beef producing cattle in the country during the past seven years, as compared with the population, give an illuminating example of the truth of Mr. Marshall's contention that "production has not only kept pace with the world's increase of population, but has actually decreased. In 1907 the number of beef cattle in the United States, aside from milk cows, was 5,568,000. In 1912 there were but 5,036,000—a decrease of 15,536,000, or more than 20 per cent. These are government statistics. The population for the ten years ending in 1910 increased 21 per cent, and Mr. Marshall claims his contention is amply proved by these figures. This shortage applies not only to the United States, but to the world. It is shown that the cattle supply of Argentina and Canada has also decreased markedly, in the former because of the hard winters and the disappearance of the range, and in the latter because of disease and drought. But the United States feels the shortage most keenly. On the average its people consume 163 pounds of meat per capita, 35 pounds more than Great Britain and 46 pounds more than Germany or France.

TYPEWRITERS NEXT.

We grant there is more sense and deeper tinge of the probable in the position manufacturers of typewriters are taking with respect to the revised tariff schedule in which their industry is named than there are in the "plaint of the motor car makers concerning their like affliction. This latter 'plaint'—in extenuation, but termed a "brief"—was lately mailed us and we analyzed it with a deal of amusement and marveled at its mathematical carelessness. But even the manufacturers of typewriters' protest, as above compared, must suffer from faint praise and most of the genuinely Democratic journals are grubbing it as roundly as they did the wail of the motor car makers and the cry of the glass makers. Typewriter makers of this country, in their protest against that provision of the Underwood bill which places typewriters on the free list, "declare that, with the existing duty of 30 per cent removed, the American market would soon be flooded with cheap machines from Germany and England and a deadly blow dealt to an industry which has been built up to tremendous proportions in a little more than four decades."

Making this summary of their protests, the Norfolk Virginia Pilot adds the manufacturers to explain how it happens, if the foregoing be true that Americans typewriters now flood the markets of Europe, where they have to compete with the machines of England and Germany under conditions of absolute free trade and with the cost of ocean transportation against them. And, it adds, "the explanation will

have to be very convincing to satisfy the American public—a great deal more convincing than the most ingenious Protectionist could make it."

We doubt there will be such an explanation forthcoming. The most cursory reading of the typewriter makers' complaint—and, necessarily, of the long protest of the motor car makers—like the complaint of the average Protectionist against the Underwood plan, will not survive the surgery of common sense. It is unfortunate for such Protectionists that the public, the Democratic president and leaders, will not be content with generalities in this day nor with an array of figures that can be rearranged as easily and with as much verity to the facts. These manufacturers most often indict their own reasoning and belittle the worth of their own product when they fail to note the present situation as to American goods in foreign markets.

Texas Viewpoints

Value.
We are and always shall be an agricultural people. In the future there will be great development of industry along other lines, but the agricultural resources of Texas will continue to be, as in the past, the most important of any. The papers of the State have done a great work in fostering the efforts of the organization at whose head Colonel Exall expends his vitality. He appreciates the work already done, and looks with confidence to the future for greater results, mainly through the publicity which the newspapers have always given the cause. In every line of endeavor the first aim of its promoters is to secure all the publicity possible. No other agent is as useful to the publicity manager as the newspaper of each section, be it great city daily or little country weekly. The people of a community have faith in their own papers. If they haven't, it is of little value to the community or to its owner.—Larado Times.

The sterling worth of the work of Colonel Exall has long been recognized by every newspaper in Texas; that is why his statements, his plans and his achievements have been and always will be given the utmost publicity; that is why the criticism by the State farmers' union executive committee and president of the very principles of progressive, expert, discriminating farming for which Exall contends has been rebuffed and rebuffed most earnestly by the press of Texas. Close reading of newspaper comment on Mr. Radford's objections, from all parts of the State, justifies this summary up: Where Mr. Radford's position is not earnestly deprecated it is seriously condemned. The press of Texas is after values; values in developing Texas—Colonel Exall's work supplies these.

Unkind, But Avoidable.
Here we sit by the open window, fanned by the pleasant breeze from the gulf, having come in from the garden where we picked a dish of snapped beans for dinner, heed the cantaloupes, stalked the tomatoes, gathered some young lettuce leaves in a few minutes, and there is news today in North Texas—Rivera Journal.

Who would not edit a weekly on the Texas coast, under these circumstances, rather than a great daily in a city that knows them best? The Journal prices is not to be considered for the pride he feels in his lot, but in very kindness' name it is hoped he does not mean to rub it in—that his circulation list does not include Panhandle and further northern exchanges.

Second Choice?
The thought refused to be restrained in utterance that, however varied and extended Mr. Taft's experience above that of Mr. Wilson in direct relation to the operation of problems of government, the people of this country determined in their own minds the question of all around capacity to deal effectively with these problems when they went to the polls and chose Mr. Wilson over Mr. Taft as the fitting exponent of them, both in present and practice, after they had given the latter four years in which to demonstrate his qualities.—Houston Post.

The Post is commenting on the comment of a New Haven newspaper in answer to the boasts of certain editors who are benefiting by the publication of Mr. Wilson's manuscript and syndicated matter; the New Haven editor points to the presence of Dr. Taft, and its first-hand opportunity to obtain his worthwhile lectures and addresses. But The Post agrees with Mr. Wilson on the prime responsibility for the election of Mr. Wilson; therefore, if it is to offer the criticism in comparative values of Mr. Wilson's stand with President Taft's election of the former and the rejection of the latter, would it not give first choice to the Hittite outpost, for point, of the Colonel—in point of general interest?

Thankful for Success.
George W. Coleman, president of the Associated Advertising Clubs of America, has endorsed a resolution passed by the Chicago Chamber of Commerce, to the effect that "it is the opinion of the Chamber that the American typewriter now floods the markets of Europe, where they have to compete with the machines of England and Germany under conditions of absolute free trade and with the cost of ocean transportation against them. And, it adds, "the explanation will

have to be very convincing to satisfy the American public—a great deal more convincing than the most ingenious Protectionist could make it."

Agreed, hardly! Especially does Texas need an expert's treatise on such juggling and promotion schemes. Some States can depend on their legislatures to provide safeguards against the most common forms of swindling and duping activity in the collection of promotion funds; Texas, we must conclude, cannot. We prefer to have with us under the blue sky the fitting straffer, and the cooler and the easily duped widow, rather than a law that will protect these latter against their own easy-marked Americans.

Hearing From the Other Side.
(Mobile Item.)

"In view of what is happening in various parts of the country, it is high time for every thinking man and woman to realize that back of the woman suffrage disturbance is the question of sex—or rather, a distortion of the sex question."

In this way Mrs. Arthur M. Dodge of New York, president of the National Association Opposed to Woman Suffrage, opens a striking statement on the suffrage question given out today at the Washington headquarters of that organization. "The only sure manner of estimating the real meaning or strength of the suffrage movement," continues Mrs. Dodge, "is to see clearly the motives and underlying reasons back of it. The suffrage disturbance in plain words, a sex disturbance. Many women who are suffragists do not realize this, but it is a fact nevertheless. The suffrage movement is a movement to take up fashion fancies and unnecessary movements in the realm of that unreasoning and duping activity of artificial happiness and material enjoyment which indicates an uneducated and an unsatisfactory state of mind."

"We women of the suffrage movement are convinced that woman suffrage support their cause because they view the whole situation from an unmanly angle. One morning in New York I heard a young woman discussing with great eloquence on how she and her husband were going to get rid of their baby by the use of a certain medicine. That evening, this same girl was at a fashionable dance. She was given in an extremely delicate fashion, and the way she danced and her bearing was suggestive to any one who did not believe this girl was a suffragist. She was a perfect picture in an evening, the cut of her gown, the manner of her dancing, and the words of her conversation could be made a tremendous influence for good among her friends, may and women, and thus throughout the whole country."

"As long as women clamor for political rights and yet dress in garments that are the definition of bad taste, voting by woman will not change the whole population of the country." Other sentences, in woman and fashion, are given in the statement. The baby was a labor-saving device, she is a suffragist who maintains that the vote is the panacea for all evils; and yet all medical authorities claim that the bottle-fed baby has a poor chance to live. The suffragists wish to vote and to control the nation for that right their guile as mothers and preservers of the home. If the baby is to be sacrificed to the progress and reform which these advocates of votes for women predict?

"We are in the midst of a remarkable period in our history," Mrs. Dodge. "There is more immorality in dress, more looseness in conversation, and more impropriety in dancing, than has ever been known to the American people, either in so-called high society or among those who are in other conditions. But of these revelations of the lowering of woman's ideals and conduct there is the same reason as that which actuates the suffrage disturbance."

The suffragists claim that they want to carry into the outside world all the virtues of the home. These who oppose them claim that every woman who has a home must go out into the world and bring into the atmosphere of her home only the lovely and beautiful things that are in the world. In other words, the suffragist wishes to carry over to the outside world the best of the home, but the other side wishes to carry over to the home only a name. Other words which wish to preserve in the home that which is really the home—an atmosphere of tenderness and sweetness and gentleness.

It is a pathological fact that women, when they meet and converse, the divine offices of their art, which is motherhood. The moment they converse in dress or dress the person for which they were created, they become children and dream. Misguided government is a bad thing, as had that of this country can be reformed by the use of a certain medicine, but misdirected as it is a national tragedy, which, if it is not checked, will degenerate the race.

FRANK FROM AUSTIN. (I)

(Austin Statesman.)
I. Friedman and Frank T. T. of the Young Men's Business League are real town leaders. They came to Austin to show young men the way to success. They have followed in Waco and our young men have taken the tip. We are glad to have had both of them with us, for they are excellent young men of the type that does much to being an improvement.

Waco has done one good thing—it has organized the Young Men's Business League which has done a world of good for the town. We are glad to acknowledge that to our business men the town and business men right now are doing a good thing. They are doing a good thing for our town and our country. We are glad to have them with us, for they are excellent young men of the type that does much to being an improvement.

GERMAN SCHOOL ABANDONED.

Misses Ingeborg, Margarete and Helene Ingeborg, daughters of the late Dr. Ingeborg Ingeborg, have abandoned the German school in Waco. They are now attending the public schools. The school was founded by the late Dr. Ingeborg Ingeborg, who was a German. The school was abandoned because the girls were not interested in the German language. They are now attending the public schools, where they are learning English. The school was founded in 1908 and had a good record. The girls were very bright and were well educated. They are now attending the public schools, where they are learning English. The school was founded in 1908 and had a good record. The girls were very bright and were well educated. They are now attending the public schools, where they are learning English.

"HELLO" SERVICE GETS A ROAST

CHARTER COMMITTEEN AT NIGHT BEGON CONSIDER INEFFICIENCIES.

"MUST TOE LINE"—CARROLL

Had No Quorum—Why No Public Interest?—Begins on Charter Again Next Thursday.

Although not existing as an official board on account of the lack of a quorum, the charter revising committee last evening considered things with a liberal hand and with an eye to the elimination of the inefficiencies that have crept into the service of various public service institutions operating under city franchise. Notable of these were the two telephone companies maintaining exchanges in the city.

Neither of the telephone companies, it was agreed, was maintaining the grade of efficiency that it should, liberties granted and rate of charge considered. "Undoubtedly," said Peyton Randall, "the service is poor. Neither company is giving the satisfaction that would naturally be expected of it. While I am not opposed to the recent increase in schedule of prices, I do believe that the business man who pays \$4.00 for his phone, should have that much service from it. But whether you pay without a murmur or do not and receive but poor accommodations, you have no redress. Should you be slow in making your payments, or refuse to make them, out goes your instrument. But, when the company falls down on its service, you are given no consideration; you pay just the same, else, you lose your telephone."

"That's true enough," agreed A. R. McCollum. "It will be remembered that, when one of the companies asked to be given permission to increase its rates, certain number of phones connected with the company were disconnected. That was a real case of more money; but, Lord bless your soul, when it came to the testing of bonds, why, it was an entirely different matter. They gave out glowing statements."

"However, the telephone representatives have been before us and we have discussed the condition and the present charter shall, I hope, do much to remedy the situation," he concluded. "In Chicago, and in many other cities for that matter," said E. F. Carroll, taking up the thread of the conversation, "long life franchises were the rule for many years. Doubtless, the cities were hampered and many valuable concerns and money-making enterprises were lost. But Chicago now no long life franchises are granted. By an act of the legislature, the time limit, I believe, has been specified as twenty-five years."

"For Waco I favor short life franchises, an open policy, but each company should be made to toe the mark and stay there."

The street car situation was also discussed, with regard to service, its franchise, the granting of extensions and provisions for connections. This, as well as other matters, was discussed under franchise, should be made to give all that is provided for, it was pointed out. The committee favors a constructive charter, and not one of a destructive nature.

With reference to the provision in the old charter for granting extensions, the length given as one mile, the committee will probably reduce this, as well as that allowing for connection. No definite action was taken. A lower life franchise in this case is also considered. There is a great need for a line of demarcation of a permanent nature. Consideration will be given this on a larger scale soon.

Non-attendance of the citizenship upon the meetings came up for consideration. While the committee is not anxious to go in for a list of physical disabilities, nor is it anxious to come into grossly prejudicial matters, nevertheless, believe the wheels would be materially aided if the popular attendance was more pronounced. Last night it was limited to a mere handful of persons, and one city commissioner. Consideration will be given this on a larger scale soon.

The board was decidedly hampered in its work by the absence of several of the committee members, who were precluded from coming by illness or engagements that could not be broken. At the next meeting, to be held on Thursday evening, May 30, the old charter, and such other matters as taken up again and each item discussed individually and exhaustively. Present were A. R. McCollum, E. F. Carroll, Peyton Randall, Frank T. T. and Misses Ingeborg, Margarete and Helene Ingeborg.

Venezuelans Are Arriving.
Wilmington, Delaware, May 23.—Many prominent Venezuelans have been arrested in Caracas during the past few days. This news reached here yesterday through Mr. Leonard Baker, former secretary general to President Gomez of Venezuela. He arrived here with Gen. Juan Pablo Francisco, on board a small sailing vessel from the island of Guadalupe in the Dutch West Indies, after fleeing from the Venezuelan capital. Mr. Baker's father and the remainder of his family arrived here some time ago.

Five Killed by Explosion.
San Francisco, May 23.—The Francisco Hotel, located on the corner of Broadway and Market, was blown to bits by a dynamite explosion of a mine, as the way lay to the port yesterday. The explosion is, it is believed, the result of a dynamite explosion. All the hotel employees and the crew and passengers were killed or injured.

DON'T STAY GRAY! SAGE TEA WILL DARKEN YOUR HAIR BEAUTIFULLY

A Mixture of Sage and Sulphur Prevents Dandruff and Falling Hair.

When you darken your hair with Sage Tea and Sulphur no one can tell, because it's done so naturally, so evenly. It is also splendid to remove dandruff, cure itching scalp and stop falling hair.

Preparing this mixture, though, at home is a messy and troublesome task. For about 50 cents a bottle you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." Some drug stores put this mixture up themselves,

but make it too sticky, so insist you want "Wyeth's"; then there will be no disappointment.

You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. Do this at night and by morning all gray hair disappears and after another application or two becomes beautifully darkened and more glossy and luxuriant than ever. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age and as we all desire a youthful and attractive appearance, get busy at once with "Wyeth's Sage and Sulphur" and you'll look years younger. Inquiry shows all pharmacists in town here sell lots of it.

EX-JUDGE IS INDICTED

R. E. BRATTON OF FORT WORTH ACCUSED IN BRIBE SCANDAL.

Charged With Accepting \$500 From Saloon Man to Save His License.

Fort Worth, May 22.—Former County Judge R. E. Bratton is charged in a complaint filed in Justice Mahon's court Wednesday night with accepting a bribe of \$500 from W. M. Robinson, former owner of the Rosen bar, Thirtieth and Main streets.

He was summoned by Justice Mahon by telephone early Thursday morning, waived preliminary examination and was bound over to the grand jury on a bond of \$500. The bond was signed by A. C. Heath and Philip Lopp, with whom the former county judge recently formed a law partnership.

The complaint alleges that Robinson gave Bratton \$500 to save his liquor license, which had been ordered forfeited following the notorious "pepper boys" shooting scrape over the Robinson bar January 19.

An application for forfeiture of Robinson's license was filed in county court January 20. On January 23 Judge Bratton forfeited the license and entered an order on his docket instructing the clerk of the court to notify the state comptroller and the Tarrant county tax collector, Robinson filed a motion February 3 to set aside and vacate the judgment. This was overruled.

The complaint against Bratton is the third of a series of sensational incidents in county official circles that began with the resignations of Judge Bratton and County Commissioners Estill and Rogers. Within a few days after these resignations, the forty-eighth district grand jury indicted Robert L. Rogers on three counts alleging the offering of bribes to Bratton.

Grand Jury Investigating. The Seventeenth district grand jury, which was organized immediately after the adjournment of the Forty-eighth district grand jury, was instructed by Judge Swayne to take up the investigation of alleged bribery among officials where the preceding grand jury had left off. Saturday an attachment was issued for Bratton, alleging that he was preparing to remove from the city. The purpose of the attachment was to hold Bratton as a witness for the state against Rogers.

Bratton furnished \$500 bond and in a statement said he had no intention of leaving Fort Worth.

GREAT STORM DAMAGE

TOM GREEN, CONCHO AND COKE COUNTIES SUFFER FROM ELEMENTS.

Town of Tankersley Flooded—Railroads Are Washed Out—Crop Suffers.

San Angelo, May 22.—Tom Green, Concho and Coke counties had destructive wind and hail storms last night. In this section one large barn was struck by lightning and fire destroyed it. A cow near the barn was killed.

San Angelo street car and telephone service was put out of commission. At Tankersley, a small town southwest of here, nearly four inches of rain fell, flooding the town. Two small vacant houses were blown from their foundations and many trees were blown down there.

Rains are reported as being general throughout Concho county. Near Robert Lee a mill hall fell, damaging crops in Coke county.

Much Crop Damage. Mount Pleasant, May 22.—Much crop damage was done in this vicinity last night when a rain estimated at nearly six inches washed farm lands badly.

Sixty feet of the Cotton Belt railroad track three miles west of here was washed out.

Railroads Are Injured. Paris, May 22.—Heavy rains fell here last night, washing railroads and doing slight crop damage.

Hondo, May 22.—A light rain fell here early today. The precipitation was .36 of an inch.

Good Crop Prospects. Cisco, May 22.—Another fine show-off fell in this section last night and crop prospects, except for oats, are excellent.

One Inch of Rain. Kerrville, May 22.—One inch of rain fell over this entire section early today.

Crops Are Damaged. Lampasas, May 22.—Rain fell here today, accompanied by heavy winds, damaging oats and wheat.

MRS. WILSON IN "CLEAN-UP"

Wife of the President Is Active in Improving Washington Slums.

Washington, May 22.—With a one-day collection of \$5,400 of which Mrs. Woodrow Wilson contributed \$100, society women of Washington today took the first step toward cleaning up the slums of the capital.

Mrs. Wilson has quietly investigated the noisome alleys and narrow courts in which several thousand persons are crowded and knows personally the conditions that prevail in those sections.

The money was collected at a meeting of the Washington section of the National City Federation and today will be turned over to a corporation, headed by Brigadier General George M. Sternberg, former surgeon general of the army. It will be used to aid in the elimination of unsanitary dwellings in the slums and substitution of clean and wholesome houses that can be rented at nominal cost.

Among those who subscribed was former Chief Forester Clifford Pinchot, whose donation of \$3,000 was the largest individual sum.

GRAND OPENING!

F. W. Woolworth Co.

5c, 10c and 15c Store

Open For Inspection Friday, May 23rd, 2:30 to 5:30 and 7 to 9 p. m.

HUNT GIRL'S SLAYER

PENNSYLVANIA OFFICERS ARE SCOURING COUNTRY FOR MURDERER.

One Youngster Dies of Shock After Seeing Man With Two Little Girls.

Pittsburg, May 22.—Although the police have five men under arrest in connection with the murder of Grace Johnston, a school girl, the detectives and constabulary continue the search for the guilty party.

Two important clues have been unearthed. On Saturday it was said a strange man stopped two girls in the town of Pittsford, Pa., near the scene of the murder.

He endeavored to induce the children to go to the woods. The girls refused to accompany him. Marie Antonio, a child who was ill, happened

to see the stranger approach the girls and yelled at him from an open window.

The child's mother rushed into the room and Marie informed her of what had taken place.

On Monday the child died, supposedly from the shock. Another clue comes from Turtle Creek. Several women and children yesterday informed the state constabulary that they saw a man, Tuesday, loitering on a hillside near the town.

According to their story, the face of the stranger was scratched and cut.

Three men arrested yesterday are held in the Wilmerding lockup. The names they give follow: William D. Arnold, of New York; Albert Levin of Buffalo, and Albert Turner of Chillicothe, Ohio.

The other men were arrested in Trafford on Tuesday. The police refused to divulge their names.

Dynamite Saves Village. Chambers, France, May 22.—Military engineers blasted into fragments today the loose peak of a mountain, 860,000 cubic feet of rock, which had threatened to fall and destroy the village of Tormery. The village had been in danger from a slide ever since its foundation as a cluster of huts in the middle ages.

611 Austin Street

CLOPTON ON STAND

FORMER WACO MAN TESTIFIES HE ACTED IN SELF DEFENSE.

Details Tragedy Which Occurred in Dallas on Afternoon of February 28.

Dallas, May 22.—Defense attorneys for J. A. Clifton took the state by surprise this morning after a discussion about the bringing of Merrill W. Johnson, defense witness who is ill, into court on a stretcher. Attorney Neime and Buckett declared

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Ochine

This prescription for the removal of freckles was written by a prominent physician and is really so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Fawcett's Drug Co. under an absolute guarantee to refund the money, if it fails.

Don't hide your freckles under a veil; get on the first few applications and show a wonderful improvement. None of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the Ochine strength ointment; it is this that is sold on the money-back guarantee.

the defense did not care to bring a witness into court when he was ill, and that they did not believe the law provided for such.

Attorney W. W. Neime declared the defense had closed its case. Clifton is being tried on the charge of killing James L. White of the Republic Trust company in office at the Wilson building on the afternoon of February 28, 1912. The former trial was concluded the last week in March.

Defendant Takes Stand. The defendant took the witness stand Wednesday afternoon in his own behalf. On direct examination he testified substantially the same as at the first trial of the case. He denied how the shooting occurred and declared he acted up to the end in self defense. He told in detail of his transactions with the Republic Trust company, with which the deceased was connected, and also the transactions with others said to have been connected with the trust company. Witnesses remained on the stand for about two hours during the afternoon and his testimony was not concluded until this morning.

Given Cross-Examination. The defendant was given a grilling cross-examination. During this examination several new points were developed. There were in connection with the defendant's life during the past twenty-five years and had been to do with the company in which he is being tried. At the former trial the defense attorneys objected to the questions and the objections in most instances were sustained. This time, however, the defense did not object and the witness was allowed to answer in his own way.

Mr. Clifton was asked and answered during all the time he was on the witness stand. He spoke in an impressive manner and had given the jury what he felt the defendant needed to hear at the time he was on the stand.

and others of the Republic Trust company.

Big Woman Dead. New York, May 22.—Mrs. Mary Peters, weight 600 pounds, who for 50 years was exhibited as a freak, died last night at the county hospital, following an operation for the removal of a growth weighing 150 pounds.

Paymen Fight Greenhoppers. Wichita Falls, Texas, May 22.—Applicants for the harvest are being used by farmers of this section in a fight against greenhoppers.

The insects are more numerous than for many years and especially in wheat and oats.

The farmers make a syrup containing the poison.

By G. D. Wilson.

Galveston and Waco tied each other yesterday to see which could dish up the stranger conglomeration of sensational baseball, corner lot "scrub" and expensive drops. Whenever an error would prove costly, that error was made, and half raising catches were made at other times. The one redeeming feature of the game was its comparative freedom from "bone head" plays. There were tank errors enough on both sides, but with possibly one exception there was not a purely foolish stunt performed. This one stunt was pulled by the Pirates outfielders when they held a consultation on the merits and qualifications of Reilly's fly. The consultation would have been all right in its place, but not with the ball in the air. Reilly was scored a hit as a result.

With all that the Pirates won. They won because the locals found more critical times to make their errors, not because they made more, nor be-

The fielders held a conference.

cause Galveston out hit the locals. The Waco bunch got one more hit, had more men left on base, and made the same number of errors. Waco really outplayed Galveston's bunch, but that is not bragging.

And then Waco had the decisions and the fun both against them. In the third inning with Galveston at the bat, two men were on when Priester hit the ball to the infield and seemed to have been thrown out. Matthews made a motion that was interpreted by players and spectators as calling him out. Manager Carson claims he did call Priester out. The Waco players made an effort to keep playing. Williams and Mann scored for Galveston. Matthews walked toward home plate when he made the decision and let the man which he held in his hand back over his shoulder, then held his palms down indicating the man was out. Carson was sent from the park for protesting and saying he was dead, so much for the decision.

Now for a tie in ninth. Waco had tied the game in the ninth by pounding Harbin to the four points of the compass. Errors allowed Galveston to get two points ahead in the tenth. A recent local attention arose for Waco to stop the count down and claim it for their selves when they were at bat. The bases were full, two out and Big Fred Wohlenbein up. Let a good lady come to a Waco fan and say, "You can have anything on earth you want, what'll it be?" and that fan would answer, "I'll have three men out bases and Fred Wohlenbein at the bat."

And here it was. All without the lady and the asking. Then what happened? Absolutely the only thing in the world that could have kept Fred from walking on with that old game. Wohlenbein was hit by a pitch as wild as a March hare, that is if a March hare is wilder than any other kind, for Harbin was some wild. He did not fly one that Fred could barely catch. He did manage to get the ball, but he hit it, and fell in the diamond and Wohlenbein and Matthews were doubled. A dramatic would label the thing an anti-climax, grade 1.

Crishlow, the usually steady, reliable batter, dropped two, that came at the worst time that could have been picked. He had to run for one, but the other was easy. Matthews, after throwing a big bomb into the Pirates camp with his three batters, and which was the real start of a rally that tied the score, 5 and 4, had to give away the lead, that he had almost saved in the tenth, by a bad pop to first. He had a hard stop and

a risky throw, and it let in the two winning runs.

Fritz, who first did mound duty for Waco, was hit hard, and his control was poor. Jost, who had worked the day before, replaced him in the fourth. Olin went well for a short time, then was pounded freely. Heim was sent in at the beginning of the ninth after the Navigators had made their great rally in the eighth. Heim went great the rest of the game, striking out four men.

An Exciting Game.

The whole affair was as exciting as shooting the Niagara rapids. No sooner was one danger passed than another was encountered by both teams. The pitchers were always in some kind of a hole, if not of their own digging, as a result of the misplays of their teammates. The fact that the locals were coming from behind made the suspense the keener.

In the third inning, after Matthews' change of mind, Tanner came to bat and vented his wrath on the ball, putting it over the right field fence. Two were out and none on base. Dadd of Galveston repeated the stunt in the first of the fourth, putting it over the left field fence.

With the score 6 to 3 in favor of Galveston, Reilly came to bat in the eighth and singled, Jost advancing him on a hit. Run, being put out at first. Duguey walked, McMahon tripled, scoring Reilly and Duguey, Tanner's sacrifice fly scored McMahon. McMahon was thrown out through Priester's error, but was thrown out at second.

In the ninth Galveston failed to score and Wohlenbein, for Waco, flew out. Crishlow went out to Williams. Renard hit for three bases and Reilly's single brought him in, tying the score. Heim struck out.

In the tenth Matthews, for Houston, singled. Dadd struck out. Harbin struck out. Crishlow dropped Hupkin's fly. McMahon threw badly to Wohlenbein to catch Mann and Hopkins scored. Madden flew out to Crishlow.

A Day of Frank Plays.

The tenth was the inning Wohlenbein dodged the ball and hit into a double, this one stunt was pulled by the Pirates outfielders when they held a consultation on the merits and qualifications of Reilly's fly. The consultation would have been all right in its place, but not with the ball in the air. Reilly was scored a hit as a result.

With all that the Pirates won. They won because the locals found more critical times to make their errors, not because they made more, nor be-

Summary: Two-base hits, Williams 2. Three-base hits, Priester, McMahon, Renard. Home runs, Dadd, Tanner. Sacrifice hits, Mann, Dadd, Jost, Harbin, Hopkins. Hits, McMahon, Crishlow. Sacrifice fly, Tanner. Stolen bases, Hopkins 2, Madden, Jordan, Williams, Dadd, Renard. Pitching record, six runs, eleven hits off Harbin in 9 innings. Runs, 5 and 4. Errors, three and two-thirds in. Hits, two runs, four hits off Jost in 9th and one-third in 10th. Bases on balls, off Harbin 7, off Hiatt 1, off Fritz 4, off Jost 1, by Jost 1, by Heim 1. Passed ball, Reilly. Double plays, Jordan to Williams, Reilly to McMahon. First on error, Galveston 4, Waco 14. Time, 2:37. Umpire, Matthews.

Houston 12, Austin 1.

Austin, May 22.—Houston purchased Austin's pitcher, Brock, today by paying \$10,000 for his services. Brock pitched for a total of thirteen runs. Waco was almost invincible for Houston and it was not until the ninth inning with two down that Austin scored and broke the streak. Brock started it for Houston in the first by pecking wild to second to get a third out and before the inning was over three runs were scored. In the eighth Houston had scored runners up for a total of seven hits and three runs. The game except for the heavy hitting of the Buffaloes, was devoid of features.

White Sox Break Even at Mt. Calm

The Waco White Sox, a fast amateur aggregation of diamond stars, journeyed to Mount Calm yesterday where they had a double header scheduled with the team of that place. They won one and lost one.

The team claims to have had a most enjoyable trip and returned in good spirits, satisfied to get an even break with the fast Hill county bunch.

The local team is managed by Coy Vandine and is among the fastest amateur teams in Central Texas.

Powers Sold to Galveston.

Catcher Powers, who has been kept by the Waco club for emergencies while Manager Carson was out with a broken finger, was sold yesterday to Galveston.

Powers is a youngster that gives promise of making a good catcher. Waco got him from San Antonio and Powers said Wednesday that he understood he was to go back to the Bronchos. The sale was a surprise to him.

Bayler Player Ties Out.

Pitcher, McDaniel, of the Baylor baseball team, was in Waco yesterday at Katy park. He has not been made a definite proposition, but it is understood Carson has offered him a chance to work in a game.

McDaniel objects to playing Sunday ball, and will not sign a contract. It is stipulated that he can remain out of the game on Sunday.

Manager Vendine of Waco White Sox

Coy "Sherry" Vendine led his White Sox to Mt. Calm yesterday, where they split even with the Hill county team on a double-header.

BROOKLYN PROTESTS GAME

Pittsburg Wins Five Inning Contest
From Dodgers in Pitting Rain
By Score of 1 to 0.

Brooklyn, May 22.—Today's game with Pittsburg developed into a farce because Umpire Klem refused to call it during a pelted rain. Finally in the fifth inning, he stopped play when steepled aid past second base in the game while in the afternoon and Pittsburg won 1 to 0. The game was protested.

Score by Inning: R. H. E.

Business China Consulate.
Washington, May 22.—John R. Mott, international secretary of the Y. M. C. A., had a conference today with President Wilson. Mr. Mott, who has just returned from the far east, had been offered the post of minister to China, but declined. Mr. Mott said he did not feel at liberty to say what he discussed with the president, but it is believed they talked about men used for the diplomatic work in the orient.

Vincent Astor's Motor Boat Is Fastest in American Waters

Madison, Wis., May 22.—On the campus of the University of Wisconsin today Mayor Rudolph Blankenberg of Philadelphia pledged a renewed purpose to solve the city's problem. The mayor spoke to a large assemblage of students and the members of the delegation of 120 easterners who came here yesterday to learn the lesson of popular education as the university applies it throughout the state.

"There is a new spirit in Pennsylvania, as is in Wisconsin," he said; "our people have suffered from indifference, ignorance and selfishness. We are trying to wake out of this lethargy and one proof of it is the fact that this delegation of over a hundred has come here to learn of how you people in Wisconsin have solved the problems that have been troubling us."

"We are going ahead to make the improvements. We will do away with the ignorance, the indifference and the selfishness all through this country and when we finish we will be a shining light for all the world."

"People in Philadelphia have not looked at the operation of a great city as that of a corporation. Yet, we have in the city of William Penn more than 1,000,000 stockholders. We are going ahead to make that corporation efficient. We have begun by banishing the politicians from the city hall."

Marketing of farm products, the benefits to the farmer of agricultural extension work, the importance of pure bred gains, the value of pure milk and the success of pure bred livestock will be explained and demonstrated by the staff of the Wisconsin college of agriculture tomorrow morning.

GIANTS GET FROMME ROTAN WINS FIRST

TRADE A PITCHER, AN INFILDER
AND AN OUTFIELDER FOR
TWIRLER.

Fromme to Report Immediately—Trio
of Former Giants Join Reds at
Philadelphia.

New York, May 22.—The New York and Cincinnati clubs of the National league today completed a deal whereby the Giants gave Pitcher Leon Ames, Outfielder Josh Devore and Infielder Groh to the Reds in exchange for Pitcher Fromme.

The 1912 records show Fromme's pitching record as .457 for 42 games, of which 23 were completed games. He batted .087. Ames started in 33 games, nine of which were completed games, and his average was .258. He batted .244. Devore batted .275 and fielded .918. Groh, who was a sub infielder, batted .271 for twenty-one games.

"Ames and Devore have been of little use to the club during the past three years," said John J. McGraw this afternoon in discussing the deal, "and I believe they will play far better with the Reds. Groh is a good, fast fielder and a consistent hitter, but I couldn't find a regular berth for him."

Fromme will report to the Giants at the Polo grounds tomorrow morning and the trio of late Giants leave for Philadelphia tonight to join the Cincinnati club.

TRAVERS PLAYS IN TOP FORM

Wins Morning Golf Match and During
Rainstorm Plays Great
Game.

New York, May 22.—Successful playing on the part of National Champion Jerome D. Travers, the elimination of Walter J. Travis from the third division of players and the defeat of Fred Herreshoff, who won the Oakland, L. I. tournament a week ago, were features of the game while in the tourney of the Metropolitan Amateur Golf Championship at Fox Hills, Staten Island.

Travers won his match in the morning round of 18 holes from H. H. Kerr, of South Shore, L. I., but did not exhibit his usual deftness at any stage of the game while in the afternoon part of the play being during a severe rainstorm, he was almost at the top of his game and defeated W. J. Graham of Greenwich, Conn., by five up and four to play. Herreshoff's defeat was accomplished by M. M. Michael of Yonkiah, in the first round for the championship eligibles—Travis succumbed during the second round for the third division. The veteran was unable to do himself justice, owing to having wrenched his right knee two days ago and was on down to J. L. Lord of Brooklyn on the home green.

Oswald Kirby, the New Jersey state champion, is expected to win his match in the third round tomorrow morning and probably will meet Travers in the semi-final later in the day.

\$250,000 FOR OIL LEASE.

Corsicana Company Makes Big Deal Near Burnett.

Wichita Falls, Tex., May 22.—The Corsicana Petroleum company announced today the purchase of the O'Reilly lease of 3,600 acres near Burnett, from the Greenlee Brothers. The deal has been approved by Receiver Brooks. The consideration is said to have been a quarter of a million dollars.

There is only one completed well on this lease. It is producing more than a hundred barrels a day.

after most of the "talent" had predicted a dry hole.

Escaped Convict Surrenders.

Austin, May 22.—Henry Wilson, who escaped from the Ramsey state farm about ten days ago, came into the governor's office this morning and surrendered. Wilson was sent up for fifty years for murder in the second degree. According to the statement of Wilson this morning he believed that fifty years was too long a sentence and decided to escape. Later, his conscience twinged him and he decided to give himself up.

G. O. P. ACTIVE IN MENDING FORCES

WASHINGTON IS ALIVE WITH PROGRESSIVES AND THE OLD GUARD.

WILL HOLD A JOINT CAUCUS

Strong Efforts Are Being Made to Reorganize the Congressional Campaign Committee.

Washington, May 22.—With Republican senators urging a joint senate and the house caucus for immediate reorganization of the congressional campaign committee, to seek the reclamation of Republican power in congress next year; with Progressive Republicans conferring on plans of reconciliation of the divided party and members of the national executive committee assembling for a meeting here Saturday, Washington today became a bee hive of Republican activity.

Most significant of recent party developments since the defeat at the polls last November was the conference of Republican and Progressive Republican senators early in the day to institute reorganization of the congressional campaign committee, which house leaders have vainly attempted for weeks.

Thirty-one senators attended the conference, presided over by Senator Gallinger and with almost unanimous approval a committee of five was appointed to confer with house leaders with a view to holding a joint caucus as soon as possible to clear away the party difficulties.

It was the prevailing opinion of the senators' conference that the congressional committee should be reorganized at once, with representation from the senate, as well as the house, following the suggestion from President Wilson adopted by the Democrats and that headquarters should be established, a publicity campaign inaugurated, and a definite campaign policy outlined as early as possible.

Personalities of the personnel of this consulting committee as an indication of the general effort being made to reunite the party, its members consisting of Progressives, and regulars as well.

The committee members are Senators Gallinger, Townsend, Clark of Wyoming, Norris and Jones. This five will consult with the house Republicans and expect to find no opposition for a joint caucus, the house Republicans having found trouble already in trying to organize the congressional committee to choose the successor to Wm. B. McKinley as chairman.

Representative Gardner of Massachusetts recently announced his candidacy for the chairmanship of a liberal policy and an attempt of his champions to hold a caucus failed to bring out a quorum. Since then nothing has been done and the senators hope to bring about definite action.

The conciliators, spinning as a result of the Chicago Progressive Republican conference a few weeks ago, have been called to meet with Senator Cummins tomorrow to plan for presentation of their plans to the national executive committee called to meet Saturday by Chairman Hilges. The members of the conciliation committee are Senators Cummins, Crawford and Jones; Representatives Crampton, Michigan; Rogers, Massachusetts; Anderson, Minnesota, and former Governor Hadley of Missouri. Mr. Hadley probably cannot get here for the meeting tomorrow.

Will Outline Desires. The conference will outline to the executive committee the desires of the Progressive party for a party convention this fall to reorganize the party and reform its machinery relating to the selection of delegates and conduct of contests.

In line with these ideas, Senator Sherman of Illinois today introduced in the senate a bill which would provide that delegates to national conventions of all political parties be elected at primaries. Under its terms the delegates would be chosen according to the vote cast at the preceding election for candidates of the respective parties and state primary laws would govern. A policy such as this will be urged by the liberal leaders before the national committee. They expect the executive committee Saturday to call a meeting to consider the plan.

Members of the executive committee are John T. Adams, Iowa; Fred Estabrook, New Hampshire; J. P. Goodrich, Indiana; Thomas A. Marlow, Montana; Alvah H. Martin, Virginia; Thomas K. Neidringhaus, Missouri; S. A. Perkins, Washington; Newell Sanders, Tennessee; Charles R. Warren, Michigan; Roy O. West, Illinois; Ralph E. Williams, Oregon, and Charles D. Hille, ex-officio chairman of the national committee.

The Progressive wing of the party favors a convention for rearrangement of the apportionment, with a view to strengthening the apportionment among Republican states. A proposition is urged either to increase arbitrarily the representation in the northern or reduce the representation in the southern states.

There is a difference of view among the committeemen as to the necessity or wisdom of a convention for this purpose and some of them contend that the national committee itself has power to change the apportionment.

TOO LATE TO CLASSIFY. WANTED—Solicitors, ladies or men, for high class product house to house work, salary basis; call between 9 and 10 a. m., 215 N. Seventh street.

FOR RENT—Beautiful Austin avenue two-story residence, nicely situated for renting rooms; every convenience; see Chas. A. Weathered & Co., 1293-1304 Amicable Bldg.

Receipts for Condemned Man. Austin, May 22.—Governor Cullett this morning granted Henry Brock, sentenced to hang Friday, a respite of one week. He has not had sufficient time to examine the papers and the facts of the case. The date of May 30 has been set for the hanging.

Beachey, Master of Air Will Never Fly Again

San Francisco, May 22.—"They won't call me the master birdman any more," said Lincoln Beachey, the aeronaut. "I am done. I have flown my last. I wouldn't enter an aeroplane again at the point of a gun. I know why they came to see me fly. It was a morbid curiosity to see something happen. Like it has happened to others—they wanted to see me killed."

Horace Kearney's mother begged him in Chicago last September not to teach her son any new tricks. But he did. Two months later Kearney was killed.

Charlie Welsh's wife asked her husband not to do anything like Beachey's spirals. Welsh said that inasmuch as Beachey did them he had to in order to "get the money." Two weeks later he was killed at Trenton, N. J.

Not long ago Mrs. Eugene Ely wrote to him when he sent her some tickets for an exhibition: "Charlie would have been with me now if he had never seen you fly."

"So I am done," said Beachey. "I am not going to take any more chances myself and I am not going to lead others to their deaths."

PRISON PROBERS AT HARLEM.

W. T. Eldridge Attacks Committee on the Sugar Cane Question. Sugarland, Tex., May 22.—Despite the rainfall the legislative prison probers left early this morning for the Harlem farm, where the day was spent in inspecting.

A feature of the stay here was an attack by W. T. Eldridge upon the present commissioners who he charged had "in their desire to ruin him" seriously jeopardized the interests of the state.

Mr. Eldridge alleged that while the state had made a failure in cane growing, he had, with far less in the way of facilities, made big money and a success out of it.

The Sugarland railroad freight rates and other matters received considerable attention during the stay here.

TWO KILLED IN WRECK.

Engineer and Fireman on S. A. & A. P. Meet Death at Lexington.

Yorkum, Tex., May 22.—The wrecker on the S. A. & A. P. railroad left here at 4 o'clock for Lexington on the Waco branch, where a freight wreck occurred at 11 o'clock this morning.

The engine turned over and Engineer E. D. Waterwall and Fireman Bradley were instantly killed.

Waterwall lives at this place and leaves a widow and two small children.

Wind Moves Family. Greenville, Texas, May 22.—Near West City last night, J. A. Boggs, his wife and two children were blown 300 yards when a small tornado destroyed their home. All were seriously injured. The storm did \$1,000 damage to Boggs' place.

OPENING COTTON PALACE SKATING RINK

SATURDAY, MAY 24

MORNING, AFTERNOON AND NIGHT

9:00 to 12:00 a. m. : 2:30 to 5:30 p. m. : 7:30 to 10:00 p. m.

The morning session will be devoted principally to children and beginners—if you can walk you can skate.

SKATE FOR PLEASURE AND RECREATION

The afternoon and evenings will be devoted to those who know how to skate. No one under twelve years will be allowed on the floor during the night sessions.

General Admission 5c : Skating 25c

A GOOD TIME IS ASSURED TO ALL

SIFT FULL CREW BILL

SWITCHMEN'S UNION ALSO DISCUSSES OTHER MATTERS OF IMPORTANCE.

National Administration is Commanded for its Friendliness to Labor.

Houston, May 22.—After creating the office of assistant to the president and disposing of other important matters, the attention of the Switchmen's Union of North America this morning was directed to devising ways and means to advance the federal full crew bill now pending in congress, and the creation of a fund for the advancement of legislation of interest to the cause of unionism in general.

The present national administration also was commended for its friendliness to labor and the statement was made that 16 members of congress carried union cards, while one member of the cabinet and several bureau chiefs were also identified with the union labor cause.

Another proposition considered but unacted upon is the centralization of all meetings of the grand lodge at Buffalo, N. Y., in the interest of efficiency and economy. This proposal is being fought by representatives of several cities with aspirations for the entertainment of the grand body.

One important change already made in the organic law is the cutting down of future representation in grand lodge meetings of the larger cities.

Hereafter each lodge is to have equal delegations with equal votes. It was contended that under the old rule large cities were given undue power in managerial and convention affairs.

Why Government Comes High.

(Toledo Blade.)

The National City bank of New York city has sent out a circular in which it analyzes the costs of running the government.

It recites the fact that for the first seventy years the government was conducted for about \$2 per inhabitant. But in the last few years have come enormous extensions of government service, the establishment of thousands of new post offices and the building up of an elaborate rural mail delivery.

The founding of departments for the guidance of agriculture, the protection of forests, the digging of a great interoceanic canal and the deepening of harbors and rivers and scores of ventures with other governmental activities. These the National City bank considers legitimate and justifying an increased charge per inhabitant.

But the circular criticizes the methods by which the government is conducted. It says "it lacks system in financial transactions." It has mortgaged the future to the extent of \$175,000,000 "with no sign of provision for revenues to meet the appropriations which coming congresses must make to fulfill the engagements." This is not, says the circular, mere "careless, happy-go-lucky method. It is an utter absence of method."

The government is, of course, wasteful and unsystematic. But the blame

should not all fall on those who have been in the government service. It rests in large part upon the citizens who have abhorred politics, have had nothing to do with it except to criticize it, and who yet by natural talent and training could take the wastefulness out of the government service. The men of this type speak now through the circular the National City bank has issued. Perhaps we can take the document as a sign that they are breaking away from their attitude of aloofness.

(Consular Report.)

A meeting was recently held at Fajardo, on the eastern side of the island of Porto Rico, for the discussion of irrigation problems. This has been a very dry year, and even plantations on the north and east coasts, which usually have sufficient rainfall for sugar cane, have suffered to such an extent that the establishment of irrigation works is being seriously considered. An irrigation engineer of the department of the interior was present at the meeting and discussed the engineering features of the problem, and much interest in the subject has been aroused.

Send Company to Formed.

Austin, May 22.—The Texas Land and Gravel company, with a capital stock of \$5,000, filed its charter with the secretary of state today. The incorporators are T. J. Palm, H. C. Black, W. C. Rettinger.

COTTON MORE ACTIVE

PRICES MAKE HIGH GROUND WITH NET GAIN 15 TO 17 POINTS.

Demand More Active After Publication of Weather Reports Showing Heavy Rain.

New York, May 22.—The cotton market showed increased activity and strength today with prices making new high ground for the movement, closing firm at a net gain of from 15 to 17 points, in sympathy with higher Liverpool cables.

Trading was only moderately active at the start and there was a little realizing by recent buyers for a time, or some selling by houses with southern connections, which may have been encouraged by prospects for fairing weather in the western and central belts. Only slight recessions occurred, however, and the market gained strength on continued covering and scattered buying, part of which seemed to come from trade sources.

The demand became more active after the publication of the detailed weather reports showing heavy rains in the central belt, which has recently been complaining of excessive moisture and on the consequent advance, stop orders were uncovered. More or less excitement then developed and prices shot up sharply, with July contracts selling at 11.55 and December at 11.25, or about 35 to 43 points above the recent low levels, and at the highest point reached since the break of last April. Realizing was active enough to check the advance around these prices, but the close was within a point or two of the best.

Beyond the apprehensions of too much rain in the central belt, there seemed to be nothing fresh in the new crop news to cause shorts alarm, or to create any fresh sentiment with reference to the probable showing of the first government condition report. The steadiness of Liverpool and further reductions in the local certificated stock were factors in the advance, however, and shorts were probably rendered more sensitive to the unfavorable reports from the central belt by the fact that the market failed to weaken on the breaking of the eastern belt drought toward the end of last week.

New Orleans, May 22.—Heavy buying featured the cotton market today. Gossip said it was for large traders who were taking the long side in an effort to cause the large short interest that had been building up for some time past to cover at a loss before the first bureau report of the season on condition, which will be issued Monday, June 2. In the morning the market was quiet, but steady and prices took on a small advance. In the afternoon the market livened up and buying increased until the ring roared with activity. Throughout the day shorts were busy in the market, but rumor said that the operations of the bulls were based on the desire to run to cover large lines of short cotton.

The market opened steady at an advance of 1 to 2 points on good cables and reports of heavy rain in the western sections of the belt. The Atlantic continued to complain that rains were not general. Bulls were not particularly aggressive in their buying, especially after telegrams telling of blooming cotton were received from several points in Texas and Louisiana. Toward noon bulls came out with the claim that the pending report on condition would be below the ten-year average of 79.9 per cent. This increased the buying and in the afternoon the market went 15 to 16 points over yesterday's final quotations, closing at an advance of 8 to 13 points.

WHEAT IS SET BACK

HEAVY PROFIT TAKING BY THE LONGS CAUSE OF THE SLUMP.

Close Is Weak—Corn Advances on Big Purchases by Well Known Speculators.

Chicago, May 22.—Heavy profit taking by longs today gave the wheat market a set back, notwithstanding that serious damage in Kansas was confirmed. The close was weak with prices ranging from 1/4c net decline to 1/4c advance. Corn finished 1/4c to 1/4c up, oats at a gain of 1/4c to 1c and provisions unchanged to 1c down.

Urgent demand from wheat shorts kept the pit in a turmoil the greater part of the day. More than once the call was so importunate that prices went to a materially higher point than yesterday's top. The successive advances, however, encountered sales of such magnitude that one broker alone disposed of a million bushels. Final weakness resulted partly from statements that even allowing 50 per cent damage in Southwest Kansas, the state could still have a crop of 100,000,000 bushels, the largest ever raised. Oklahoma dispatches also predicted a liberal total despite inquiry from dry weather. The fact that export bids had not been raised counted, too, against the bulls.

Corn advanced on account of big purchases by well known speculators. They took the position that nothing but receipts here would check an advance. When the buying ceased, the market slowly reacted. Many reports that crop progress was unsatisfactory lifted the prices of oats.

Selling credited to the big packers eased the provision market. The best demand came from pit traders, influenced by the strength of coarse grain.

STOCKS ON UP TURN

IMPORTANT ISSUES ARE LIFTED 12 POINTS, SHOWING A SCANT SUPPLY.

Firmness of U. P. Indicates Satisfactory Progress in Being Made in Dissolution.

New York, May 22.—In a comprehensive upward movement which lifted the important stocks 12 points, the market today broke away from the narrow groove which it has been following recently. Trading was heavier and the ease with which prices were marked up suggested a scant supply of stocks.

It was assumed that short selling had been over extended and that covering was primarily responsible for the rise. Prices relapsed from the high point in the last hour, after the most depressing demand from shorts had been satisfied.

Harrison stocks led in the upward movement, being influenced by persistent rumors that a plan had been agreed upon for separation of the properties in accordance with the decree of the supreme court. Apparently the only basis for the report was the fact that a joint meeting was held of representatives of the Union Pacific and Southern Pacific boards.

The firmness of Union Pacific recently, and its ready response previously to similar unconfirmed rumors have strengthened the belief that satisfactory progress is being made in the negotiations.

Considerable importance was attached to the announcement that \$100,000 gold had been engaged for export to Venezuela.

The engagement was believed to mark the beginning of the outflow of gold to South America, which occurs each year. In the opinion of international bankers this year's movement will be larger than usual. In view of the efforts being made by the principal banks of Europe to build up their gold reserves it was regarded as probable that this country, with its unprotected store of gold, will be called upon to play a larger part than heretofore in the shipment of gold to South America for European account. Bonds advanced after some hesitation in the early trading. There was a good market for the new issue of New York City bonds at 100. Total sales, par value, \$3,000,000.

United States 4 1/2 coupon advanced 1/4, the three coupon 3/4, and the three registered 1/4 on call.

The two coupon declined 1/4.

MONEY MARKET.

New York, May 22.—Time money market paper 5 1/2c. Sterling exchange easier with actual business in bankers' bills at 43 1/2 for 60 day bills and at 46 1/2 for demand. Commercial bills 47 1/2. Bar silver 60. Mexican dollars 48. Government bonds irregular; railroad bonds firm.

New York, May 22.—Money on call steady, 2 1/2c; ruling rate 2 1/2c; closing bid 2 1/2c, offered at 2 1/2c. Time loans irregular, 60 days 3 1/2c, 90 days 3 1/2c, six months 3 1/2c.

London, May 22.—Bullion amounting to 110,000 pounds was taken into the Bank of England on balance today.

Paris, May 22.—Three per cent rentes 55.90c; for the account. Exchange on London 25 1/2c for checks. Private rate of discount 3 1/2c per cent.

London Consols.

London, May 22.—Consols for money 7 1/2c; account 7 1/2c. Bar silver uncertain 27 1/2c per ounce. Money 3 per cent discount. Futures short bills 3 1/2c 15-16; three months bills at 3 1/2c.

POULTRY, BUTTER AND EGGS.

St. Louis, May 22.—Poultry—Chickens 14; springers 25@32; turkeys 16; ducks 12; geese 7. Butter, creamery, 24@25. Eggs 17.

New York, May 22.—Eggs steady unchanged, receipts 25,997 cases.

Chicago, May 22.—Butter lower, with creamery at 24 1/2c to 27 1/2c. Eggs unchanged, receipts 14,117 cases. Potatoes higher, receipts 33 cars; Michigan 70@75; Minnesota 65@70; Wisconsin 67@75. Poultry unchanged.

Kansas City, May 22.—Butter creamery 27 1/2c; firsts 24 1/2c; seconds 25 1/2c; packing 23 1/2c. Eggs and poultry unchanged.

COTTON SEED PRODUCTS.

New York, May 22.—Cotton seed oil was firm, closing prices showing a net advance of 2 to 7 points. The buying was by refiners and the west, and some new speculative demand also was in evidence induced by the strength in cotton. Sales 12,300 barrels.

Additional tenders on May contract were 700 barrels; price crude nominal; do summer yellow spot 77.10@77.50; May 77.11; June 77.07; July 77.04; August 77.16; September 77.17; October 77.18; November 77.17; December 77.18; prime winter yellow 77.15 bid; do summer white 77.30 bid.

Memphis, May 22.—Cotton seed products prime basis oil 64.10. Meal 32.60. Linters 2 1/2c.

St. Louis Produce.

St. Louis, May 22.—Flour steady; hay steady. Receipts—Flour 11,000; wheat 23,000; corn 10,000; oats 43,000. Shipments, flour 7,000; wheat 53,000; corn 30,000; oats 41,000.

Coffee.

New York, May 22.—Coffee futures closed steady. Sales 55,500. Spot coffee quiet, No. 7 Rio 11 1/2c; No. 4 Santos 13 1/2c. Mild coffee quiet, Cordova at 14 1/2c@17, nominal.

Sugar.

New York, May 22.—Raw sugar was steady. Sales 55,500. Spot coffee quiet, No. 7 Rio 11 1/2c; No. 4 Santos 13 1/2c. Mild coffee quiet, Cordova at 14 1/2c@17, nominal.

AMONG WHOLESALERS

LAST RAIN UP THE COUNTRY PUTS THE BUSINESS MEN IN GOOD FRAME OF MIND.

Brazos Shows a Foot of Black Muddy Water From the Prairie Sections.

Wholesale men were in a remarkably good humor yesterday. Good rains all over the northern territory tributary to Waco's trade interests caused the general good feeling.

The Brazos shows about a foot rise and as the water is that black, muddy hue which comes only from the black land prairie, it is easy to see the rise comes from the creeks not far up the river.

Private information from Hill county is to the effect that Aquilla creek,

For Sale—Real Estate.

The wise and knowing ones are buying on Franklin street. Marshall, Neblett & Zinzina.

HAVE client who will trade some good property for diamonds. J. B. Woody, Royal Hotel.

BARGAIN on Herring avenue; price \$3,000. Ben F. Dancer & Co.

WE advise U—

1—TO BUY WACO PROPERTY.

2—To investigate closely both property and agent offering to sell same. It will cost you nothing to remember and act on this advice. It may cost you heavily to forget it.

Say, Mr. Investor, or Home Seeker, if a proposition is put up to you, and some other person buys and makes a nice profit, haven't you practically lost that profit? If you buy and find out later that there is some serious drawback to the property, which the agent "forgot" to mention, aren't you the loser? Think these things over before you buy.

We solicit your business on a merit basis, and would rather not deal with you than to sell you an "elephant." We give strict attention to anything that will in any way detract from the value of the property offered for sale, and give our clients the full benefit of our knowledge.

"We may both lose if you don't trade with us."

For Breakfast Tomorrow

EAT WHAT YOU LIKE

Digestit
WILL DIGEST IT

YOU can eat and enjoy the things you like! The wonderful foods and nourishing breakfast dishes, hot breads and cereals, soups, stews, meats, fish, eggs, whatever your palate prefers. Sounds like a dream?—It does. It's almost too good to believe but it is literally true. The DIGESTIT tablets (for indigestion and dyspepsia, acidity or chronic constipation, flatulency, etc.) take the "little fighters" that take the stomach's part and do the "committee work" while the stomach rests. They break the food and crumble it up, turning it into the form the system likes and the blood can take up. Get these little fighters "on your side." "Eat What You Like, Digestit Will Digest It."

WILSON SHOWS MERCY

PRESIDENT GRANTS PARDONS AND COMMUTES SEVEN SENTENCES.

Widow With Three Children Is Freed Under Charge of Selling Liquor Wrongfully.

Washington, May 23.—President Wilson today disposed of 28 appeals for clemency, restoring civil rights in 13 cases, granting two pardons, commuting sentences of seven prisoners and denying the applications of six.

The five-year sentence of Albert Schoenle, for embezzling funds of the Central National Bank of St. Louis, Mo., was commuted to one year and a day.

Harry T. Lee, who pleaded guilty to abstracting money of the National Bank of Lawrence county, New Castle, Pa., likewise received a commutation of his five-year sentence to a term of one year and a day. The prisoner's father had mortgaged his home and paid off the entire amount of \$1805 under the impression that his son would not be prosecuted.

Sentence Was Excessive. The president commuted to twelve months the five-year sentence of Louis Rich of Portland, Ore., for falsifying records of the National Bank of Salem, Ore. The trial judge and prosecuting attorney said the sentence was excessive.

The loss of an arm by Samuel J. Jumper, while working in the laundry of the federal prison at Leavenworth, Kan., where he had served three years of a five-year sentence for embezzlement of less than \$200 of money order funds at Paris, Tex., caused the president to commute his sentence to expire at once.

James M. Moorehead, serving a life sentence for murder in 1904, at what was then Paul Valley, Indian Territory, was pardoned because it seemed the deed was committed in self-defense, or at most, was only manslaughter. He has served the equivalent of a ten-year sentence.

Woman Is Pardoned. United States Judge Keller, who presided at the trial of Mrs. Dede Tomblin at Huntington, W. Va., for selling liquor without the payment of the special tax, himself drew up a petition to the president for the woman's pardon, which was granted today. The judge suspended a 30-day sentence on the ground that it was unwise in this case to impose imprisonment upon the widowed mother of three children.

U. G. Copeland, sentenced at Little Rock, Ark., April 15, 1910, to five years in prison and to pay a fine of \$1000 for making fraudulent charges of \$96 against the government, was given his freedom in reward for capturing a parole-breaker.

He has served over three years.

BOY AND \$2,000,000 IN FIGHT

Five-Year-Old Boy Inherits Millions of Dollars if He Is Known as Shoemaker.

Seattle, May 23.—Henry W. Shoemaker of New York, is plaintiff in a suit here against his divorced wife, Mrs. Beatrice Barclay Shoemaker Perry, and her husband, Richard Perry, for annulment of their adoption of "Shoemaker," five-year-old son, Henry, and for restoration of his name, Shoemaker.

The father declares the boy will inherit \$2,000,000 from the estate of his grandfather, Henry Francis Shoemaker, of New York, if the name is restored. The petition does not seek the custody of the boy.

The petition states that the grandfather is 67 years of age and feeble and has provided a bequest of \$2,000,000 to the petitioner in the will which the father promises the boy shall inherit if he bears the family name.

The boy's mother, the daughter of a wealthy lumberman, replies that the boy will be amply provided for under his present name.

Teach the Children to Call for Grape Juice

It agrees with delicate stomachs.

It can't throw out of gear any of the sensitive machinery of small digestive organs.

It is a life-giving drink.

It contains the essence of energy.

It is as pure as pure water.

It makes healthy little bodies of firm flesh and sound muscle.

Pure grape juice is one of the best of foods.

Call for it at our fountain.

We keep the best.

Three Political Enemies Now on the Same Platform

New York, May 23.—When Theodore Roosevelt, William R. Hearst and Governor William Sulzer stand on the same platform at Carnegie Hall, this city, May 25, to speak for direct primaries against Tammany Hall and the state Democratic organization, the old adage that "politics make strange bedfellows" will have a forcible illustration. Governor Sulzer having broken with the organization of his party in New York state, decided to make a fight on it, using direct primaries the issue. The legislation in control of the state organization, of which Charles F. Murphy is the leader, adjourned without passing the kind of direct primary measure the governor wanted. At once he announced a call for a special session, and said he would take the stump to arouse public opinion to force Democratic and Republican members alike to accept a bill in the extra session.

He invited co-operation from all parties of men, especially asked Messrs. Roosevelt and Hearst. Both accepted.

Sulzer spent eighteen years as a member of the house of representatives from a strong Tammany district of New York city, and it was seldom he opposed Tammany. At the same time Roosevelt was one of the staunchest Republicans, spending seven years of the time as a Republican president. He had no more use for Sulzer than for any other Democrat in those days.

Hearst had not fought Sulzer, though he had at times bitterly opposed Tammany Hall, of which the present governor was a member. But Roosevelt and Hearst have been bitter political enemies. When the editor was the Democratic candidate for governor in New York state in 1904 against the present supreme court justice Charles E. Hughes, President Roosevelt sent his secretary of state, Elihu Root, to Utica to make a Republican speech. Root's attack on Hearst created a sensation. It was bitter and personal, going much farther than most political addresses. It cost Hearst thousands of votes.

Now Governor Sulzer, Independent Democrat; Roosevelt, leader of the Progressives; and Hearst, creator of the Independent League, will war on Murphy and William Barnes Jr., the Republican state leader, who is also blamed by them for the defeat of the direct primary bills.

DYNAMITE PLOT PAY

LARGE SUMS CHANGED HANDS DURING "PLANTING" AT LAWRENCE, MASS.

Boston, May 23.—Two checks, one of which was in payment of "expenses" incurred during the strike at Lawrence, were traced to the offices of the American Woolen company at the dynamite conspiracy trial today.

The checks were issued, the evidence showed, upon the authority of President William W. Wood of the company and were payable to Frederick E. Attiaux, a dye manufacturer, who, Wood and George J. Collins are charged with conspiracy to "plant dynamite" at Lawrence to discredit the striking textile operatives during the industrial troubles of 1912.

One check was for \$604, issued on Dec. 12, 1912, the date for which explained that the payment was for expenses incurred during the strike. The voucher, corresponding with a second check, issued June 26, 1912, showed that it was "in full of all claims and demands to date."

The \$504 check is signed by W. A. Currier, assistant treasurer of the Woolen company, and the \$2100 check bore the signature of William H. Dwyer Jr., treasurer of the company. Both vouchers were marked, "Approved, Wm. H. Wood, president."

Treasurer Dwyer, who was called as a government witness, said that the check signed by him were issued at the direction of Wood. He said that Attiaux had volunteered his services to President Wood to help arrange a settlement of the strike. The examination of Mr. Dwyer occupied the greater part of the day and he will be heard again when the trial is resumed Monday.

In admitting the checks and vouchers as evidence, Judge Crosby ruled this would not be competent unless other evidence should be introduced later connecting the documents directly with the alleged conspiracy.

These papers furnished the first evidence introduced during the five days of the trial that connected Wood with the case and marked the fourth stage in the government's efforts to show that the three defendants conspired with John J. Breen, a Lawrence undertaker and Ernest W. Pittman, a building contractor, who killed himself on the day the grand jury began its probe, to place the explosives so as to prejudice the cause of the strikers.

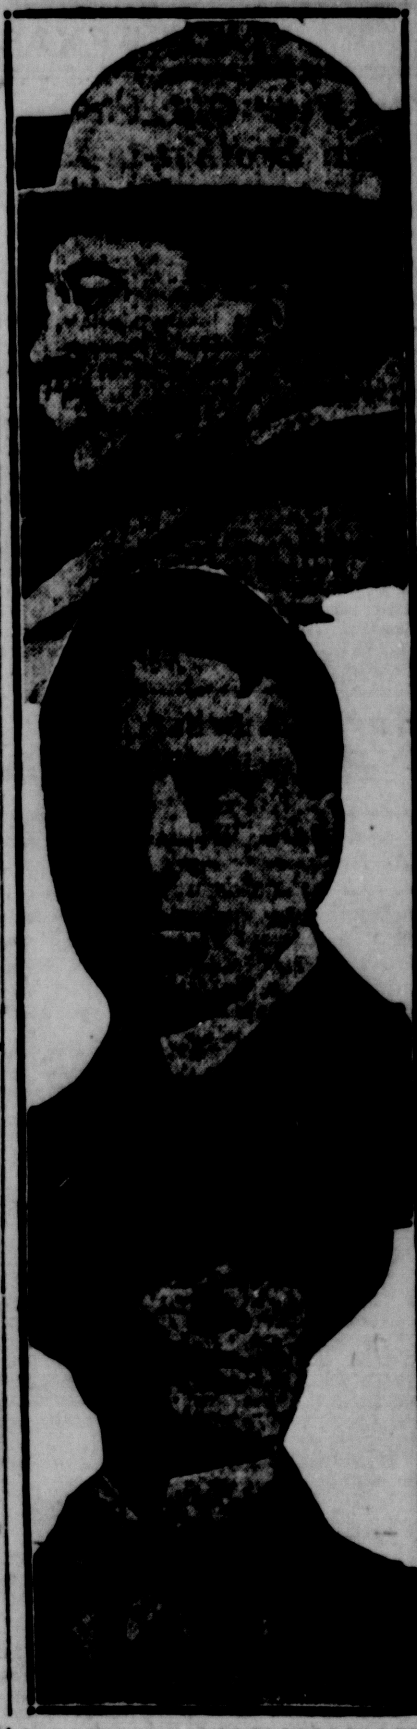

Collins and Breen have testified that they "planted" the dynamite. Breen has said that Attiaux furnished the dynamite; and W. H. Rice, a quarry owner, has corroborated Breen's story of Pittman's connection with the alleged plot.

Thaw's Ally Sentenced. New York, May 23.—John Anhalt, the lawyer convicted of bribery in attempting to obtain the release of Harry K. Thaw from the Matteawan asylum, was sentenced today to serve less than two years nor more than four years in Sing Sing prison.

SIZZLING NEW YORK ORATOR.

Harbinger on Goethe, Aristophanes and Skunkish, Firebrandish Cutthroats. (From a Speech by Julius Harbinger, Sheriff of New York County.) As I consider this country, the largest in the world, I wish to see all you Americans of America, protect the flag of our country, and the enemies of the enemies of our Red, White and Blue; to root out the malefactors and assist in arresting the cowardly bomb throwers that are now carrying out their murderous designs in destroying property and life. These "extortionists" adroitly have escaped detection and punishment, but will receive their just due before long.

No American would be guilty of such heinous, brutal, insupportable, barbaric, bloodthirsty, skunkish, detestable, firebrandish, dynamite acts as these outthroats of departing material who come to our great government, not to uplift, but to destroy.

WOOL AND SUGAR STIR SENATE

Continued from Page 1

put on the American market as soon as the proposed bill becomes a law. Julius Forstmann of Passaic, N. J., also appealed for an extension of the time when the schedule should become effective. He urged that the raw wool schedule should not take effect until three months after the passage of the act and the duties on woolen manufactures six months after, in order to give the trade an opportunity to work off goods manufactured under the present tariff conditions.

Henry Oxnard, recognized as the head of the delegation representing the beet sugar interests, appeared before Senator Williams' sub-committee to protest against the proposed sugar schedule. He presented the case of the beet sugar men at length, maintaining that free sugar would be a blow to the interests of the country.

An important change in the bill as it passed the house, it was reported today, has been made by Senator Stone's committee in the metal schedule. They are declared to have decided to put pig iron and ferro-manganese on the free list.

The Underwood bill levies a ten per cent duty on pig iron and 15 per cent on ferro-manganese, used in the manufacture of steel.

An argument over these rates developed in the house, Majority Leader Underwood and Representative Palmer of Pennsylvania maintaining they should not be free listed, because they were a good source of revenues.

Should be Free Listed.

The senate sub-committee is said to have reversed this decision, maintaining that they both are products of the United States Steel Corporation and raw material for the independent steel manufacturers and should be on the free list for that reason.

B. A. Lavette of the New York Merchants Association, and S. Christy Mead of the New York Merchants Exchange, appeared before Senator Williams' sub-committee in opposition to the amendment suggested by Assistant Attorney General Denison and Assistant Secretary of the Treasury Curtiss, which would give the secretary of the treasury power to proclaim general import values.

They urged that if such an amendment is accepted, the rates should be proclaimed from day to day, based upon the condition of the foreign market.

JAPAN'S RULER GETTING BETTER

Continued from Page 1

cablegram from Emperor Yoshihito of Japan:

"Deeply touched by your kind message inquiring after my indisposition, I express my sincere thanks to you, United States, and the people of the United States."

Good Will Towards Japs.

New York, May 23.—Expressions of good will between the United States and Japan and hopes of continued friendly relations, were voiced by speakers today at a luncheon given by the Japan society to George W. Guthrie of Pittsburgh, newly appointed ambassador to Japan. Toasts were drunk in grape juice. Lloyd C. Griscom acted as toastmaster. Among the speakers was Prof. T. I. Iyengar of the University of Chicago.

"I confess that to speak out frankly and open-heartedly cannot be counted among Japanese virtues," he said. "But I have been privileged to live long in America so that I have learned to emulate, in a measure, the American virtue of frankness. The developments of events since the alien land act has become a law in California shows that they are drifting to the point apprehended by President Wilson and other far-seeing statesmen. A local affair of no great importance, is thus in danger of being raised to the dignity of what is called a world problem, which in its magnitude is out of all proportion to the material and economic interests involved."

The root of the California legislation, Professor Iyengar thought, was the race question. He continued: "There is not the least doubt that the procedure of California has stirred deeply the hearts of the Japanese people. The blow is the more keenly felt because it comes from the Americans, upon whose friendship and good will they have implicitly relied."

"America introduced Japan to the world and thus opened the way for her remarkable career during the last half of the century. When Japan was struggling hard to break off the yoke of old treaties, concluded when diplomacy was an unknown science, America was among the first to recognize the justice of her contention. When we fought Russia, America gave us ungrudgingly her moral and financial support. To crown all, America first fixed the seal to the treaty which gave us tariff autonomy and full recognition of our equality with the great powers."

"What we ask for now is not soothing words, but the substance of justice. I have, therefore, every reason to believe that President Wilson will not cease his labors until an adjustment satisfactory to the Japanese people is made. To the new American ambassador to the Mikado's court I beg to express my ardent hope that he will find, after the present dispute is over, the truth of the Japanese proverb, 'After rain, the ground solidifies harder.'"

Ambassador Guthrie in his address referred to the illness of the emperor of Japan and expressed a hope for his speedy recovery. The ambassador's remarks had chiefly to do with the extension of America's trade abroad.

"There is no future for any nation if it is cut off from the light of the world," he said. "When entering these broad fields, we must do so fearlessly and with knowledge as to our country's duties and responsibilities which we cannot shirk."

"I am not afraid of the discontent of a free people. It is with that that great and noble things are gained."

KING ASKS PEACE FOR WORLD

British Monarch Sends Keynote at Meeting of Subjects in Berlin.

Berlin, May 23.—King George of England, at present the guest of Emperor William here, spoke earnestly today on the necessity for the maintenance of world peace, in replying to an address presented to him by the British residents of Berlin, gathered at the British embassy. His majesty said:

"The preservation of peace is my fervent desire, as it was the chief aim and object of my father's life."

This is the first political note sounded during the wedding ceremony of Emperor William's only daughter, for which three emperors and many princes are gathered.

The king's words seem, according to the opinion expressed in influential circles, to epitomize the chief significance of the royal visits as a demonstration of the peaceful and friendly relations existing among the three powerful dynasties.

The king and Queen Mary this afternoon were guests at lunch of the British ambassador, those present including Imperial Chancellor Von Bethmann Hollweg and John G. A. Lehmann, United States ambassador to Germany. At the same time Emperor Nicholas of Russia was the guest at luncheon of the Russian ambassador.

For the gala opera tonight, the first act of "Lohengrin" was selected by Princess Victoria Luise.

IF THIS IS YOUR BIRTHDAY.

You will lose money loaned or risked for another. Avoid giving money unless you are sure it will be best for all concerned. The illness of a friend threatens to trouble you. If in your own family it can be avoided. Those born today will act with bad judgment and suffer much in consequence. The wisdom gained before the age of fourteen will make or mar their lives.

Made District Attorney.
Austin, May 23.—Governor Colquitt today announced the appointment of W. C. Linden of San Antonio as district attorney in Bexar county. Official appointment will not be made until the resignation of Clinton Brown, recently elected mayor of San Antonio, is received.

Learning Comes High.
New Haven, May 23.—The average cost to the members of the present senior class of getting a bachelor of arts degree at Yale was \$4175. Statistics compiled from figures submitted by the academic seniors show that the average during their four undergraduate years were: Freshman year \$1026, sophomore \$1052, junior \$1126, senior \$1152.

In Woman's Sphere

BOTH PHONES 1902.

KATE FRIEND, Editor

THE SOCIAL CALENDAR FOR THIS SATURDAY

The Current Event has musical tea at the Huaco club; 4 o'clock.
The Euterpean club meets with Mrs. T. N. McMullen, 1225 Austin Avenue; 3 o'clock.
Miss Leta Pharr tells nature story at Cotton Palace park; 4 o'clock.

MISS MOLLIE COLLIER TO BECOME A BRIDE

Invitations have been received from Mr. and Mrs. J. R. Collier of Speight street, for the marriage of their daughter, Miss Mollie Collier, to Henry Trantham of Baylor University faculty. This will be a private ceremony on May thirty-first.

THE KEWPIES ARE HOSTS AT FISH POND PICNIC

One of the informal outings of this moonlight season found the Kewpies hosts at the Fish Pond. The drive out, the supper, the dance, the boating—the opportunity for good time was unlimited. About twenty-five made the congenial party.

WEDDING IN ROCKDALE IS OF LOCAL INTEREST

Among the wedding invitations received by the home friends of the groom is included that of J. W. Harold of Baylor university faculty to Miss Margaret Terry, of Rockdale. The date is June fifth. This bride in prospect is a former student at Baylor university, very popular, and anticipated as quite an acquisition to the Baylor circle.

THE BACHELOR MAIDS WITH MISS LOUISE BAKER

It was quite a pleasing variety for the members of the Bachelor Maids to have the country drive out to Jack Hill for their weekly tilt at bridge with Miss Louise Baker. Only two tables made the game. The two prizes were taken by the Misses Stella Lacy and Roberta Early. The next game will be with Miss Westbrook. Miss Baker offered her refreshments in the form of salad and its accessories. No mention was made of adjournment for the summer.

CARD CLUB WITH MRS. WINGO FOR FIVE HUNDRED

In entertaining her card club, the Maids and Matrons, added a number of guests. When the progressions began, it was found that six tables were in the game. Therefore, an extra prize was in reserve. This gave the three favors, and they were won by the Messdames Charles Hamilton, M. D. Baker and Margaret Colgin. The next game will be with Mrs. W. M. Kelly, a new member, who will entertain in the parlors of Mrs. Alfred Edwards. So far, no mention is made of summer adjournment.

MISS JENNIE LAZENBY HAS HIGH SCHOOL SENIORS

As one of her last tributes to friendship for her many class mates, Miss Jennie Lazenby was hostess to the senior class of the high school at the home of Dr. Pepper. This gathering was selected because of the interest the members of the class had taken in the chemical phase of Dr. Pepper and the Huaco. Mr. and Mrs. Lazenby made every provision for pleasure as well as for profit. Added to the high school, all were shown by Mr. Lazenby the process of manufacture, and then the result of manufacture came in a service of individual sandwich in tissue wrap with the beverages so tempting to the palate. The instructive manner of extending hospitality was a triumph for Miss Lazenby. The freedom and the general good time was one of the punctured pleasures for the class of 1913.

MRS. O. C. CHARLTON'S VISIT MADE VERY PLEASANT

It was a truly welcome spirit all through the visit, quite too brief, of Mrs. O. C. Charlton, to Mrs. J. W. Hale. A few years ago, Mrs. Charlton was active in literary and church circles of this city, as well as social. Her friends then were many, and her friends now are the same. Mrs. Charlton is one of the past presidents of the Woman's club, and it was to have another day with the members that she came from Dallas. As the guest of Mrs. J. W. Hale she enjoyed the outing at the Fish Pond. Later, Mrs. Hale formed a luncheon circle from among those who had known Mrs. Charlton best during her Baylor university days. The next morning found Mrs. J. G. Kendall claiming the privilege of having friends for Mrs. Charlton. Thus, her visit was one round in pleasant memory here.

REV. AND MR. MCALIN ARE AT THE ORPHANAGE

In the general gathering which is proposed for the orphanage next week, the callers will be presented to Rev. and Mrs. J. N. McCain, who were recently appointed assistant managers of the orphanage. These are two well known in this city for introduction. Graduates of Southwestern university, they come to the orphanage permeated with the culture and refinement of that institution. Having been a pastor for fifteen years serving good charges in two conferences, Rev. McCain brings a wealth of sympathy and experience which is highly prized by the church, and also by the state, for recently he was offered by Governor Colquitt the management of the state orphanage. He refused to consider the proposition feeling that he would rather serve his church in a subordinate position than the state in a more prominent one.

Rev. and Mrs. McCain will be at the orphanage for this year at least, much to the joy of their friends and the church they serve.

A PRETTY ROSE LUNCHEON WITH MRS. WILLIAM JONES

When it is said that nearly two hundred roses were sacrificed to the altar of beauty when Mrs. W. H. Jones entertained, and to add that, to this was the taste of the hostess, is enough to give emphasis to the beautiful bowers of roses in which the twelve guests sat who had been bespoken by Mrs. Jones. These roses were all the pink Killarney and La France. They basked the buffet and stood sentinel in tall cut glass vases on the serving table. The luncheon table was rose showered with countless petals. The center was marked by a rose mat which was repeated in miniature for each plate. The

set was christened by the hostess as one of the gifts in her surprise birthday shower. On the center mat sat the spire vase with its cluster of long stemmed buds. On this and from it, a ribbon shower fell about the table. At each plate sat the individual vase holding the luncheon favor, a perfect pink bud ribbon bowed. The place cards showed the art rose and the twelve names. The course came in six. Master Edward Bolton, Junior, added his "rose" and the fond aunt gave it special prominence. In all, Mrs. Jones showed courtesy in a manner which provoked admiration as well as pleasure from her guests, who were the Messdames Dalley of New York, Flora Cameron, Edward Bolton, John Horsful, H. C. Black, Allan Sanford, W. E. Darden, S. L. Downs, W. D. Lacy, C. L. Stribling, W. W. Seley.

BAYLOR UNIVERSITY SENIORS WITH MISS BUCHANAN

Mr. and Mrs. O. M. Buchanan, with their daughter, Miss Ruth Buchanan, herself a senior at Baylor, entertained the class of '13 with a garden party. On arriving, the guests were given "Bulletins of the University of Ignorance." They matriculated and entered the trance examinations and passed the university. They assembled on the lawn for chapel and heard the announcements for the evening. The lawn was made cozy by Japanese lanterns, rugs and chairs. Miss Jeanette Standiford had charge of the registrar's office. After signing in the graduate's book, they were served punch by Miss Georgia Buck. Then, with booklets in the shape of a girl's head, wearing a college cap, and in these were the English and history "exams." A box of candy was given for "A" on examination, and the story of "Red Riding Hood" to the low grade. College posters were hung about, which gave the lawn the appearance of a college campus. At 10 o'clock the university closed, and vacation began. Each couple was given a little basket, containing a picnic lunch. Upon leaving, the guests were presented tiny rakes and hoes as souvenirs. The following faculty members were invited: Messrs. Pool, Wright, Wilby, Gooch, Messrs. Kate Griffith and Martin, Messrs. Hickson, Harold, Trantham, Courtney, Ward. Other than the class there were Misses Jeanette Standiford, Georgia Buck (Stephenville), Marceline Flanagan, Katherine Lattimore, Alta Harrison, Corinne Flanken, Helen Olmush, with Woodfin Boggess, J. Rooney, Will Dugger, Robert Gay.

A COMING BRIDE FOR WACO HAS COURTESY IN TEMPLE

The following has been sent from Temple in anticipation of the interest over the honoree, who so soon comes to make her home in this city: Quite a pretty morning affair was given Saturday in the home of Mrs. J. K. Lee. Messdames Anne Lee, Florence Black and Pearl Knoll were hostesses, while Miss Ollie Moore was the honor guest. The announcement of the approaching wedding of Miss Moore to Mr. Lloyd Powell of Waco is the center of much interest among her many friends. This was the idea which prompted the kitchen shower given on Saturday. The Lee home was charming with roses, ferns and magnolias to grace the interior furnishings. The guest list includes many of the teachers of the Temple schools, for Miss Moore is one of the faculty members, and is regarded as one of the most efficient teachers in the city. This courtesy was extended her just as an expression of love and esteem in which she is held by those who have been closely associated with her. For amusement, the guests were given cards on which to write a list of groceries to be ordered upon going to housekeeping. The lists were various and amusing. Miss Laura V. Hamner displayed the greatest amount of culinary art and was presented with a large spoon. The presentation speech was made by Miss Lee and was cleverly responded to. Miss Moore then was seated underneath a pretty umbrella. "A Toast to the Groom-to-be" was given by Miss Daisy Leake. Mrs. J. P. Kimball toasted "The Girls Left Behind." The bride-elect was toasted by Miss Hamner and then silk cords were pulled and a shower of pink rose petals fell in profusion. Master Leslie Black pushed a covered wheelbarrow in loaded with gifts from the guests.

THE CHAPTER HISTORIAN PRESENTS U. D. C. PROGRAM

Subject: Tennessee and Chattanooga. The twenty-third annual reunion U. C. V. to be held May 27-29, in that historic city.

1. Roll call—Famous military leaders of Tennessee.
2. Music (song)—"Old Folks at Home," by chapter.
3. Reading—"Tennessee," Mrs. T. A. Hooks.
4. Music (instrumental)—Variation of "When You and I Were Young Magpie," Mrs. Tom McCullough.
5. Paper—"The Battle of Lookout Mountain." Discuss the fighting in and around Chattanooga in November, 1863. Missionary Ridge: "The Battle Above the Clouds." Confederate and federal officers in command. Position and movement of armies both Confederate and federal, during this campaign. Mrs. R. L. Abbott.
6. Object of reunion and good accomplished in correcting historic errors in regard to the war between the states, discussed by Mrs. B. F. Oakley.
7. Music—Violin solo, Miss Irene Parker.
8. Sam Davis, the Confederate scout. Mrs. Araminta Branson.
9. Music (song)—"Auld Lang Syne"—chapter.
10. Social hour.

All members please clip and preserve this for reference and observe assignments. The chapter will meet Wednesday, May 28, 3 p. m., with Mrs. B. C. Garland, 718 North Fourth street. MRS. W. W. LASTINGER, Historian.

One of the notable guests will be the niece of Sam Davis, Mrs. S. A. Douglas of this city, who will talk informally in personal knowledge of this illustrious Confederate.

Examine Our Cool Mohair Suits

Today at \$15.00, \$18.00 and \$20.00

We offer for your inspection today the greatest line of Mohair Suits ever shown in Waco. Designed by the Highest Salaried Clothes Experts in America and Tailored by the most skillful needlemen in the world. Although made of the very lightest and finest of materials, they are tailored to stand up and hold their shape as long as you wear them. If you have never worn a Genuine Mohair Suit in Hot Weather you have never enjoyed real comfort. Shoulders lightly padded and all one-quarter or one-half lined. This was placed before the honor guest and then informally reigned supreme, for the undoing of packages gave opportunity for many clever remarks and expressions.

The guests each brought with them an envelope which held within its folds a menu, a recipe and a merry wish. These were gifts for the bride-elect for future use. The hostess served a dainty refreshment plate which held cream in heart design and angel food, while the favors were miniature cooking utensils.

grounds on Herring avenue. The occasion will be strictly social, the desire being to bring into closer touch the estimable men and women connected with the orphanage and the town people. The institution, the inmates and its general conduct are worth a visit. A number of the leading women of Waco, all denominations, and affluents, will be in the imposing receiving party, as the following list gives evidence:

Messdames F. M. Longley, Flora Cameron, J. N. Dalley of New York, Edward Bolton, E. R. Nash, R. B. Spencer, J. C. Kelly, R. L. Cartwright, Nannie W. Curtis, W. L. Perry, A. A. Cox, M. B. Willis, Mattie D. Willis, Bonivar Nettles, H. B. Mistrick, L. L. Winans, Frank Allen, M. Brown, O. E. Arbuckle, N. S. Hill, R. N. Saunders, J. G. Ivy, J. B. Logan, A. Sherman, Furest Goodman, and William W. Taylor, J. E. Powell, W. E. Darden, T. W. Glass, William Lempe of Mexico, Walter Reese, A. R. Roberts, Ed McCullough, John Flisler, L. M. Carnes, W. W. Lastinger, S. M. McCaslen, R. S. Woods, R. S. Lacy, Ralph McLendon, P. G. Taylor, W. V. Barclay, F. M. Compton, W. O. Wilkes, E. F. Drake, Holloway Smith, Frank Trau, R. L. Abbott, Sam Knight, W. S. Lewis, V. G. Damon, J. F. Carson, J. E. Pruett, James Davis, L. A. Kelly, E. J. Harrell, J. W. Byars, L. A. Friend, M. M. Hamilton, N. H. Church, W. Downs, N. H. Smith, J. C. Dillard, J. W. Harris, W. H. Hoffmann, E. H. Bruyere, E. H. Harden, Isadore Block, W. E. Hays, W. B. Ragland, C. D. Daniel, Perry Green, W. D. Lacy, J. L. Burgess, O. L. Stribling, M. E. Schoper, Alexander, W. H. Pool, W. W. Kendall, George Willig, Ben Gray, Kendall, J. G. Kendall, F. M. Gardner, W. S. Gillespie, C. J. Clanton, J. W. Hale, J. M. Hale, T. N. Penland, W. K. Rucker, W. P. Lyles, Misses Kate Friend, Minnie Taylor, Ethel Jackson, Ida Duke, Birdie Harn, Anne Hill, Janet Gorman, Clara Archonhold, Louise Gayle, Margaret Horsful, Helen Arbuckle, Sibyl Sanderson, Virgie Damon, Earle Gurley, Pyrena Allen, Lucile Lewis, Hattie Morse, Ruth Len-

nox, Eldora Stanford, Ellen Harden, Alice Graves, Corinne Flanken, Eleanor Blair, Elizabeth Speight, Bess Miles, Neilson Gillespie, Carita Gillespie, Edna Ewing, Grace Dyer, Lucile Herring, Bianca McKenny, Genoa Whittinghill.

Wonder how the postman likes commencement season?

In completing her visit to her mother, Mrs. W. H. Jenkins, within the next fortnight, Mrs. Lee Daniel joins Mr. Daniel in a trip to the east and a two months' sojourn in Saint Louis.

With another week, Mrs. S. Archonhold and Miss Clara Archonhold are off for Yale where they visit Mr. Archonhold. From there they sail for Europe. The most of the summer will be spent with Mrs. Rose Archonhold at Frankfurt-on-the-Main.

The next few days will find Miss Josephine Harwood of Cleveland, Tennessee, the guest of Miss Jimmie Riggs. Miss Harwood is the agreeable visitor to Miss Riggs last spring. Pleasurable gossip has it that the Merry Matrons are not only to have a very large garden party but one of elaborate detail.

Mr. and Mrs. Charles Padgett with Mr. and Mrs. Thomas Padgett are automobiling down from Dallas today, to spend Sunday with Mrs. W. H. Jones and Mrs. R. B. Dupree.

The magnolias are coming, and the cape jasmynes are coming. Whenever these arrive, we feel that we are living in the Old South sure enough.

Miss Francis Luedde, with Miss Luedde and G. H. Luedde made the automobile trip over to Dallas for the Shriner excitement.

Mrs. B. K. Jennings of the Kyle is spending a few days with Mrs. Lee Cowan on Austin avenue.

Some of us aspire to being in the common swim, and yet we do not justify the common courtesies which such position demands. Social life is founded upon the golden rule, and the thought of others. If we do not follow and add to this the refinements, we should abandon our aspirations.

How often the commonest thing will lay foundation for a social custom! For instance, what would you reply should one ask you why good form says twelve guests for luncheon or dinner and six courses? For the moment, you have no idea, but just a thought and you know that it is because the sets of china come in dozens. Hence, we are provided for the service of twelve. And again, by having six courses, the change can be

made in the interim of serving twelve, six at a time. Trace any one of the conventionalities and you are more than likely to find just such a prosaic origin.

Are you going to take the little folks out for the story hour at Cotton Palace park this afternoon?

Had you thought that it is not half so much what the woman wears as how she wears it?

Do you know why the aspen leaf trembles? The story is that when Joseph took the Virgin and the infant Christ into Egypt, the tree did not bow to the Holy family. The infant gave it such a curse that it began to tremble, and it has trembled ever since.

Legend of the flowers is wonderfully interesting. Friends here are now hearing from Mrs. Fannie Wain and Miss Mable Chambers of Houston, from Pasadena. Their trip around the world was taken to Honolulu, when sickness caused the return to America.

Read Hawthorne this summer: That is, if you desire to be in the popular literary circle. After and these years Hawthorne is coming into his own as an American classic with the people of his own home town, Salem, Massachusetts. The first monument is to be placed in Salem, and attention has been directed to Hawthorne as an established classic.

The Current Event club will entertain. Mrs. Fannie Wain and Miss Mable Chambers of Houston, from Pasadena. Their trip around the world was taken to Honolulu, when sickness caused the return to America.

TWO WOMEN SAVED FROM OPERATIONS

By Lydia E. Pinkham's Vegetable Compound—Their Own Stories Here Told.

Beatrice, Neb.—"Just after my marriage my left side began to pain me and the pain got so severe at times that I suffered terribly with it. I visited three doctors and each one wanted to operate on me but I would not consent to an operation. I heard of the good Lydia E. Pinkham's Vegetable Compound was doing for others and I used several bottles of it with the result that I haven't been bothered with my side since then. I am in good health and I have two little girls."—Mrs. R. B. Child, Beatrice, Neb.

The Other Case.

Cary, Maine.—"I feel it a duty I owe to all suffering women to tell what Lydia E. Pinkham's Vegetable Compound did for me. One year ago I found myself a terrible sufferer. I had pains in both sides and such a soreness I could scarcely straighten up at times. My back ached, I had no appetite and was so nervous I could not sleep, then I would be so tired mornings that I could scarcely get around. It seemed almost impossible to move or do a bit of work and I thought I never would be any better until I submitted to an operation, but my husband thought I had better write to you and I did so, stating my symptoms. I commenced taking Lydia E. Pinkham's Vegetable Compound and soon felt like a new woman. I had no pains, slept well, had good appetite and could do almost all my own work for a family of four. I shall always feel that I owe my good health to your Vegetable Compound."—Mrs. HAYWARD SOWERS, Cary, Maine.

FOUNTAINS FOR THE PEOPLE

Mayor Wants to Install Sanitary Kind in the Business Section of City.

The city may establish a number of sanitary drinking fountains in the main business district. Mayor James H. Mackey yesterday requested the city commission to give him authority to investigate the cost of such fountains, secure plans for installing them and report his findings back to the commission. The mayor in making the proposal said, "Other cities are installing such fountains and they provide a place where people can drink who have no other place to drink. Lots of visitors to the city and others when down town, want water and don't know where to get it. These fountains are sanitary and at the same time will assist in making the city attractive." The mayor said these fountains can be secured for from \$34 to \$100. The fund he had contemplated would cost \$54.

Authority was granted for the mayor to investigate and report his findings, with recommendations in the matter.

Citizen Complains Practices in Park

The misuse of city parks again came into the limelight yesterday when Dr. J. T. Harrington appeared before the city commission and reported that Harrington park, near Baylor, was being used for immoral purposes. This is the second complaint about the abuses to which the city parks are being put within the week. The other was about Carroll park.

Dr. Harrington stated that the park was used in the afternoon by ladies and children, but that he had been informed that at night, and especially on Saturday night were indulged in by persons in the park. He asked for more lights and the patrolling of the grounds. He recommended that a plain clothes officer make occasional visits to the park.

The promise was given by the commission that the matter would be attended to.

Right Food Essential

To Strength of
Body and Brain

Nowadays the world has
small use for weaklings.

If a "step up" appeals to
you make yourself physically
and mentally fit!

Grape-Nuts

FOOD

contains in well-balanced proportions, the vital food elements of wheat and barley which meet Nature's requirements for building brain and body to highest efficiency.

A dish of Grape-Nuts and cream is the regular breakfast of get-ahead people the world over.

"There's a Reason"

BAKER GETS CONTRACT

IS SUCCESSFUL BIDDER ON THE NORTH WACO SCHOOL BUILDING.

Plans of T. Brooks Pearson Are Selected for the Work—Will Be Modern.

Contract for the erection of the North Waco public school was let yesterday morning to B. F. Baker, being the successful bidder for the work. The contract will aggregate, including heating and completion, something like \$44,000. The figures as near as compiled at present are \$43,940. The building will be located in block 53, Farwell Heights addition. It will be situated in the center of the block. The school board appeared before the city commission yesterday morning and secured permission to close the alley which runs through the block, thereby completing arrangements to dedicate the entire block to school purposes.

The building, according to plans drawn by T. Brooks Pearson, architect, and accepted, will be 70½ by 95½ feet in dimensions. It will be two stories with a basement. There will be a total of nine class rooms above the basement. The toilet arrangement, heating plant and manual training and domestic science departments will be in the basement. The building will be of brick, with natural stone trimmings. The corridors will be of reinforced concrete, fire-proof, the stairways of iron. The roof will be flat graveled.

Drinking fountains, the sanitary kind, will be installed in various parts of the building. A system for daylight lighting will be installed, and a complete system of electric lights installed. A large assembly hall will be located on the second floor. There will be four exits and entrances to the building.

The new school building will be one of the handsomest and most up-to-date in the city. It will be as fire proof as it is possible to make it, and the exits will be so arranged that the building can be cleared of all occupants within a few minutes if necessary.

Mr. Baker, the contractor, stated yesterday that he would begin work on the building as soon as possible.

BETTER COURT ROOM

RECORDER TO BE MOVED TO THE BLUE ROOM OF CITY HALL.

Present Quarters Are Inadequate and There Is Necessity to Improve, Many Spectators.

No more will the police court of the city be conducted in an overcrowded room. At the city commission meeting yesterday Mayor Mackey was authorized to have the Blue Room of the city hall fitted out as quarters for recorder's court.

Judge Joe Wren and City Attorney John Maxwell presented the question to the commission. Judge Wren said: "The present room in which court is held is totally inadequate. We haven't sufficient room to keep the prisoners waiting trial, we haven't room for a jury box, for the spectators, nor for the proper conduct of the court. The crowded condition makes it impossible to conduct the court as it should be, and some arrangement for more space is necessary."

Mayor Mackey said: "What we need is a new city hall. It is about time the people realize the present building is totally inadequate to the needs of the city government. I started the agitation some time ago, but as some of the commissioners were retiring at the time and we really needed the money for other purposes, the matter was dropped. We had just as well get ready to meet requirements, however, and keep pace with the march of progress. We must have a temporary arrangement for the court, however, and I suggest the blue room be fitted up."

Commissioner Littlefield said: "Conditions are different here from any place I ever witnessed. We have a crowd of people who consider police court as a kind of theatre, to attend each morning."

City Attorney Maxwell said: "Often we summon ladies in police court as witnesses. We can't get them to come at present because of the condition of the room. Also we need a room in which consultation can be held, a jury room and a jury box."

It was also brought out in course of discussion that the present courtroom was inadequate. Judge Wren said that often on Sunday he came down and accepted pleas of guilty to release prisoners in order to make room for more."

The question of a suitable place to keep the boys arrested on minor charges was also discussed. The discussion resulted in the mayor being authorized to immediately have the Blue Room fitted up for police court. This room is on the second floor of the city hall. It is spacious and can be made into a very satisfactory court room. It is proposed to place a railing to separate the court from the spectators, to construct a jury room, a consultation room and a room to read it in the paper yesterday. McCann states that his sister went to Colorado with her first husband, A. D. Davidson, who was suffering from tuberculosis. He died and she married James L. Bacon, a well known mining man and former legislator of Colorado.

Reads in Waco News of Death of His Sister

John McCann, a traveling salesman for a New York manufacturing concern, was seeking information yesterday about the killing of his sister, Mrs. James L. Bacon of Cripple Creek, Colorado. The Waco Morning News carried an account of the tragedy in which the woman and her daughter were killed. McCann knew nothing of it until he read it in the paper yesterday. McCann states that his sister went to Colorado with her first husband, A. D. Davidson, who was suffering from tuberculosis. He died and she married James L. Bacon, a well known mining man and former legislator of Colorado. The report from Cripple Creek states

When you pay out your shoe money you like to feel that you're going to get a pair of shoes that give you a full measure of satisfaction.

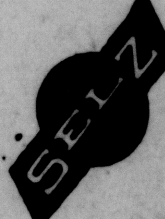

The man who knows Selz shoes feels that way; his confidence in Selz shoes is based on the satisfaction he has always gotten out of them. The man who knows Selz shoes wears them.

You who have not yet worn Selz shoes should read the Selz guarantee; it's not merely a guarantee of the shoes—it's a guarantee of your satisfaction. It is Selz assurance that you're going to like Selz shoes.

Such a guarantee couldn't be put on a poor shoe. This store is behind the guarantee; for we are going to get your shoe patronage by showing to you the merits of Selz shoes.

Some lively new models for men, this season's best, \$3.50 to \$5.00. Also late models for women and children. Courteous treatment and intelligent shoe-fitting.

J. A. Gamel to E. Carr et al, part block 2, Crain addition, \$250.

C. J. Anderson et ux to Cal Shelton, part lot 19, block 1, Tinsley addition, \$2800.

Frank Porman to E. M. Alinsworth, lot 17, Farwell's addition, \$1500.

State Saving Money.

Austin, May 23.—The business system of purchasing supplies for the state penitentiaries and other institutions was made effective today when goods for the quarter were purchased. The indiscriminate buying of institutions has caused a loss of thousands of dollars. Under the system instituted, storekeepers will furnish quotations to the state purchasing agent, who will buy all supplies for each quarter. This will save going into the open market and paying a higher price than could be secured by competitive

SWITCHMEN FIXED ON RECALL

Question Gags to the Subordinate Lodges for Settlement—Auxiliary Holds Election.

Houston, May 23.—Delegates to the Switchmen's Union of North America continue to thrash out the matters before the grand lodge. After rejecting the recall as applicable to grand officers, friends of the plan rallied, with the result that the matter goes to the subordinate lodges for settlement.

The advocates of quadrennial instead of biennial meetings also lost.

The proposition to locate permanently at Buffalo, N. Y., also seems doomed.

The proposal to change insurance methods has been debated, but final action was deferred.

Another important conclusion reached is to forbid members of other lodges to attend the grand lodge.

Sunday will be spent in Galveston, where special entertainment plans have been formed.

The ladies auxiliary at its session last night elected grand officers as follows: Mrs. Henrietta Clark, Kansas City, Mo., grand president, by acclamation; Miss Sarah T. Jackson, Buffalo, N. Y., grand secretary and treasurer.

An entire new board of directors was chosen as follows:

Mrs. Margaret Connor, Chicago, chairman; Miss Margaret McCarthy, St. Louis, by acclamation; Mrs. Mary Whitman, Detroit, Michigan.

Seculists Call Meeting.

Hallettsville, Tex., May 23.—The secularists have issued a call for a convention here June 2, to nominate a candidate for the senatorship vacancy resulting from Fauler's resignation to accept postmaster.

Governor at Anniversary.

Austin, May 23.—Governor Colquitt will go to San Antonio on Tuesday, May 27, to take part in the ceremonies connected with the anniversary of the organization of Right Rev. Shaw, Catholic bishop of the San Antonio diocese.

FARMERS WATCH A TORNADO

Blew Three Persons 200 Yards—Picks Feathers Off Chickens—Digs Up Potatoes.

Greenville, Tex., May 23.—The tornado near Wells City on Wednesday night, which blew J. A. Bogan, his wife and two children 300 yards and severely injured them, was watched by scores of spectators.

It appeared first not far from the farm of Charles Setzler, where several persons noted that it was coming in their direction. Its path was not alarming. It seemed to be standing nearly still in a pasture about three hundred yards from the Setzler home.

Its base smoky white and apparently about as big around as a barrel. Toward the top it widened and merged into clouds black as ink.

For what seemed several minutes the whirling column stood still. This interval was long enough to give Setzler time to get all his stock out of his barn, which later was demolished by the tornado.

When finally the funnel began moving again it tore up a few trees in the pasture and then drove up into the air, where it a rapid jump it swung over the Setzler place and dropped again to the earth.

It tore the porch off the Setzler home, blew down the barn and demolished the old Setzler homestead in which Bogan lived.

In the barn yard the wind picked several chickens nearly clean of their feathers, without killing them, although it killed numerous other chickens, some with the feathers on.

A few hills of Irish potatoes seemed to have been dug up by the wind.

Ankle Bone in Ground.

Texarkana, Tex., May 23.—When Otis McCendon, a contractor, fell from a slippery roof late yesterday afternoon at New Boston, the ankle bone in his right leg was driven several inches into the ground and it was necessary for friends to pull him out to release him from a standing position. He was brought here this morning in a precarious condition.

COL. WORTHAM IN AUSTIN.

His Resignation Will Become Effective on June 1.

Austin, May 23.—Col. John L. Wortham, secretary of state, returned this morning from Lubbock county, where he has been spending the past two weeks.

The resignation of Mr. Wortham as secretary of state, recently tendered to Governor Colquitt, will become effective on June 1.

He will remain in Austin until June 1, when he will move to Lubbock, where he has organized and is president of the Lubbock Irrigation company. He will retain his citizenship in Houston.

State Senator F. C. Weiner will succeed Colonel Wortham as secretary of state.

Decision on Appeal Bond.

Austin, May 23.—In order for a surety on an appeal bond from a trial court to the court of criminal appeals to be relieved of liability thereon, application must be made to the trial court and not to the upper court, was the holding of the court of criminal appeals this morning. The court spoke through Presiding Judge W. L. Davidson.

Fort Worth	19	22	.463
Galveston	19	24	.442
Beaumont	16	26	.381

By G. D. Wilson.
The Navigators got together yesterday and behind the steady pitching of Zeke Lohman delivered the kind of baseball that is good to look at. Although assisted by errors and rank bone-head plays on the part of the Pirates the Navs showed class enough to have taken the game without the volunteer assistance of their opponents.

Hiett of Galveston had just came to become disgusted early in the game with the things his teammates were doing under the mistaken idea that they were playing baseball.

Williams, the Pirates' first baseman, pulled off the prize ivory feat of the day. Evidently unable to keep the brain fagging problem of two men on bases in his noodle he became so intent on catching a runner between first and second that Lohman had only

Dugy Stole All the Bases.

to munter in home, bringing a score with him. Williams looked very much surprised when the matter was brought kindly to his attention.

Umpire Matthews had few close ones yesterday, but called a groover when Lohman pitched a ball and when Zeke made an uncharacteristic protest Matthews flew into a frenzy and shaking his digits in the direction of the pitcher's box informed Zeke that five of his hard earned plunks would be confiscated.

Immediately following the reduction of Zeke's plunks was made one of the fastest plays of the day. Williams, who was at bat hit the ball in the diamond. Wohlleben didn't have sufficient time to catch him, but with a quick snap of the ball to Reilly, caught Maas as he slid home from third, preventing a run.

Dugy made the star play of the day in the third inning when he stopped Madden's hot grounder with his bare hand, forcing Maas at second. Tanner launched Twister Hiett every time he got on base in the third he teased a chase out of the Galveston pitcher by taking a big lead off second. Nobody covered the bag and Hiett undertook to run him down. Tanner was forced to make a head first dive for the bag, but he got it safely. The incident was one of the several amusing features of the game. Tanner had just hit a two-bagger out that fell just inside the foul line. He stretched it for two sacks by fast running. Tanner was in the game always yesterday. He got two hits out of three times at bat. In the seventh he made Hiett throw to Williams at first and then beat it to second. He trusted the uncharacteristic of the play to cause it to work, and it did. He got away with it by sheer nerve.

After the Navigators took the lead yesterday and felt safe in taking a few chances, they played as good ball as has been seen in the local diamond in many a day. They would have been hard to stop even if the visitors had put up a real fight. Waco's first run came in the third with two out. Dugy got on through Maas' error and stole second. Dugy stole all the bases he felt he needed yesterday. McMahon hit a bag one which went through Hiett and stole second. Dugy scored. Tanner rapped up the fly which fell just inside the foul line for two bases. McMahon scored. McMahon went out at first.

In Waco's half of the fifth Lohman, the first man up, hit a two-bagger and got to third on the pitcher's wild throw to second. Dugy dropped one just back of third base, and continued on to second. He got into a chase and Williams had the misfortune to have a slip of memory. Lohman galloping in home. McMahon sacrificed. Tanner got on through a fielder's choice Maas catching Dugy at the plate with a pop to Jordan. McMahon's two-bagger scored Tanner. Wohlleben went out, Hiett to Williams.

In the first of the ninth Wohlleben stumbled a grounder. Immediately following had to Lohman who had covered the bag. The error left Frierson and Maas up. Dugy flew out to McMahon. Powers got on through a fielder's choice. McMahon throwing

Maas out to Dugy at second. Hopkins flew out to Ornelow.

Dallas 7, San Antonio 4.
Dallas, May 23.—Dallas tried hard to give the game to San Antonio today, but the visitors were determined and after having four runs forced upon them, turned right around and gave the same number back to the locals. The final score being 7 to 4 for Dallas. Dallas scored three in the first on two walks and two singles. San Antonio made four runs without a hit in the second inning. By hitting Ayres hard the locals added four more before the game ended. The score:

Lohman, Who Shut Out the Pirates

—Photo by Gilderleeve.

Zeke Lohman shut the Pirates out yesterday. Zeke has become recognized as Waco's reliable pitcher. He has good control, plenty of smoke, and works hard all the time. He has gotten over his bad case of mumps, which laid him up early in the season, and has pitched great ball since he came back into the game. Lohman has the confidence of the players, and they never fail to give him the support that the knowledge of a good man on the mound will cause fielders to always give.

Left on bases, Austin 7, Houston 7. (Houston had three on base when game was forfeited). Sacrifice hits, Ray, Melver, Thompson. 2. Stolen bases, Hille, Browlow. Two-base hits, Hille. First base on balls, off Ray 3, Maloney 1, Ashton 1. Struck out, by Ray 3, Austin 2. Innings pitched, by Ray 5, Maloney 2. Double plays, Houston, Fillman to Criss. Hit by pitcher, Maloney 1. Time, 1:25. Umpires, Mulaney and Vittor.

Split Balls Injure
Walsh's Digestion
Uses Head Instead

Chicago, May 23.—Excessive use of the spitballs has injured Ed Walsh's digestion and has thus affected his condition so that he has not yet reached his best form this year, according to Dr. James H. Blair, club physician of the Chicago Americans. In a report made today on the pitcher's condition, which is quoted as saying his arm is "far from right" and attributing his success in the game with New York last Sunday to his "headwork." According to the doctor, saliva needed for Walsh's digestion has been used on the ball, but with care the pitcher may be in his old time form in a month.

Carpenters' Strike Keeps On.
Houston, May 23.—The third week of the carpenters' strike is near its end, with little change in the situation. Both sides are holding firm and work on many large jobs remains at a standstill.
The Houston Building Trades Council, which embraces all allied unions, at its meeting last night, ordered the strike and named committees to assist. No sympathetic strike has been ordered, but some unions, including the painters, have voted not to work on non-union jobs.

ROTAN WINS FINALS

WACO GOLF PLAYER DEFEATS
C. H. MUNGER OF DALLAS
IN SEMI-FINALS.

Turns Loose for First Time and Displays Great Form—is Favorite for Championship.

Houston, May 23.—George Rotan, state golf champion, defeated C. H. Munger of Dallas this afternoon 2 up. This gets Rotan into the finals.
This afternoon was the first time Rotan has turned loose and really played golf since the tournament started. He is easily the favorite for the state championship, displaying great form in his game against Munger.
The state golf championship, to be decided tomorrow in 36 holes of what promises to be a bitterly contested golf, lies between the title holder, George V. Rotan of the Huaco club of Waco and Louis Jacoby of the Dallas Country club.
Jacoby has put up a spectacular fighting game throughout the tournament and while he has not perhaps attained the perfection in form that for two seasons has marked Rotan as a wonder in Texas golf, he is a steady, well-proved player, whose brilliance in a few seasons will leave him few superiors in the game. It was Jacoby who turned in the best medal score in the qualifying round.

PHILLIES TAKE THIRD GAME

Reds Make Only Point Through Almeida's Home Run Drive into the Bleachers.

NATIONAL LEAGUE.

Standing of the Teams.	Won.	Lost.	Pct.
Philadelphia	20	7	.741
Brooklyn	19	12	.613
New York	15	14	.517

Chicago	17	16	.515
Pittsburgh	15	18	.455
Boston	11	17	.393
Cincinnati	9	23	.281

Philadelphia, May 23.—Philadelphia won the third straight game from Cincinnati here today 4 to 1. The visitors escaped a shut out through a home run drive into the bleachers by Almeida, Bescher, who made a pair of doubles, was the only man in addition to Almeida to get as far as second base.

In your hand you hold a five-cent piece.

Right at the grocer's hand is a moisture-proof package of Uneeda Biscuit. He hands you the package—you hand him the coin. A trifling transaction?

No! A remarkable one—for you have spent the smallest sum that will buy a package of good food; and the grocer has sold you the most nutritious food made from flour—as clean and crisp and delicious as it was when it came from the oven.

NATIONAL BISCUIT COMPANY

Local News Notes

A heavy rain and hailstorm which swept the country between Mt. Calm and Hubbard City Wednesday night damaged crops to a considerable extent, according to Deputy Sheriff Morgan, who returned yesterday from a trip to Rusk. Mr. Morgan took an attached witness to appear before the grand jury at Rusk. Mr. Morgan said that a strip of country for two miles wide between those two points received a heavy rain and hailstorm and that corn and cotton were practically ruined in the storm area.

Harry White is filling the office of office deputy in the sheriff's department during the absence of Deputy Fred N. Oliver, who is in Galveston on his honeymoon.

Judge George N. Denton is again on the bench in county court, after having been engaged for the past two

weeks with the commissioners court as a board of equalization. Attorney James P. Alexander was special judge of the court during the judge's absence.

TOWN NEAR WIPED OUT.

Business Portion of Charlie Destroyed by Fire.

Wichita Falls, May 23.—The business portion of Charlie, twenty miles north-east of here in Clay county, was wiped out early this morning by fire of unknown origin.

The blaze was discovered at 1:30 a. m. in the Patterson Grocery store. Besides this store, the other buildings burned were W. J. Buffwall's barber shop, B. F. Allison's dry goods store and residence, B. F. Waits' dry goods store and residence and H. Weininger's grocery store. There was no insurance.

Citizens of the place made a desperate fight against the flames with buckets.

INSPECTORS OF PICTURE SHOWS

OFFICIALS OF STATE RATING BOARD MAKE TOUR OF THE MOVIES.

WACO IS IN THIRD CLASS

City Fire Marshal and City Electrician Accompany State Officers. Notations Are Made.

(By Dinahora W. Hume.)

Out of four inspections of as many motion picture shows made yesterday afternoon by State Fire Inspectors E. R. Barrow and A. W. Peninger, accompanied by City Fire Marshal Dan Nicholson and City Electrician E. F. Copley, not a single "movie" house was found free of fire risk, and hazards heavily outweigh safety appliances.

Low on List.

From the data collected, Waco is found barely able to wedge herself into the third class; it is on a par with Austin; a little worse than Temple.

Wiring Faulty.

Wiring of many of the places was a thorn in the side of the fire marshal and the newly appointed city electrician. In several of the places a short circuit is all that is needed to produce what might be a destructive conflagration or panic, ruining not only valuable business property, wrecking delicate and costly machines, but taking heavy toll of life.

Shows Inspected.

In the following order the inspectors probed into the four shows made yesterday:

First House Visited.

Tabulations of the state inspectors—Steps leading from lobby into main building should be an incline or level; but one aisle, when there should be a couple, each starting at a width of 36 inches and widening toward the entrance 3 inches for every 10 feet; but two side exits, and which, even counting main entrance, do not give sufficient exit width, seating capacity considered; one of the exits would be hard to open, and it is approached by three steps, each making three chances for stumbling in a rush to clear the building; several items of unapproved material, especially noted in the wiring fixtures; operators' booth should be entirely reconstructed, according to Inspector Barrow.

Attention to the wiring leading from the rear of an adjoining store into the store was caustically criticized by both Fire Marshal Nicholson and City Electrician E. F. Copley. The flat roofs are not cleared by a margin of seven feet, provided for in the city regulations, according to the electrician. The lines cross indiscriminately and a short circuit is likely at any time.

"The wiring is rotten," the city electrician declared. "There is every chance for danger, and firemen would find it difficult to work at this place." The present occupant of the building is anxious to place the show in safe condition, and would have done so had it been known exactly what was needed.

Second Show Visited.

Tabulations of the state inspectors at the second show visited: Two aisles of regulation width; space between seats good, but rear exits leading onto the stage, and reached by steps, styled as faulty and of little benefit; faulty arrangement of stage fixtures with regard to fire prevention; loft above stage and over picture show cluttered with stuff of combustible nature, and rated as a menace of pronounced kind; construction of operator's booth all right, but too large and foreign substance stored in it; blower of booth so arranged that the fire probably would be blown out over the loft; exit width too narrow for seating capacity; entrance approach good.

Third Inspection.

Tabulation of state inspectors at the third show inspected: Front exits good width; nine exits in all and of fairly good width, seating capacity of the house considered; one door, however, is faultily barred, and might be useless in case of fire; aisle width too narrow; distance between seats satisfactory, but not standard; some fire risk in basement and dressing rooms; operator's booth of city regulation, but short of state regulation.

Don't Throw Your Money Away for something that costs a little and is worth less. Promote home enterprise by spending your money for Waco products. I have as big and fine a stock of Woolens as can be found in the state, and it will pay you to examine it and leave your order now for a Summer Suit or Trousers.

Yours for the next suit
MIKE ADAM, Tailor

reported as safe but defective; trap doors work poorly; general conditions good.

Fourth inspection. Tabulations of state inspectors at the fourth place visited: Seat width and aisle width not determined; four exits, front faulty on account of cluttering posters; exit under stage dangerous on account of steep slope; two rear entrances reached by steep stairs poor; faulty footlights; more exit width needed; part of wiring declared faulty by state and city inspectors. The building will not be allowed to open this morning unless wiring is changed, declared the fire marshal.

Alive to Danger. Both state inspectors were alive to the danger of fire risks, and the necessity for fire preventive apparatus. They probed, and they got under the surface. When the inspection was over for the day they were in possession of a list of complete facts.

Thinks Wiring Poor. "Guess the good Lord takes care of some of these people and their property," remarked Inspector E. R. Barrow, as he mapped on his note book a plan of some of the electrical wiring. "Wonder there has been no accident of some kind here."

Astoria Wants Protection. During the inspection of one of the houses, where vaudeville is combined with motion pictures, and where the actors' dressing rooms are on the second floor, trash-littered and piled with rubbish, Inspector A. W. Peninger drew a long sigh and told a good looking actress engaged in daubing black under her eyes:

"The only reason you have not been burned out because the Lord is with you. Things are pretty badly scattered around here."

"Sure," rejoined the little woman with the blonde hair. "You're on. I wish something would be done. It's fierce." She punctuated her expression by jabbing a long pin through her cap and squinting at the glass.

Are Not Pleased. Nor are the city officers satisfied. The electrical lineup does not suit City Electrician Copley, he says. And Fire Marshal Nicholson declares he is far from pleased.

The former states that he will not only probe into the theatre situation, but see that the street wiring, alley obstruction and like matters receive his attention. He hasn't got quite time to limber up yet, is his only excuse.

Conclude Today. With the conclusion this morning of the inspection of the remaining shows, the state inspectors will make what recommendations they deem necessary to the city department men. They have urged the adoption of an ordinance covering motion picture shows at the state department. The measure is clear, its provisions are not confusing, and its preventive clauses prevent. Copies of this ordinance have been mailed to nearly every fire marshal and chief in Texas, and if it were passed in each town it is pointed out that a universal ordinance would govern the whole state, and thus eliminate many unsafe conditions and ill drafted ordinances in force in some of the municipalities.

Leave for Austin. Following the completion of the inspection, the state fire probes will leave for Austin. Inspector A. W. Peninger was, until April 15, fire marshal for Fort Worth. His record there is still a matter for talk among the profession. And through his efforts Fort Worth is the first city in the state on the safety list.

Inspector Barrow has not been slow in making a record, either. He is ranked as one of the best of the state's exponents. His work has produced results, and he is slated high on the efficiency board.

Woolworth Store Opens. New 5 and 10 Cent Concern Is in Business New In This City.

The competition in the handling of small things at small prices, which is now on throughout the country between the Kress 5 and 10 and 25 cent stores and the P. W. Woolworth 5, 10 and 15 cent stores, has reached Waco, being inaugurated here yesterday by the opening of the Woolworth store for display purposes only, the business of the concern to be started this morning.

Common report has it that Woolworth had the east and Kress the west and that Kress started to invade the Woolworth town, which met with a retaliation by Woolworth in invading the Kress town. Just what the inside history of the business warfare is cannot really be told, but it is a fact that Woolworth is opening stores just as fast as he can move in the goods and get the locations.

The location selected is as near the Kress location as possible. In Waco Woolworth is two doors from Kress, and the Woolworth front matches the well known Kress front of red and gold. Yesterday a large crowd waited from 3:30 o'clock until 3:30 o'clock for the opening of the doors, the announcement having been that at 3:30 the store would be thrown open. Nothing was sold yesterday and last night, but today the sales will start. During the afternoon and last night thousands of people passed through the aisles and looked and fingered and priced and asked questions. Alexander's band played the music and there was a committee of pretty girls handing out ice cream cones, filled with creamy cream, as souvenirs of the opening. District Manager J. E. Hollis and Local Manager C. E. Roache were on hand at the head of a large force of clerks to welcome the visitors.

The opening of this store has been hurried. A week ago there was not a bit of furniture in the house and no goods were opened. The installation of the fixtures and the display of the thousands of articles has been accomplished in a short time.

Chinese Credit Good. Berlin, May 23.—The portion of the Chinese loan issued in Germany was over subscribed five times.

BAYLOR GIRLS SING TONIGHT

Glee Club Will Give Concert in Carroll Chapel This Evening. Thirty-five Voices.

Baylor university will offer the first annual concert of its Girls' Glee club this evening at Carroll chapel.

Director Harry J. Spawell announces that the girls have trained consistently and promise a real treat for the music loving public. The club consists of thirty-five of the best voices in the university and besides the chorus work there will be quartettes and vocal and instrumental solos. Miss Beulah Duncan has consented to join the club for this evening and will sing several numbers. Miss Duncan recently appeared here with the St. Louis Symphony orchestra.

Personal Mention

Misses Lillie and Pearl Gillis will leave this afternoon for Memphis to visit relatives.

MURDER TRIAL POSTPONED.

Hearing of Negro Who Killed Two Sat for June 12.

Port Worth, May 23.—Tom Lee, the slayer of Policemen Ogilvie and Walter Moore and sought by several Port Worth mobs and rioters, was not put on trial this morning, despite announcement of speedy justice. Judge Stevens ruled it would be inhuman to bring the wounded negro to the court house. The trial, accordingly, has been postponed until June 12.

By that time Lee may be dead. Information has developed in the wound in his jaw. His condition is critical.

The county jail, where Lee is confined, was guarded all last night by 200 soldiers, to prevent a repetition of last week's disturbances.

Named on Reserve Banks. Austin, May 23.—The department of insurance and banking today approved the following banks as reserve agents for state banks:

Greenville National Exchange bank of Greenville, for the Exchange State bank of Winnebago.

Central Texas Exchange National Bank of Waco, for the First State bank of Round.

Merchants and Farmers State bank of Waco, for the American National bank of Austin, First National bank of Houston, and the Seaboard National bank of New York, N. Y., for the McDade Guaranty State bank of McAdoo.

Guaranty Writ Refused. Washington, May 23.—The district court of appeals today refused a writ of error which attorneys for Samuel Gompers, John Mitchell and Frank Harrison, the labor leaders, wanted to carry an appeal from their conviction for contempt of court in the Swift, Elvira and Hugo case to the supreme court of the United States. Attorneys for the three men will now ask the highest court to order the decision brought up for review.

Gets Galveston Job. Port Worth, May 23.—W. J. Binyon Jr., head of the Binton transfer company here, has gone to Galveston to become manager of a new company that has won the contract for loading and unloading Southern Pacific ships.

Good Crops at Lockhart. Lockhart, May 23.—Heavy rains in this section have made the corn crop a certainty. Oats are being harvested and the yield is the greatest in many years.

COTTON STILL ACTIVE

PRICES LOSE PART OF GAIN ON ACCOUNT OF THE BEAR PRESURE.

Considerable Disposition to Take the Profits on Long Cotton—Liverpool Pool Sells July.

New York, May 23.—The cotton market showed continued activity today with prices losing part of yesterday's gain under realizing or a renewal of bear pressure. The close was steady, but at a net decline of 5 to 6 points. The opening was steady at an advance of 6 points on May, but generally 1 to 2 points lower, and the active months sold 5 to 7 points under the closing figures of last night during the early trading. Cables were about a point better than day, but the weather map pointed to clearing conditions in the Mississippi valley while there were further showers in eastern sections and there was evidently a considerable disposition to take profits in long cotton following yesterday's sharp advance.

On the other hand there was considerable covering, as well as a considerable demand for new crops from Memphis and New Orleans connections also seemed to be buying.

This support proved sufficient to hold the decline and after the publication of detailed weather reports showing rains during the past 24 hours in the central belt, prices rallied a bit about the closing figures of last night.

Liverpool, however, seemed to be taking considerable July on this advance, which caused the position of the market to change and the market later turned easier, rather a bullish view of the week end figures and the more favorable average of weather and crop reports.

Closing prices were steady by virtue of being within a point or so of the lowest.

The weekly figures showed rather lighter than last week's movement, but spinners' takings were well compared with last year and a shrinkage in the world's supply of cotton was relatively light.

New Orleans, May 23.—The cotton market was moderately depressed today by the profit taking operations of buyers of the earlier part of the week. At times short selling was in evidence based on favorable crop reports, the bulk of offerings came from the New Orleans market.

In the opening the tone was steady at one point down to one point up, compared with yesterday's close. Cables were better than day, but in the eastern belt were regarded as favorable and offset bullish influence.

Main bulls were profit takers as the market opened. Short sellers were cautious because of the temperatures in the belt.

Theat in the early trading prices were pointing over yesterday's close; after a slight rise, the market fell off gradually until in the afternoon it was about the same as yesterday's close. The talk of too much rain in the central belt held the market steady the decline.

The close was steady at a net loss of 5 to 7 points.

FUTURES.

WHEAT TAKES SLUMP STOCKS ARE SLUGGISH AMONG WHOLESALE

RAIN IN KANSAS CLOSES THE MARKET TO CLOSURE HEAVY.

Corn, Oats and Provisions All Show Gain—Firm Buys Million Bushels of Corn.

Chicago, May 23.—Statements that rain within a week or so would correct much crop damage in Kansas served today to lessen bullish enthusiasm regarding wheat. The market closed heavy at prices varying from last night's level to 1/2 below. Other leading staples all showed net gains, corn 1/2 @ 1/4; oats 1/2 @ 1/4; provisions 1/2 @ 1/4.

Latest estimates of the probable wheat yield in Kansas were 110,000,000 to 115,000,000 bushels against 9,000,000 bushels figured out early in the day by one authority.

Warmer weather in the northwest had an effect also on the bear side. Big wheat shipments promised, made wheat longs willing to take profits. This was done largely at the expense of eleventh-hour investors, and the market closed heavy at prices varying from last night's level to 1/2 below. Other leading staples all showed net gains, corn 1/2 @ 1/4; oats 1/2 @ 1/4; provisions 1/2 @ 1/4.

Commission house buying gave provisions an upturn after early weakness, due to a liberal run of hogs.

SPECULATION LACKS VITALITY NECESSARY TO CARRY UPWARD MOVEMENT.

The Beque Belches Another Twelve Inches of Black Water From Prairie Points.

New York, May 23.—Speculation lacked the vitality necessary to carry further yesterday's upward movement of stocks, and the effect of the day's trading on the average of quoted values was negligible.

The list opened fractionally lower, and although there was no pronounced pressure, stocks sagged generally during the fore part of the day. Subsequently, the market moved upward slowly, cancelling the early losses in most cases. There was renewed liquidation in some quarters of the list.

Pennsylvania declined to 10 1/2, the low price for the movement. St. Louis and San Francisco securities continued to decline. The first preferred touched 31 1/2, a decline of nearly 9 points, and the second declined to 30 1/2. The cables reported hesitation in the foreign markets and London sold about 5000 shares here on balance.

Conflicting reports were received as to the effect on sentiment abroad of the flotation of the Chinese loan, and it was assumed that the influence on the investment situation was an indefinite as the New York City bond issue here, the hope for stimulus being imparted in neither case.

The gain in cash by the banks was predicted. Forecasts of the bank statement pointed to a cash gain of \$5,000,000.

Bonds were irregular, with a downward tendency. Total sales, par value, \$1,450,000.

United States 3 1/2 coupon declined 1/4, and the 4 coupon unchanged on call, the latter receding to 114. Later 114 1/2 was bid.

LIVESTOCK.

Fort Worth.

Fort Worth, May 23.—Only 1,500 cattle and 200 calves arrived Friday. Light receipts gave the market a breathing spell, and everything sold right off the reel on a full, steady basis. The trade was featured by the sale of five cars of choice heavy steers from Aledo, consigned by Charles McFarland, at \$8.00 and \$7.75.

On hogs the market was active and steady, best stuff bringing \$17.50 and the bulk clearing at \$15.50 to \$16.50. A supply of 400 sheep and lambs sold on a steady basis. Lambs brought \$8.00 and \$8.25.

St. Louis.

St. Louis, May 23.—Cattle receipts 1,700, including 400 southern, steady; choice to firm steers \$8.50@9.00; good to choice steers \$7.50@8.50; dressers and butcher steers \$7.75@8.50; stockers \$5.25@7.50; Texas steers \$5.25@5.75; cows and heifers \$4.00@7.00.

Hog receipts 10,000, lower; pigs and small \$8.50@9.00; mixed and butchers \$8.50@9.00; good heavy \$8.50@9.00.

Sheep receipts 2,100, steady; wethers \$5.00@7.75; yearlings \$6.25@6.75; lambs \$7.00@7.65.

Kansas City.

Kansas City, May 23.—Cattle receipts 800, including 500 southern, steady; dressers and export steers \$7.75@8.50; southern steers \$7.75@8.50; southern cows \$4.50@7.00.

Hog receipts 4,000, lower; to be lower, bulk \$4.45@5.15; heavy \$4.45@5.15; packers and butchers \$4.45@5.15; lights \$4.45@5.15; pigs \$4.45@5.15.

Sheep receipts 1,000, steady; Colorado lambs \$7.00@8.50; yearlings \$6.50@7.00; wethers \$4.50@6.50.

Chicago.

Chicago, May 23.—Hog receipts 25,000, strong; bulk \$8.50@9.00; light \$8.50@9.00; mixed \$8.50@9.00; heavy \$8.50@9.00; rough \$8.50@9.00; pigs \$8.50@9.00.

Cattle receipts 1,500, steady; beefs \$7.10@8.50; Texas steers \$7.75@8.50; stockers \$5.80@8.00; cows and heifers \$4.50@7.50; calves \$7.25@10.00.

Sheep receipts 5,000, steady; to be higher; native \$4.25@5.00; yearlings \$6.00@8.50; lambs native \$7.75@8.50.

POULTRY, BUTTER AND EGGS.

New York.

New York, May 23.—Eggs unchanged, steady; receipts 39,125 cases.

St. Louis, May 23.—Poultry, chickens 14c; springs 20c; turkeys 16c; ducks 12c; geese 7c.

Butter, creamery 24c@25c.

Eggs 17c.

Cincinnati.

Cincinnati, May 23.—Eggs easy; prime firsts 19c; firsts 16c@18c; seconds 17c.

Poultry steady; springs, light, 20c@25c; heavy 15c@20c; hens 16c; turkeys 14c.

Chicago.

Chicago, May 23.—Butter lower; creamery 24c@25c.

Eggs unchanged; receipts 18,271 cases.

Potatoes higher; receipts 46 cars; Michigan 75c@80c; Minnesota 70c@75c; Wisconsin 70c@80c; new potatoes 1.50@1.75 a bushel.

Poultry lower; chickens and springs, alive 16c.

Kansas City.

Kansas City, May 23.—Butter unchanged.

Eggs, firsts 17c; seconds 13c@14c.

Poultry, hens 13c@14c; roosters 10c; ducks 15c.

Sailed: Steamers Santa Rosa, Br. Progress; Ravn, Nor. Port Barrios via Salinas, St. Ann Creek, Punta Gorda and Lavinia, Atlantic, Nor. Bluefield; Elia, Nor. Port Barrios; St. Laurent, Br. Havre via Havre and Bordeaux; Agnolia, Nor. Puerto Cortes.

FIRST PEACHES AND CAPE JAMINES REACH WACO FROM ATHENS AND DICKINSON.

The Beque Belches Another Twelve Inches of Black Water From Prairie Points.

There was no unusual activity in wholesale circles yesterday; neither was there a market dullness. On the contrary there was a cheerful air among them all.

Conversation was generally on crop conditions and the financial condition of the retail trade throughout the territory.

The crop condition admitted of no criticism save good opinion; the financial condition of the country generally was conceded to be better than usual at this season of the year, which is about the quietest time from a business standpoint.

Sized up from all angles, the outlook is pronounced as good as could be asked for and confidence rules supreme.

A six-foot head rise from the Beque raised the Brazos another twelve inches about 1 o'clock yesterday morning.

This shows good rains in the western portion of the county and up in adjoining counties.

The water is of the black, muddy variety, showing that prairie farmers have been getting theirs.

Corn over the county will now average waist high and has that dark green hue which denotes a healthy growing condition.

Young cotton is simply fine and chopping has already begun.

This week will probably see all small grain cut.

Cox & Co. yesterday received the first new peaches from Athens and the first shipment of cape jamine buds from Dickinson. Neither lasted till they were all gone.

Among the out-of-town merchants visiting the various wholesale concerns of the city yesterday may be mentioned:

Tom Padgett Co.—Mr. Wallace of the Limestone Hardware Co. at Coolidge.

Cooper Grocery Co.—Flay Downs of Temple and L. Mathis of Boqueville.

Waco Drug Co.—Frank Skrabanek of West, L. V. Holbert of Bremont and Dr. J. H. Young of China Springs.

Botan Grocery Co.—T. Pierce of Kirk, T. M. Moore of Rogers and W. S. Webb of Robinsonville.

Hamilton-Turner Grocery Co.—T. Aaronson of Martin, J. A. Webb of Downsville and T. S. Jarrard of Mart.

Brehrens Drug Co.—E. C. Garrett of Erath, W. S. Webb of Robinsonville, Frank Skrabanek of West and W. E. Jackson of Eddy.

Herrick Hardware Co.—J. C. Davis of Biome, W. J. Walker of McClanahan, Joe R. Polasek of West, Walter B. Martin of West and W. Byburn of Biome.

McLendon Hardware Co.—H. F. Meier of Riesel, C. D. Johns of Fowler, D. T. James of Leroy, W. S. Webb of Robinsonville, J. L. Garrison of Elm Mott and W. E. Cooper of Hewitt.

Taylor-Hanna-James Co.—W. S. McKinney of Prairie Hill, J. M. Casey of Leroy, O. L. Fuller of Kirk, T. N. Moody of Prairie Hill, William Davis of China Springs and G. T. Pierce of Kirk.

MONEY MARKET.

Money on Call.

New York, May 23.—Money on call steady 2 1/2 @ 3; ruling rate and closing bid 2 1/2; offered at 2 1/2; time loans regular, 60 days 2 1/2; 90 days 3 1/4 @ 4; six months 4 1/4 @ 4 1/2.

Merchandise Paper.

New York, May 23.—Prime mercantile paper 5 1/2; sterling exchange heavy with actual business in bankers' bills at 4 1/2 for 60 day bills and at 4 1/2 for demand; commercial bills 4 1/2; bar silver 59 1/2; Mexican dollars 45; government bonds weak; railroad bonds irregular.

Bullion Movement.

London, May 23.—Bullion amounting to 35,000 pounds was taken into the Bank of England on balance today.

London Consols.

London, May 23.—Consols for money 74 3/4; consols for account 74 1/2; silver steady, 27 1/2; money 2 1/2 @ 3; count rates, short bills, 2 1/2 @ 3; three months 3 1/2 @ 4 1/2 per cent.

Paris Renten.

Paris, May 23.—Three per cent rentes 85 1/2, 5 1/2 for the account; exchange on London 25 1/2, 21 1/2 for checks; private rate discount 3 1/2.

COTTON SEED PRODUCTS.

New York.

New York, May 23.—Cotton seed oil was fairly active with prices firmer on demand for July from refiners, scattering speculative buying, covering of shorts and local professional support stimulated by the late firming in land. Closing prices were 3 to 4 points higher.

Sales 15,500; prime crude nominal; do summer yellow, \$7.05 bid; May 37.10; June and July 37.11; August 37.20; September 37.21; October 36.32; November 36.51; December 36.41; prime winter yellow 37.15 bid; do summer white 37.45 bid.

Memphis.

Memphis, Tenn., May 23.—Cotton seed products, prime basis oil 6.10; meal 28.00; lint 2 1/2 @ 3 1/2.

Dry Goods.

New York, May 23.—The primary cotton goods market was strong throughout the day and trading was characterized by an active demand for grey goods. The immediate business in all goods was seasonably quiet. Deliveries on fall goods will be late on account of labor troubles. Domestic wools were dull and prices unchanged to a point down.

Sugar.

New York, May 23.—Raw sugar steady; muscovado 27.75@28.00; centrifugal 27.75@28.00; molasses 5.50@5.75; refined quiet; petroleum molasses, hides steady; leather firm.

Coffee.

New York, May 23.—Coffee futures closed steady; sales 36,000; spot quiet; Rio 12, 11 1/2; Santos 14, 13 1/2; mild coffee; Cordova 14@17.

Cocoa.

New York, May 23.—Cocoa futures closed steady; sales 36,000; spot quiet; Rio 12

For Sale—Real Estate.

A PERSONAL LETTER.
Office of
Burleson Real Estate Co.
Room 2, Provident Bldg.
Waco, Tex., May 23, 1913.

Esteemed Friend:
We are glad to say that everything is moving along all right, and that we are getting straightened up in our new office. You can easily find us, being right at the elevator in the basement, the office so long used by Cheatham & Haney and by Dalton.

We want you to call and see us at any time and to talk over new phone 3420. As requested by you, we are giving memorandum of what we think will be in line with what you ask for. Many of the places we give you particulars of can be traded for, and we hope that you will let us give you full particulars and that you will submit any proposition that you have. We have all kinds of good deals, and if none of these interest you, let us send you another list.

(a) Small house and two good lots, nice trees, etc., not far from old T. C. U. \$1800. Or we can give you a 4-room house, and good lot, with \$4000 and terms will be right. The lots are worth the money, and right across the street are bringing it.

(c) Eight-room house, North side, half block from Herring Ave. car for \$3000; non-resident gives us this price for a few days.

(d) \$500 gets good south front lot in block 60, Farwell Heights addition.

(e) Large six-room, well built house, on South Sixth street near Dutton. Will take \$500 cash and \$25 per month. Also have a smaller house right near for \$1600, with small cash payment.

(f) New modern bungalow, south front, near car on Clay street, \$2500. Easy payment and take some trade.

(g) Large Herring Avenue home, place, with 1 1/2 lots, \$2600, will take notes or lots or other trade and give easy terms.

(h) Good six-room house on Bell's Hill, two blocks of car line, \$1900; take \$250 cash, balance to suit.

We have houses and lots all over the city and can give you the price, the terms and the location.

Don't fail to let us hear from you at once. We can sell you what you want and can match up almost any kind of a trade. Yours truly,
BURLESON REAL ESTATE CO.

A REAL BARGAIN on Provident Heights. This is a home that will appeal to anyone who can appreciate value.

Five large rooms, well mantel, bath, connecting with kitchen; summer dining room, 6x12; sleeping porch; house is story-and-a-half plan; space floored upstairs would make three large rooms; wide stairway; house is plastered; high ceilings; large closets; artesian water, gas and sewerage; smoothwooded interior; 21st and Parrott; one block to car; was built for home, but there is good reason now for selling. Can sell house and one lot or house and three lots. Certainly you will overlook the best proposition on the hill if you fail to see this. A price will be made please you. Call for owner at home or phone 265 new or 604 old.

R. A. MCKINNEY, Exclusive,
514 Amicable.

For Sale—Real Estate.

WE advise U—
1—TO BUY WACO PROPERTY.
2—To investigate closely both property and agent offering to sell same. It will cost you nothing to remember and act on this advice. It may cost you heavily to forget it.

Say, Mr. Investor, or Home Seeker, if a proposition is put up to you, and person buying and selling, and some other, haven't you practically lost that profit? If you buy and find out later that there is some serious drawback to the property, which the agent "forgot" to mention, aren't you the loser? Think these things over before you buy.

We solicit your business on a merit basis, and would rather not deal with you than to sell you an "elephant." We give strict attention to anything that will in any way detract from the value of the property offered for sale, and give our clients the full benefit of our knowledge.

"We may both lose if you don't trade with us."

TO FIX ELM STREET

TRACTION COMPANY MUST CONFORM TO GRADE IN EAST WACO.

Contract Provides That Any Part of Surface Disturbed is to Be Replaced.

Acting on the opinion of the city attorney, the city commission will require the Southern Traction company to resurface and otherwise place on city grade any and all part of Elm street, which is disturbed by reason of the laying of tracks on that street. City Attorney Maxwell in a written opinion on the contract submitted yesterday morning to the commission, said the question was one of fact rather than of law, and that if it was found that carrying out orders of the city with reference to the traction company placing the street on city grade, if disturbed by reason of the laying of tracks, this fact must be shown. The commission takes the stand that it can show that the street is disturbed by reason of the placing of tracks of the company on the street, therefore the traction company will be required to fix all parts of the street so disturbed.

The question arose as the result of a franchise granted for the construction of tracks on Elm street. There was opposition to the placing of the car line on this street. Principally the objection was because of the narrowness of the street and because it is the principal thoroughfare in East Waco. At the time the franchise was granted, a contract was signed outlining the provisions under which the franchise would be granted. One of these conditions was that where the street was disturbed the traction company should replace it. The commission also compelled the company to conform to the city grade. Thus the places lowered the tracks below the present pavement, and under the contract the city proposed to compel the traction company to resurface the street where necessary. The traction company construed the contract differently and contended that as they were compelled to follow the city grade they would not be held liable for disturbance to any part of the street, other than that part occupied by their lines.

Commissioner of Streets Foster stated after the reading of the attorney's opinion that he would insist on the traction company doing all work necessary on the street.

SONS OF JOVE INITIATE.

Electrical and Gas Men Have Gay Time at Galveston.

Galveston, May 23.—The annual report of Secretary H. S. Cooper of Dallas featured today's session of the convention of the Southwestern Electrical and Gas association. The report showed the association in the most flourishing condition it has experienced since its organization and a good increase in membership.

This afternoon the members enjoyed a fish fry at the pier on the jetty. This was followed by the annual rejuvenation held by the Sons of Jove at the Scottish Rite cathedral. About 100 members were initiated and the ceremony was preceded by a parade through the business section of the city and followed by a banquet.

PAVEMENT OF SQUARE

CONTRACT IS CLOSED AND WORK WILL BE FINISHED IN NINETY DAYS.

No Reset Curb on Columbus Street. Want James Street to Be Recognized.

Pavement of the city hall square will begin within ten days or two weeks and an effort will be made to complete the work within ninety days. The statement was made by a member of the firm of Ockander Bros., contractors, who are to do the work. The final contract provides for a three years' guarantee on the concrete coat, and a five year guarantee of the pavement. Brick work has been ordered and service pipes for gas and water are being installed.

The city commission passed a resolution that a combined concrete curb and gutter be installed on Columbus street instead of a reset curb. The city will bear a third of the cost and the cost to property owners will be only a little more. The combined curb and gutter is said to be better than any other manner of curb or gutter.

Final estimates of \$2,839.67, to the Texas Bitulithic company for paving on North Twelfth and Thirteenth streets was allowed.

The city attorney was instructed to bring in an ordinance providing for sidewalks on South Eleventh street, between Austin and Franklin; South Fourteenth street, between the same streets, and on Clay street from Second to Fifth street.

The fire marshal was instructed to make some deal with property owners on South Ninth street which will enable the construction of a sidewalk on that street between Cleveland and Dutton streets. At that part on the street private property extends into the street and to construct sidewalks it will be necessary to place them on private property.

John Koler and T. Brooks Pearson came before the commission urging the placing of a culvert at James and Thirteenth street, and the recognition of James as a street. The matter has been up before, and will be looked into by the street commissioner.

Dr. W. B. Morrison and J. C. Latimore, superintendent of schools, appeared before the board and were granted permission for the school board to close the alley in block sixty-five, Farwell Heights addition. This block is owned by the city and a public school building is to be erected upon it.

Attorney S. H. Clayton, who represented the city in a condemnation suit in which property in East Waco was condemned for park purposes, reported that the best he could do was for the city to pay \$400 for the land. The mayor and city secretary were authorized to sign a warrant for that amount in payment.

The Pierce-Fordyce company was granted permission to install a gas-line system and electric sign on Sixth street, at the rear of the Court House Pharmacy.

W. E. Allen was authorized to construct a shed at the rear of Crow Bros. laundry.

To Straighten Columbus. The street commissioner, the city engineer and the city attorney were instructed to take steps to straighten that part of Columbus street between Twenty-second and Twenty-third streets, which is out of line.

The commission accepted a deed from property owners for the opening of Chestnut street in East Waco. The deed calls for a strip of land 50x250 feet.

To Open Fifteenth Street. The deed to a strip of land fifty feet wide from West avenue to Vermont street, to open Fifteenth street, from E. E. Fitzhugh, J. W. Dameron, W. T. Herriek, S. Archibald and M. Archibald was accepted. Mr. Fitzhugh appeared before the commission and said immediately upon the opening of the street, sidewalks and curbs would be put in by property owners.

N. Alexander was authorized to build a stairway at Third and the square.

Edward S. Klein was authorized to build a \$5,000 two story brick building with cement floor at 118 Bridge street.

E. E. Cammack was authorized to construct a three story brick building at Eighth and Franklin streets to cost \$35,000.

The city attorney reported that the city could not make any payment of estimates other than authorized in contract for improvement of street, without invalidating the contract. The opinion was rendered in the case of N. B. Gregory who applied for a mid-month estimate. His contract for sewer work on Mary street called for a monthly estimate payment.

The street commissioner recommended that Parrot street be graveled from Twenty-first to Twenty-fifth streets. Bids will be advertised for to be opened May 30.

PRISON PROBERS AT HARLEM.

Visit Did Not Develop Anything That Was New.

Sugarland, May 23.—The visit of the legislative prison probers to the Harlem farm was prolific of little that was new. Testimony taken there was along lines developed fully elsewhere in connection with crops and management.

Early this morning expectations were that the day would be spent at Richmond, where it is proposed to hear further from citizens who are protesting against concentration of state penal affairs in Fort Bend county. Contentions are that such industries are of no benefit to the county and only serve to retard development.

TO HAVE CONDUCTORS

COMMISSION WILL REQUIRE TWO MEN ON ALL STREET CARS IN CITY.

Dollins Brings Up the Question and Ordinance Will Be Passed. Need New Cars.

That all street cars should have conductors was the opinion of the city commission, following the discussion of the subject yesterday.

Commissioner Dollins raised the question when he said: "Have we an ordinance to require the railway company to have conductors on all its cars?" The question was never definitely answered but the commissioners believed if there was no such ordinance there should be one.

Mayor Mackey said the matter had been taken up with the company and they had promised to have conductors on all cars during the busy time of day. Mr. Dollins said if there were conductors he had failed to see them on some of the lines. It was stated there were conductors on the North Fifth street line, but none on North Ninth of Cotton Palace.

The mayor said: "Most of those cars have seen their day, the company needs new cars. I understand they have ordered eight new cars."

Commissioner Dollins insisted all cars should have conductors.

During the discussion it was stated that when the change is made and the cars stop on North Fifth instead of on Austin street a policeman would be stationed to see that no vehicles stop between Austin and the alley on Fifth.

Commissioner Dollins also said it was his intention to have the police aid the sanitary inspector in keeping trash cans in good condition and in keeping sidewalks clear of obstructions.

He asked regarding an ordinance regulating sweeping the sidewalks and said all places of business should be compelled to sweep in front of their houses on Saturday night that the walk may be clean Sunday.

The police department will be instructed to look after any unsightly objects in front of stores and any unsanitary condition.

CITY CAN SEND THE MAYOR

Attorney Maxwell Holds That Expenses of Any Necessary Delegate May Be Paid.

The city commission can send Mayor James H. Mackey to Baltimore or any delegate to any other city and pay his expenses if the trip is purely in the interest of the city.

In an opinion on the question rendered yesterday by City Attorney Maxwell, it was held: "If it is for the business interests of the city the commission has a legal right to send a delegate to Baltimore or any other place to look after the interests of the city. But any person sent by the city on such enterprise is entitled only to expenses while actually on city business. A matter may be of eminent concern to the commercial interests and property interests of the city and at the same time not be a matter in which the city corporation as such is interested."

The opinion was received and filed, and no action taken on the matter. Following adjournment, however, it was stated that the mayor would probably be sent on the trip.

Commissioner Foster of streets is especially interested in having the mayor make the trip. He said: "The street department and sewer department will recommend that the mayor be sent on the trip. There are many things which need investigation and the mayor can be of much value to the city by making the investigation."

The matter may be taken up at a called meeting or may be allowed to come up at the next regular meeting Tuesday.

PHONE SERVICE AT CITY HALL

Mayor to Investigate Cost of Private Branch Exchange as a Facility.

The city hall may have a "Hello-girl." Mayor James H. Mackey proposed a facility yesterday morning at the commission meeting, and his recommendations met with the approval of the commissioners.

The mayor placed the proposal before the board by saying: "There has been constant complaint because the proper heads of departments at the city hall could not be reached by telephone. There is no one to blame, but it seems to me there should be some system whereby someone should know when the various heads of the departments could be reached and where. I want the authority to investigate the cost of a private branch exchange system and to put in an operator and such a system if the expense is not too great. The business of the city has grown until it is confusing for anyone who calls the city hall to secure the party they desire."

He was given authority to investigate the cost and report back at a future meeting.

The proposal is to have a day-time P. B. X. service, with an operator to get all calls and transmit them to the right department. At night there will be one line direct to police headquarters; also in the day time one phone will connect direct with the police.

WANT WIRES UNDER GROUND

City Attorney to Draw Ordinance Requiring Overhead Construction to Come Down.

All electric light, telephone and other wires within the fire limits of the city will be placed under ground, if an ordinance requiring the same is passed. The city commission yesterday instructed the city attorney to draft and present at the next meeting a law.

Mayor James H. Mackey proposed the system. He said, "I want you gentlemen to request the city attorney to bring in an ordinance to require all wires to be put under ground."

NOW FOR A Warm Weather Suit

HILL COLLEGE IS TO BUILD

Three-story Brick at Eighth and Franklin to Be Erected at Once.

A new home for the Hill Business College will be in course of construction within a few days.

Contract for the erection of a three-story brick building at the corner of Franklin street and 10 feet on Eighth lot and work will begin immediately. The building will face 150 feet on Franklin street and 10 feet on Eighth street. It will be of pressed Texas fibre brick, of an attractive gray color. The lower floors of the building will be for store purposes and the two upper floors will be utilized as a home for the business college.

Contract has been let to E. E. Cammack. Work of raising the building now situated on the lot has begun. The building will be modern in every way. It will have marble stairways and other ornamental features and will be supplied with steam heat. The cost will be between \$25,000 and \$40,000.

estimate that the Texas corn year will amount to 250,000,000 bushels. The record raises average mounds yield, ten of wheat and other grain through the Panhandle. June will complete the estimate and the corn yield.

250,000,000 Corn Crop. Fort Worth, May 23.—Officials of the Texas Grain Dealers' association here
